**Assignment Russia** Marvin Kalb,2021-04-13 A personal journey through some of the darkest moments of the cold war and the early days of television news Marvin Kalb, the award-winning journalist who has written extensively about the world he reported on during his long career, now turns his eye on the young man who became that journalist. Chosen by legendary broadcaster Edward R. Murrow to become one of what came to be known as the Murrow Boys, Kalb in this newest volume of his memoirs takes readers back to his first days as a journalist, and what also were the first days of broadcast news. Kalb captures the excitement of being present at the creation of a whole new way of bringing news immediately to the public. And what news. Cold War tensions were high between Eisenhower's America and Khrushchev's Soviet Union. Kalb is at the center, occupying a unique spot as a student of Russia tasked with explaining Moscow to Washington and the American public. He joins a cast of legendary figures along the way, from Murrow himself to Eric Severeid, Howard K. Smith, Richard Hottelet, Charles Kuralt, and Daniel Schorr among many others. He finds himself assigned as Moscow correspondent of CBS News just as the U2 incident—the downing of a US spy plane over Russian territory—is unfolding. As readers of his first volume, *The Year I Was Peter the Great*, will recall, being the right person, in the right place, at the right time found Kalb face to face with Khrushchev. Assignment Russia sees Kalb once again an eyewitness to history—and a writer and analyst who has helped shape the first draft of that history.

**This Is the Fire** Don Lemon,2021-03-16 In this vital book for these times (Kirkus Reviews), Don Lemon brings his vast audience and experience as a reporter and a Black man to today's most urgent question: How can we end racism in America in our lifetimes? The host of CNN Tonight with Don Lemon is more popular than ever. As America's only Black prime-time anchor, Lemon and his daily monologues on racism and antiracism, on the failures of the Trump administration and of so many of our leaders, and on America's systemic flaws speak for his millions of fans. Now, in an urgent, deeply personal, riveting plea, he shows us all how deep our problems lie, and what we can do to begin to fix them. Beginning with a letter to one of his Black nephews, he proceeds with reporting and reflections on his slave ancestors, his upbringing in the shadows of segregation, and his adult confrontations with politicians, activists, and scholars. In doing so, Lemon offers a searing and poetic ultimatum to America. He visits the slave port where a direct ancestor was shackled and shipped to America. He recalls a slave uprising in Louisiana, just a few miles from his birthplace. And he takes us to the heart of the 2020 protests in New York City. As he writes to his young nephew: We must resist racism every single day. We must resist it with love.

**Good Business** Bill Novelli,2021-02-02 An inspiring and practical look inside the mind of Bill Novelli, one of the founders of social marketing, Good Business challenges all of us to change the world for the better and is a blueprint for tackling today's critical issues. From his humble beginnings selling soap in a sales training program to his rapid rise in the fast-paced New York advertising scene, Bill Novelli was well on his way to becoming a leader in the hypercompetitive business world. But it wasn't long before he became disillusioned with the drive for profits at any cost. He knew that his marketing skills made those companies successful, but what good did that success do for the world? That question sent him on a career path that involved taking the marketing and communication tactics long used by big businesses and applying them to social change. He found that this strategy was not only good for the world but also good for business. In Good Business, Novelli begins with his early career success in Mad Men-era marketing, which left him feeling unfulfilled. He describes the process of changing career trajectory: how he helped reposition the Peace Corps; built Porter Novelli, a global PR agency for social impact; fought the Tobacco Wars; and became CEO of AARP, the largest nonprofit in America. Drawing practical lessons and principles from play-by-play stories of his experiences in large and small organizations, Novelli deploys his characteristic wit to stress the importance of building and maintaining connections with people—and engaging them in the cause. Good Business, which is part behind-the-scenes look at crafting social and health policy, part inspirational guide, proves that you can do well (creating economic and financial success for yourself and your company or organization) by doing good (helping to solve the world's and society's major problems). Throughout the book, Novelli shows that you can make a positive social difference regardless of what business you are in or where you are in your career. Readers will come away with the message that anyone who wants to have a positive impact on the world can do it right now from where they are—or can be inspired by Novelli's story to make the leap to somewhere they can.
