Leaves of Flame Joshua Palmatier, 2015-02-10 One hundred years have passed since Colin Harten--transformed to something more than human by the magic of the lifeblood contained in the Well of Sorrows--used his new powers to broker a peace agreement between the human, dwarven, and Alvrithshai races of Wrath Suvane. Since then all three races have greatly expanded their empires. And Colin has continuously sought ways to defeat the dark spirits known as the sukrael--and the Wraiths they have created to act for them in the physical world. Yet Colin has not been able to prevent the dark spirits from reawakening more and more Wells, thus extending their power across the lands. Having mastered three of the five magics of Wrath Suvane, Colin has gifted each race with a magical Tree to protect them from incursions of the dark forces. He has also realized that unless a certain number of the Wells are left open, their magic can never be stabilized, and the land will be torn apart by this uncontrolled force. But now the enemy has located the one Well that is key to controlling the entire network, and if Colin can't find a means to stop them from claiming and activating this Well, it could mean the end of all three races! At the publisher's request, this title is sold without DRM (Digital Rights Management).

Leaves of Flame Benjamin Tate, 2012-01-03 Colin has become a master of three of the five magics, and has gifted the human, Dwarven, and Alvrithshai races with magical protective Trees. But the power of the dark spirits is spreading despite this. Can Colin unite the races against this menace and prevent their enemy from complete control of the land's magic?

The Candle and the Flame Nafiza Azad, 2019-05-14 Azad's debut YA fantasy is set in a city along the Silk Road that is a refuge for those of all faiths, where a young woman is threatened by the war between two clans of powerful djinn. Fatima lives in the city of Noor, a thriving stop along the Silk Road. There the music of myriad languages fills the air, and people of all faiths weave their lives together. However, the city bears scars of its recent past, when the chaotic tribe of Shayateen djinn slaughtered its entire population -- except for Fatima and two other humans. Now ruled by a new maharajah, Noor is protected from the Shayateen by the Ifrit, djinn of order and reason, and by their commander, Zulfikar. But when one of the most potent of the Ifrit dies, Fatima is changed in ways she cannot fathom, ways that scare even those who love her. Oud in hand, Fatima is drawn into the intrigues of the maharajah and his sister, the affairs of Zulfikar and the djinn, and the dangers of a magical battlefield. In this William C. Morris YA Debut Award finalist novel, Nafiza Azad weaves an immersive tale of magic and the importance of names; fiercely independent women; and, perhaps most importantly, the work for harmony within a city of a thousand cultures and cadences.
