

Orpi Maroc

Pierre Loti, Michel Desbruères

Africa Overland Siân Pritchard-Jones, Bob Gibbons, 2009 'Be vigilant when driving through Africa: camels are careless when crossing the road and women carrying waterpots are little more watchful' warn the authors of this fifth edition of Africa Overland. They also give updated information on each country's political and security situation (Angola, Sierra Leone and Liberia are on the up; since this guide's last edition, security in Western Sudan and Eastern Chad has turned sour); provide an expanded Route Outlines section including information on border crossings; and offer revised recommendations on vehicles including practical coverage on buying a vehicle, maintenance and driving.

Mountains Forgotten by God Brick Oussaïd, 1989 This is a very good description of the hard life that many Moroccan Berbers STILL endure today. The author does a superb job of accurately portraying the widening gap between the rich and poor in Morocco, and the frustrations that the impoverished must face each and every day of their existence.
