

Studio 54 Ian Schrager,2017-09-05 There has never been—and will never be—another nightclub to rival the sheer glamour, energy, and wild creativity that was Studio 54. Now, in the first official book on the legendary club, co-owner Ian Schrager presents a spectacular volume brimming with star-studded photographs and personal stories from the greatest party of all time. From the moment it opened in 1977, Studio 54 celebrated spectacle and promised a never-ending parade of anything goes. Although it existed for only three years, it served as a catalyst that brought together some of the most famous and creative people in the world. It quickly became known for its celebrity guest list and uniquely chic clientele. From the cutting-edge lighting displays to its elaborate sets, it was the beginning of nightclub as performance art. Now, Studio 54 explores this cultural zeitgeist and gives us Schrager's personal firsthand account of what it was like to create and run the most famous nightclub of our age. With hundreds of photographs, many of which have never been seen before, of the celebrities and beautiful people and engaging stories and quotes from such cultural luminaries as Liza Minelli, David Geffen, Brooke Shields, Pat Cleveland, and Diane von Furstenberg, this exciting volume depicts the wild energy and glittering creativity of the era. One of the most important cultural landmarks of the twentieth century, Studio 54 continues to inspire with its legendary glamour. This exhilarating volume is a must-have for style and fashion aficionados today.

Walker Bulldog vs T-54 Chris McNab,2019-06-27 During the Vietnam War, both the United States and the Soviet Union supplied all manner of weapon systems to the opposing sides, including tanks and armoured vehicles. Two tanks in particular took momentary prominence in the later years of the conflict. On the South Vietnamese side, it was the US M41 Walker Bulldog; for the communist North Vietnamese, the Soviet-supplied T-54 main battle tank was the core of their armoured power. In their first major engagement, during Operation Lam Son 719 (February–March 1971), it was the Walker Bulldog in the ascendant, but in later battles the T-54s inflicted heavy losses on their lighter opponents, taking the advantage through their superior manoeuvrability and gunnery. Illustrated with full-colour artwork as well as rare and revealing photographs from both sides, this book studies these two iconic tanks in Vietnamese service, examining how their differing designs and fighting doctrines affected their performance in this unique theatre of combat.

T-54/55 Anthony Tucker-Jones,2017-10-30 The Soviet T-54/55 is probably the best-known tank of the Cold War, and it was produced in greater numbers than any other tank in history. It first went into service just after the Second World War and over 70,000 were made, and its design was so successful that it even outlasted its successor the T-62. For a generation it formed the backbone of the armored forces of the Warsaw Pact and it was exported all over the world, remaining in the front-line until the 1990s. This photographic history in the Images of War series by Anthony Tucker-Jones is the ideal introduction to it. In over 150 archive photographs and a detailed analytical text, he traces the design and development of the T-54/55 and records its operational history. He describes how it was conceived as a main battle tank, an all-rounder, contrasting with the light, medium and heavy tanks produced in the past, and it proved to be extraordinarily effective. It was as adaptable as it was long-lasting, different versions being produced by China, Czechoslovakia, Poland and Romania. Its relatively simple design also meant it was easy to maintain even in difficult conditions and it was used by armies across the Third World, in particular in wars in Angola, Ethiopia, Mozambique and Somalia. Anthony Tucker-Jones's history of this remarkable armored vehicle will be absorbing reading for tank enthusiasts and a valuable source for modelers.
