Octagon J. Ellem,2016-08-14 What would you do if you discovered that the world you were born into was a complete lie? There is a veneer to this world we live in. A kind of covering, like a mask. If you start to peel back the layers, you will see things that you may not want to see... In the future there is no war, no famine and no poverty. In the future the zombies didn't come. The apocalypse didn't happen and no virus wiped-out humanity. In the future the world is good. There is order, minimal crime and a content, well-fed society. Or so it seems... But if everything is so good, so perfect, then why does Jon Kobe, a First Year law enforcement graduate feel that something is not quite right with the world that he lives in? When the tortured body of a young girl is discovered in an alleyway, branded with a symbol meaning Hell, Kobe begins to see the frayed-edge of his world and the horrors that lie beneath. Below the surface of an idyllic society, awaits the sadistic truth where human lives are just fodder for the entertainment of the privileged few. For Kobe to survive, he must find the courage to abandon everything that he believes in and become something that he is not. Octagon is a gripping, page-turning sci-fi thriller and a brutal exploration of true human nature. Every future has a price. But are you willing to pay that price?

Octagon Magic Andre Norton,2014-07-01 An orphan girl meets the inhabitants of the mysterious Octagon House—and discovers a portal to America's past—from the Gandalf Grand Master of Fantasy. Lorrie happens upon a strange and fascinating secret! Did a witch live in the eight-sided house? Was it haunted? There were lots of scary stories about the strange house—but none could match the secret Lorrie uncovered. One day, she climbed the high iron gate and escaped into the garden to save a kitten from some cruel boys—and met the mysterious lady of the house. The woman let Lorrie explore all the odd-shaped rooms. In one of them was a rocking horse and a large, eight-sided dollhouse—an exact miniature of the big house. The dollhouse was beautifully furnished—as if someone lived there! It drew Lorrie back into exciting adventures that she had to face with courage and daring!

Power of the Octagon Anthony Johnson,2011-12-21 The sport of mixed martial arts provides its fans and athletes with a unique set of practices, philosophies, and techniques that can generate results and success in any aspect of life. Like the champions of MMA, there are those who excel in the world of business—those who have the ability to break sales quotas, build unstoppable teams, create dynamic businesses, and do so while savoring every minute they are alive. The connection between actions and mentalities of those who generate success is common to many fields, but in the world of MMA, the examples of how to generate results in one's area of endeavor is dynamically visible on multiple levels. Power of the Octagon is a comprehensive guide to enhancing eight critical areas of excellence. These areas include creating one's vision; defining and using psychological drivers for increased motivation; eliminating fear; working with tenacity; maximizing dedication, passion, and focus on success; establishing leadership; dealing with setbacks; and harnessing the winning mind. The goal of Power of the Octagon is to offer dynamic strategies of improvement in these eight areas in order to increase the overall performance of an individual. The skills you learn can contribute to accelerating your performance and helping you generate success in business, academics, military, and life in general. If you're striving to be a warrior of success inside or outside of the cage, Power of the Octagon can help.

Octagon Kristiana Rae Colón,2015-11-04 Some poems are better written in flesh . . . After Wall Street and Tahrir Square, after ISIS and the NSA, after Ferguson and Eric Garner: here come the poets. In a downtown poetry slam with a place on the team to be won, eight young poets prepare to do battle. But backstage it's all kicking off with love triangles, families to feed and wounds to rip open. And in the end, is it about winning – or finding the words that need to be said? Octagon received its world premiere at the Arcola Theatre, London, on 16 September 2015.

Welcome to the Octagon Gerard Brennan,2013-05-09 FIGHT CARD MMA: WELCOME TO THE OCTAGON Belfast 2013 Mickey The Rage Rafferty

has gone through some tough times, but he's not ready to tap-out just yet. The Belfast widower has to take care of his eight-year-old daughter, Lily. However, his main talent is fighting and the only way he can make enough money off it to support his girl is to take dodgy underground matches paying off in bloodstained cash. Mickey's trainer, Eddie Smith, doesn't approve. He wants his most promising student to step into the cage as a real martial artist, not as a fool for thugs and gangsters. With Eddie on the verge of cutting him loose, Mickey is up against the cage – crushed between fast cash and a legitimate career. Mickey has some big decisions to make and some even bigger opponents to face. The MMA life can be harsh, and it's never easy ... Welcome To The Octagon. Praise for WEE ROCKETS “Gerard Brennan stands apart from the Irish crime fiction crowd with a novel rooted in the reality of today's Belfast. The author's prose speaks with a rare authenticity about the pain of growing up in a fractured society, shot through with a black humour that can only come from the streets. Wee Rockets is urban crime fiction for the 21st century, and Brennan is a unique voice among contemporary Irish writers.” – Stuart Neville “In Wee Rockets Gerard Brennan has written a fast paced, exciting story of West Belfast gang culture; brimming with violence, authentic street dialogue and surprising black humour. This is a great debut novel. Brennan takes us into the heart of Belfast's chav underclass, in a story that lies somewhere in the intersection between The Warriors, Colin Bateman and Guy Ritchie. This is the first in what undoubtedly will be a stellar literary career.” – Adrian McKinty Brennan impressed me hugely with his debut novella The Point, and Wee Rockets has cemented my opinion that he belongs among the top rank of Northern Irish crime writers. – Loitering With Intent So assured and mature you'd think this was his eight or ninth book, not one of his first. – Spinetingler Magazine This is a tremendous book and I urge you to read it. – I Meant To Read That
