Orc Warfare Chris Pramas, 2017-12-15 Despite their constant infighting and backstabbing, orc horde armies remain a dire threat to all races. To them, war is life. Beginning with an examination of the fighting methods of the individual orc warrior, the book expands to look at how they do battle in their small warbands and in vast armies. Using vivid illustrations, it reveals the tactics, strategies, and technology of all the orc troop types, from lightly armed archers and heavily armored shock troops to their wolf cavalry and siege engines. Finally, it explores specific key battles to develop the fullest possible understanding of these loathsome, terrifying creatures and the ways in which they wage war.
