Boyhood ,2014-11-01 In 2002, director Richard Linklater and a crew began filming the "Untitled 12-Year Project." He cast four actors (Patricia Arquette, Ethan Hawke, Ellar Coltrane, and Lorelei Linklater) in the role of a family and filmed them each year over the next dozen years. Supported by IFC Productions, Linklater, cast, and crew began the commitment of a lifetime that became the film, Boyhood. Seen through the eyes of a young boy in Texas, Boyhood unfolds as the characters—and actors—age and evolve, the boy growing from a soft-faced child into a young man on the brink of his adult life, finding himself as an artist. Photographer Matt Lankes captured the progression of the film and the actors through the lens of a 4x5 camera, creating a series of arresting portraits and behind-the-scenes photographs. His work documents Linklater's unprecedented narrative that used the real-life passage of years as a key element to the storytelling. Just as Boyhood the film calls forth memories of childhood and lures one into a place of self-reflection, Boyhood: Twelve Years on Film

presents an honest collection of faces, placed side-by-side, that chronicles the passage of time as the camera connects with the cast and crew on an intimate level. Revealing, personal recollections by the actors and filmmakers accompany the photographs.

Otherhood William Sutcliffe,2019-07-09 In this witty novel--originally published as *Whatever Makes You Happy*--that inspired Netflix's major motion picture *Otherhood*, three mothers try to save their grown sons from themselves. Gillian, Helen, and Carol are three suburban mothers who have known each other since their respective sons were babies, and have met in a regular coffee group for years. These days, their sons are a bunch of thirty-four-year-old slackers: they have no wives and no children, never call, and seem unlikely to outgrow their post-adolescent lifestyles anytime soon. After yet another fruitless Mother's Day, Carol has an outlandish but irresistible idea: each woman will go drop in on her son for an unexpected weeklong visit and find out what's really keeping him from responsible adult life. Together, and with mixed success, the mothers set out to whip their sons into shape. Laugh-out-loud funny and remarkably insightful about family life, *Otherhood* will appeal to parents who yearn for a closer relationship with their adult children, and for the younger generation who seem to want the opposite, but will never quite relinquish the hope that their parents will swoop in and make everything better.

Interpreting Intersectionality Amund Rake Hoffart,2023-12-01 Against the backdrop of the emergence of intersectionality as a dominant paradigm in feminist scholarship and activism, this book explores the genre of metacommentaries as critical responses to the development of intersectionality as a paradigm. With attention to the dispersal of intersectionality into ever-newer contexts - and the missteps and breakdowns that occur during this process - it addresses the concern that intersectionality is transforming into something unrecognisable, drifting too far away from its foundational sources and visions and becoming diluted by its expansion. Examining the process by which metacommentaries engage in a form of corrective storytelling - seeking to rescue intersectionality from misuse by pinning it down and returning it to where it belongs - *Interpreting Intersectionality* presents a critique of these gestures of correction, arguing that, far from reconnecting intersectionality with its roots and enabling it to realise its potential, such metacommentaries actually bind the scholarly discourse on intersectionality to an either/or argumentative dynamic. It will therefore appeal to scholars and students with an interest in feminist theory, gender studies and/or intersectional analysis.

Just Like Us Caitlin E. Lawson,2022-12-09 In Just Like Us: Digital Debates on Feminism and Fame, Caitlin E. Lawson examines the rise of celebrity feminism, its intersections with digital culture, and its complicated relationships with race, sexuality, capitalism, and misogyny. Through in-depth analyses of debates across social media and news platforms, Lawson maps the processes by which celebrity culture, digital platforms, and feminism transform one another. As she analyzes celebrity-centered stories ranging from "The Fappening" and the digital attack on actress Leslie Jones to stars' activism in response to #MeToo, Lawson demonstrates how celebrity culture functions as a hypervisible space in which networked publics confront white feminism, assert the value of productive anger in feminist politics, and seek remedies for women's vulnerabilities in digital spaces and beyond. Just Like Us asserts that, together, celebrity culture and digital platforms form a crucial discursive arena where postfeminist logics are unsettled, opening up more public, collective modes of holding individuals and groups accountable for their actions.

Feminist Film Theory and Cl  o from 5 to 7 Hilary Neroni,2016-01-28 The Film Theory in Practice series fills a gaping hole in the world of film theory. By marrying the explanation of a film theory with the interpretation of a film, the volumes provide discrete examples of how film theory can serve as the basis for textual analysis. Feminist Film Theory and Cl  o from 5 to 7 offers a concise introduction to feminist film theory in jargon-free language and shows how this theory can be deployed to interpret Agnes Varda's critically acclaimed 1962 film Cl  o from 5 to 7. Hilary Neroni employs the methodology of looking for a feminist alternative among female-oriented films. Through three key concepts-identification, framing the woman's body, and the female auteur-Neroni

lays bare the debates and approaches within the vibrant history of feminist film theory, providing a point of entry to feminist film theory from its inception to today. Picking up one of the currents in feminist film theory - that of looking for feminist alternatives among female-oriented films - Neroni traces feminist responses to the contradictions inherent in most representations of women in film, and she details how their responses have intervened in changing what we see on the screen.

Consuming Agency and Desire in Romance Jenni M. Simon, 2017-11-15 This book challenges stereotypes about the romance genre, examining how modern romance production serves women in multiple ways, from escapism to sexual education, from fantasy to fun, and most importantly, as a site of production for feminist texts.

Boyhood Timothy Shary, 2017-10-19 This book traces the development of Richard Linklater's *Boyhood* from its audacious concept through its tenacious production to its celebrated reception, placing it within the context of cinematic parables about children to demonstrate its distinctive vision. Timothy Shary, author of numerous studies on the history of teen cinema, evaluates the film's many messages about youth and adolescence within the context of early twenty-first century American culture, illuminating how Linklater's singular vision of the otherwise ordinary life of a boy reveals potent universal truths about all people.

Casting Might-Have-Beens Eila Mell, 2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined. Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather*? Imagine Tom Hanks rejecting Uma Thurman, saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities*. Picture Danny Thomas as *The Godfather*, or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From *About Last Night* (which John Belushi turned down at his brother's urging) to *Zulu* (in which Michael Caine was not cast because he didn't look "Cockney" enough), this book lets you imagine how different your favorite films could have been.
