*A Guide to Latin Elegy and Lyric* Barbara K. Gold, Genevieve Liveley, 2021-07-27 Provides the necessary context to read elegiac and lyric poetry, designed for novice and experienced Classics and Latin students alike. A Guide to Latin Elegy and Lyric explores the language of Latin poetry while helping readers understand the socio-cultural context of the remarkable period of Roman literary history in which the poetry was composed. With an innovative approach to this important area of classical scholarship, the authors treat elegy alongside lyric as they cover topics such as the Hellenistic influences on Augustan poetry, the key figures that shaped the elegiac tradition of Rome, the motifs of *militia amoris* (the warfare of love) and *servitium amoris* ("the slavery of love") in Latin love elegy, and more. Organized into ten chapters, the book begins with an introduction to the literary, political, and social contexts of the Augustan Age. The next six chapters each focus on an individual lyric and elegiac poet—Catullus, Horace, Tibullus, Propertius, Ovid, and Sulpicia—followed by a survey of several lesser-known poets and post-Augustan elegy and lyric. The text concludes with a discussion of major tropes and themes in Latin elegy and lyric, and an overview and analysis of key critical approaches in current scholarship. This volume: Includes full translations alongside the Latin throughout the text to illustrate discussions Analyzes recurring themes and tropes found in Latin poetry such as sexuality and gender, politics and patronage, myth and religion, wealth and poverty, empire, madness, magic, and witchcraft Reviews modern critical approaches to elegiac and lyric poetry including autobiographical realism, psychoanalysis, narratology, reception, and decolonization Includes helpful introductory sections: How to Read a

Latin Elegiac or Lyric Poem and How to Teach a Latin Elegiac and Lyric Poem Provides information about each poet, an in-depth discussion of some of their poetry, and cultural and historical background Features a dedicated chapter on Sulpicia, offering readers an ancient female viewpoint on sex and gender, politics, and patronage Part of the acclaimed Blackwell Guides to Classical Literature series, A Guide to Latin Elegy and Lyric is the perfect text for both introductory and advanced courses in Latin elegy and lyric, accessible for students reading the poetry in translation, as well as for those experienced in Latin with an interest in learning a different approach to the subject.

(2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

**The Great Hawk** Karl F. Hollenbach, 2012-11-01 Taking place between the early 1930's to mid 1940's, The Great Hawk is the compelling story of Jimmy; a young boy who dreams of training a baby hawk for falconry. Speaking directly to young adults through both Jimmy's age along with the naive earnestness with which he approaches the task of training a baby hawk. A rural setting during the Great Depression is ideal for this literal tale. Starting with a picturesque description of the trip

to Jimmy's grandparent's farm the story entices the reader to continue further to discover Jimmy's next stop in his journey. From the building of his falconry perch all the way to the ominous consequences of agreements, Jimmy's journey culminates with an ending that is both haunting, and flavored with a hard-learned lesson. Vivid imagery, and at times rather dark descriptions of Jimmy's experience is that of the innocent exuberance of youth and the near tragic awakening to consequences.

**The Last Hawk** Catherine Asaro,1997 A seasoned fighter pilot and heir to the throne, Kelwin faces untold perils after his disabled spacecraft crashlands on a proscribed world, forcing him to succumb to the women who will keep him prisoner for years, changing him and the future of the galactic empire.

**The Path of the Hawk: Book Two** Ian Graham,2016-02-23 The Hawks are the Pilgrim Church's elite regiment, soldiers entrusted with missions far beyond the scope of the conventional army. Blessed Master Helligraine - one of the Church's highest ranking, most beloved holy men, was abducted one year ago, his corpse found rotting in a river. When evidence emerges that Helligraine is still alive and being held against his will, three Hawks are dispatched to bring him home. But Helligraine's past - and present - is not what it seems, and two nations are drawn into a conflict whose seeds were sown millennia ago.

*Cleopatra's Heir* Gillian Bradshaw,2003-06 Caesar and Cleopatra-together they could have forged an empire the likes of which had never been seen before. Tragically, it was not meant to be ... but what of the son that came of their passion? Bradshaw gives readers an answer in *Cleopatra's Heir*. The power and might of Rome in all her glory meets the splendor of ancient Egypt with the story of Caesarion, the son of Julius Caesar and Cleopatra.

**Augustus** Jonathan Edmondson,2014-03-24 This book presents a selection of the most important scholarship on Augustus and the contribution he made to the development of the Roman state in the early imperial period.

**The Iron Tongue of Midnight (EasyRead Large Bold Edition)** Beverle Graves Myers,2008

*The Hawk's Reemergence* Roberto de Haro,2018-02-22 Can a human spirit transcend time and space? This is the question author Roberto de Haro examines in this thoughtful new fantasy spanning two world wars. World War I pilot Oliver Purdom has so much waiting for him back home in the United Kingdom, but before he can return to his loving wife, his plane is shot down. However, that isn't the end of his story. Decades later, Mexican American airman Vince Hollman enlists with the Royal Air Force. Vince has had a strange childhood. Ever since he was young, he has heard a ghostly voice in his head. He even visited a curandera, a traditional Mexican healer, about the phenomenon. He eventually made peace with this voice, but then a strange event makes him realize there is still much he doesn't know about his own origins. When Vince ships out to the United Kingdom, present life and memories collide. Years ago, Oliver fell in love with the beautiful Abigail, and now Vince finds himself connecting to this very special woman. As the two navigate a unique relationship, Vince's military duty calls him away. Can Oliver's spirit help keep Vince alive as the world faces another catastrophic war?
