Jezioro Cieni Maria Zdybska,2019-04-20 Lirr i Raiden muszą uciekać z Ysborga nie tylko przed gniewem jego władczyni, ale również przed podążającymi ich tropem bezwzględnyimi Łowcami Mocy. Wiedząc, że Maeve nie spocznie, dopóki nie zemści się na nich, dwójka zbiegów postanawia poszukać schronienia na brzegach mitycznego Jeziora Cieni. Odnajdą tam jednak duchy przeszłości, które mogą zmienić wszystko, co dotąd o sobie wiedzieli i wszystko, co kiedykolwiek do siebie czuli. Nadchodzi czas walki z własnymi demonami! Nadchodzi czas próby wśród zwodniczych cieni! Krucze przeznaczenie zaczyna się wypełniać!

Poor Yet Rich Tom Gill, 2013-09-02 Revival services were being held all week in the small country church my family attended. Night after night, at the conclusion of the preacher's sermon, a special hymn was sung by the congregation, while the preacher stood in the front of the church encouraging folks to step out from their pews, and come forward, and acknowledge their salvation. Make it a public confession, like Jesus tells us to do, the preacher shouted. I heard the message and the song night after night, but that was it. Maybe God felt that my young life wasn't ready, so I figured my turn hadn't arrived yet. For three nights straight churchgoers from all over the area showed up to hear the message. I was there too. After delivering another powerful message of redemption and everlasting salvation, another call was once again offered. The singing was loud, yet I could hear clearly a soft voice, almost like a whisper, calling my name. Was this the night? How do you know for certain that the voice was from God? When GOD speaks, you know! The walk from my pew to the front of the church was quick. All the running and exercise playing basketball kept my legs in good condition, so it was a matter of seconds for me to make it where the preacher was standing. All eyes it seemed were on me! Nobody else had received the 'call', or if they had received the call, had refused to accept it. I don't know why people do that, but they do. Just ask any preacher. I didn't know it at the time, but my special angel, or angels, were placed in my path immediately, to give me strength, and lift me up out of the many holes I would dig for myself during my daily struggles in life. For years I thought maybe it was just one angel looking after me, and then the thought occurred to me that just maybe it was more than one hovering around me daily! Little things like the number of angels are not a big concern of mine, so I just leave those decisions up to God without a single worry or doubt.

Triplanetary E. E. Smith, 2023-06-30 Hundreds of millions of years ago, two near-omnipotent alien races encountered each other, beginning a conflict that will shape the history of the entire universe. The benevolent Arisians covertly influence humanity, hoping to create a people capable of one day defeating the vile Eddorians, who are waging their own campaign for the fate of civilization on Earth. This sets the stage for a clash between the Triplanetary League of the inner solar system, the enigmatic pirate-scientist Roger, and the Nevians, interlopers whose first appearance wreaks havoc among the other parties. *Triplanetary* is the first of Edward E. “Doc” Smith’s Lensman series, an early and influential entry in the space opera genre. Originally serialized in *Amazing Stories* in 1934 as a stand-alone story, *Triplanetary* was collected in book form in 1948 with six new chapters and numerous additions, changing the story to be a prequel to the rest of the Lensman series.

Galactic Patrol Edward Elmer Smith, 1964

Computer War Mack Reynolds, 2019-10-24 The odds were right

for victory. The problem with computer warfare is that the computer is always logical while the human enemy is not - or doesn't have to be. And that's what the Betastani enemy were doing—nothing that the Alphaland computers said they would. Those treacherous foemen were avoiding logic and using such unheard-of devices as surprise and sabotage, treason and trickery. They even had Alphaland's Deputy of Information believing Betastani propaganda without even realizing it. Of course he still thought he was being loyal to Alphaland, because he thought that one and one must logically add up to two. And that kind of thinking could make him the biggest traitor of them all.

The Iron Dream Norman Spinrad, 2014-06-30 Norman Spinrad's 1972 alternate history, gives us both a metafictional what-if novel and a cutting satire of one of the 20th century's most evil regimes . . . In 1919, a young Austrian artist by the name of Adolf Hitler immigrated to the United States to become an illustrator for the pulp magazines and, eventually, a Hugo Award-winning SF author. This volume contains his greatest work, *Lord of the Swastika*: an epic post-apocalyptic tale of genetic 'true man' Feric Jagger and his quest to purify the bloodline of humanity by ruthlessly slaughtering races of the genetically impure - a quest Norman Spinrad expertly skewers through ironic imagery and over-the-top rhetoric. Spinrad hoped to expose some unpalatable truths about much of SF and Fantasy literature and its uncomfortable relationship with fascist ideologies - an aim that was not always apparent to neo-fascist readers. In order to make his aims clear to the hard-of-understanding, Spinrad added an imaginary critical analysis by a fictional literary scholar, Homer Whipple, of New York University.

against the enemy's destructive weapons. Kinnison embarks on a perilous mission to Lyrane, a planet ruled by powerful women, suspected of having ties to Boskone. As the battle intensifies, Kinnison discovers a shocking truth about Boskonian's leadership and must lead the Galactic Patrol in a desperate struggle for control over both galaxies.
