Runner's High Cheryl Ritzel,2005-07 Nikki Sills plunges to her death from an Atlanta skyrise during the Peachtree Road Race. Was she pushed? Did she fall? Did she jump? Insurance investigator, Paul Grey, discovers her husband, Mark Sills, isn't the hardworking, loving husband he made himself out to be and he's poised to claim \$2 million in life insurance. He was neck deep in money laundering, gambling, and loan sharking. Could he have killed her for the money? Or did one of Mark's dangerous friends send him a message by tossing his wife over the railing? As more dead bodies pile up, it becomes clear Paul must find the answers to these questions and soon. But, the deeper he digs the more likely it is he's digging his own grave.

Beginner's Luck Cheryl Ritzel,2003-04 In his debut mystery, amateur sleuth Paul Grey, finds himself and his family at risk unless he can find the double-murderer that killed his father-in-law and a local art dealer. From the Mouths of Babes Paul Grey,2001 WARNING! Based solely on what one person says to the police, you or anyone you love could be arrested for child sexual abuse. This startling book reveals how you could be treated - or mistreated - by police, the legal system and the media. A candid narrative intended to help others who might be accused understand and cope with a terrifying and overwhelming situation.

The Book of Grey Paul McLaughlin,2003 Douglas Grey has written a gospel, or revelation, concerning his friends and their relation to all that is, was and will be. He was moved to write this down in the mid-nineties after the death of one of his friends. He was never moved to do anything with it. The manuscript is short and will not take much time to read. It is left to the reader to decide if publishing it was worth the effort.

The Lion's Game Nelson DeMille,2000-09-01 Detective John Corey, last seen in Plum Island, now faces his toughest assignment yet: the pursuit and capture of the world's most dangerous terrorist -- a young Arab known as The Lion who has baffled a federal task force and shows no sign of stopping in his quest for revenge against the American pilots who bombed Libya and killed his family. Filled with unrelenting suspense and surprising plot twists at every terrifying turn, The Lion's Game is a heartstopping race against time and one of Nelson DeMille's most riveting thrillers.

Change My Mind Elley Arden,2013-09-09 Nothing is going to stop Nel Parker from raising her fledgling real estate agency to the top of the heap. When she returns two dogs to a million-dollar mansion with a dumpster in the driveway, she thinks the house is her lucky break. But the owner turns out to be a moody professional baseball player with a complicated agenda of his own, leaving Nel to fear her plans for real estate domination are doomed. Centerfielder Grey Kemmons is spending the off-season renovating the house he inherited from his father. It's a miserable job, but he's doing it anyway - because somebody has to pay back the money his father stole. When a spitfire of a woman in a surprisingly attractive package shows up wanting to list the house, he agrees to pacify her with a tour, never expecting the mutually beneficial business relationship that ensues. As weeks go by, business turns to pleasure with Nel and Grey believing the temporary nature of their time together will protect their hearts. Too bad nothing can protect them or prepare them for love. Sensuality Level: Sensual

The Ego and Analysis of Defense Paul Gray,1994 The Ego and Analysis of Defense, by Paul Gray, without a doubt represents a major advance in analytic technique. How therapists listen and what they do with what they hear must be the primary issues that any technical approach addresses. Paul Gray shows how technique has, until now, lagged far behind theory in addressing these and other important questions. This book is essential reading for every practicing clinician.

American and British Soft Power in Iran, 1953-1960 Darius Wainwright,2021-12-08 This book offers a distinctive approach to understanding Anglo-American relations with Iran in the early Cold War. It establishes how the United Kingdom and United States used soft power between 1953 and 1960 to combat communism and promote their respective ways of life in Iran. It identifies their motives, the types of initiatives employed, and the extent to which they perceived their policies to be a success. It is a historical case study through which wider conclusions regarding UK and US foreign policy can be drawn. As well as illustrating the competitive tensions within the Anglo-American 'special relationship', it highlights the role of individuals in the making and shaping of diplomatic endeavours. More broadly, the analysis of UK and US interactions in Iran through the prism of soft power underlines that there was more to both countries' Cold War foreign policies than the containment of communism.

Too Far Gone Allison Brennan,2018-10-30 When a man who appears mentally unstable holds a group of people hostage and dies in a shootout with the FBI, Special Agent Lucy Kincaid is assigned to investigate what happened. Up until two months ago, McMahon was a respected scientist—then his wife left him, he lost his job, and was arrested for assaulting a former colleague. The one person who might have answers — his research assistant — has disappeared. While Lucy is investigating this bizarre case, her husband Sean is on top of the world: his son Jesse is visiting for the summer. They are having a blast, until someone follows them. Sean is positive that the surveillance is connected to Jesse’s step-father—a man who had once laundered money for a violent drug cartel. But when Lucy and Jesse are run off the road, they begin to wonder if the attack is connected to Jesse ... or Lucy’s current case. Nothing is what it seems—not the McMahon investigation or the car accident. As Sean and Lucy dig deep into the lives of everyone involved, one thing becomes clear: If they don’t find the truth fast, everyone they care about is in danger.
