Public reaction was positive and so it was put into production as the Opel GT in 1968. The initial model was based on the B-Series Opel Kadett and withdrawn after two years. The larger engined 1900GT was much better, but all cars left the factory with left-hand drive. However, it was never a big seller and was withdrawn from the market altogether in 1973. This is a book of contemporary road and comparison tests, new model introductions, development, buying second hand, technical and specification data, long-term tests. Covers the GT and GT/J.
