Paper Dog John Kubisz,2021-06-25 Paper is a scout dog with the 101st Airborne Screaming Eagles. Gravely wounded in a Viet Cong ambush, his leg has been badly shattered by a high caliber bullet. After being carried for 48 hours before receiving treatment, his wound is now badly infected. But Paper is a very special scout dog who has saved countless lives...Everyone has

given upon Paper, except for his handler, Tom Hewitt. Then Tom finds Dr. John Kubisz of the 764th Medical Detachment. Doc Kubisz agrees to see if there's anything he can do. If Paper's leg cannot be saved, he will be euthanized. Even if it can be saved, unless he regains its full strength, he will still be euthanized...And if Paper recovers, he and Tom will be sent back to the front line... An estimated 3,800 dogs were deployed as scouts by the United States Army during the Vietnam War. Paper Dog is the amazing story of one of those dogs, and the incredible bond he develops with two very remarkable men; his handler and best friend Tom Hewitt, and Army veterinarian, Dr. John Kubisz. Together with his exceptional team of medical misfits at the 764th Medical Detachment known as the Dirty Half Dozen, Dr. Kubisz goes to extraordinary lengths, not just to save Paper's life, but to rebuild his bullet-shattered leg - just so that he and Hewitt can return to the front line. Paper Dog is an emotional journey, of courage and devotion, human and canine, laced with more than a little caustic humor and disdain for the military hierarchy. John Kubisz clearly has much in common with Hawkeye Pierce of M*A*S*H - his veterinary skills matched only by his sense of humor and his ability to avoid disciplinary action from his superiors!

Dogs in Origami Nick Robinson, 2019-05-15 No two dogs are the same, and this winsome collection of canine origami models offers a fun-filled variety of pooches, each with a distinctive personality. Twenty original designs include such familiar breeds as a hound, a bulldog, and an Alsatian as well as plenty of lovable mutts. Along with step-by-step directions, easy-to-follow diagrams, and links to video

tutorials, each model features a full-color image of the finished dog. Projects are rated according to difficulty by means of a one-to-five paw rating, and a brief introductory chapter explains folding techniques and suggestions for how to choose the most appropriate origami paper. In addition to your own pack of playful pups, you can create charming handmade gifts for friends and family.

How to Make Tiny Paper Mache Dogs Jonni Good, 2014-05 The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is finished, the author shows you how to make the two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting

textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at UltimatePaperMache.com.
