Pbr: Sea Daddy Steve Mungie, 2011-07-30 PBR: SEA DADDY is the second in a series of three (possibly four) novels, which revolve around the PB R boats of Vietnam. During the Vietnam war, the Navy created a special river patrol unit using 31 foot long modified "pleasure craft", design top float in the narrow waterways of the Mekong Delta. The men who participated in this special program . . . well, this is their story! Or, at least one of many! SEA DADDY . . . is a name which many sailors used (very derogatory) in reference to their first line supervisors The one thing that all service members looked forward to, was the "Freedom B ird", the flight on which they would leave Vietnam and return home! What if . . . what if, the "Freedom B ird" never made it home? What of somehow, for some unknown reason, it crashed? How would the survivors make it home? The author Steve Mungie is a retired disabled combat veteran, who served in the PB R units of Vietnam, in 1968 and 1969. Though disabled, he has kept abreast

of goings-on, in the military, assisting many fellow veterans with their military related problems. He spends his time writing novels and other related stories, as the urge hits.”

Black Cowboys of Rodeo Keith Ryan Cartwright,2021-11 They ride horses, rope calves, buck broncos, ride and fight bulls, and even wrestle steers. They are Black cowboys, and the legacies of their pursuits intersect with those of America's struggle for racial equality, human rights, and social justice. Keith Ryan Cartwright brings to life the stories of such pioneers as Cleo Hearn, the first Black cowboy to professionally rope in the Rodeo Cowboy Association; Myrtis Dightman, who became known as the Jackie Robinson of Rodeo after being the first Black cowboy to qualify for the National Finals Rodeo; and Tex Williams, the first Black cowboy to become a state high school rodeo champion in Texas. *Black Cowboys of Rodeo* is a collection of one hundred years of stories, told by these revolutionary Black pioneers themselves and set against the backdrop of Reconstruction, Jim Crow, segregation, the civil rights movement, and eventually the integration of a racially divided country.

PBR THEORY & BLENDER Andrea Coppola,

Brothers in the Mekong Delta Godfrey Garner,2020-03-27 Following the Tet Offensive, a shift in U.S. naval strategy in 1967-1968 saw young men fresh out of high school policing the canals and tributaries of South Vietnam aboard PBRs (patrol boat, riverine)--unarmored yet heavily armed and highly maneuverable vessels designed to operate in shallow, weedy waterways. This memoir recounts the experiences of the author and his shipmates as they cruised the Viet Cong-occupied backwaters of the Mekong Delta, and their emotional metamorphosis as wartime events shaped the men they would be for the remainder of their lives.

U.S. Navy Patrol Vessels Ken W. Sayers,2021-08-23 During the past century, U.S. Navy patrol vessels have operated everywhere larger warships have--as well as in places where the big boats could not operate. These bantam warriors have performed in a variety of roles, from antisubmarine warfare to convoy escort and offensive operations against enemy forces afloat and ashore. Patrol vessels battled German units in the Mediterranean, fought insurgents along rivers and canals in China and Vietnam and protected U.S. ships and facilities in the Persian Gulf. Covering more than 1000 of the Navy's small combatants, this comprehensive survey provides all-time rosters, histories, specifications and illustrations of patrol vessels from before World War I to the present. World War II PT boats and submarine chasers and Vietnam War swift boats are covered, along with less well known ships such as Eagle boats, patrol yachts, hydrofoil gunboats and control escorts. A detailed accounting of patrol vessel exports, transfers and shipbuilders is included.

War in the Shallows John Darrell Sherwood,2015 War in the Shallows, published in 2015 by the Naval History and Heritage Command, is the authoritative account of the U.S. Navy's hard-fought battle along Vietnam's rivers and coastline from 1965-1968. At the height of the U.S. Navy's involvement in the Vietnam War, the Navy's coastal and riverine forces included more than 30,000 Sailors and over 350 patrol vessels ranging in size from riverboats to destroyers. These forces developed the most extensive maritime blockade in modern naval history and fought pitched battles against Viet Cong units in the Mekong Delta and elsewhere. War in the Shallows explores the operations of the Navy's three inshore task forces from 1965 to 1968. It also delves into other themes such as basing, technology, tactics, and command and control. Finally, using oral history interviews, it reconstructs deckplate life in South Vietnam, focusing in particular on combat waged by ordinary Sailors. Vietnam was the bloodiest war in recent naval history and War in the Shallows strives above all else to provide insight into the men who fought it and honor their service and sacrifice. Illustrated throughout with photographs and maps. Author John Darrell Sherwood has served as a historian with the Naval History and Heritage Command (NHHC) since 1997. -- Provided by publisher.
