The Mermaid's Pendant LeAnn Neal Reilly,2010-04-04 Inspired by the beloved classic The Little Mermaid, The Mermaid's Pendant is a modern fairy tale about growing up and discovering who you are—and what you believe in. At times lyrical, this novel is a fantastic journey filled with magic, myth, romance, and adventure. Four years after John Wilkerson claims the mermaid Tamarind for his wife, they have an idyllic marriage that depends on a talisman that she crafted on their island paradise. But Tamarind learns a painful truth: it takes more than legs to live on land and more than magic to sustain a bond. When the talisman breaks, she and John are forced to rely on themselves instead of magic. Three wise women play key roles in the young lovers' journey to mature love. Ana, Tamarind's aging mentor, casts spells and performs seductions to keep the lovers apart. Valerie, an expat jewelry maker cum fairy godmother, works her own magic to bring them together. Lucy, their widowed neighbor, grounds the couple in the realities of marriage, parenting, and family

Antebellum American Pendant Paintings Wendy N. E. Ikemoto,2017-07-06 Antebellum American Pendant Paintings: New Ways of Looking marks the first sustained study of pendant paintings: discrete images designed as a pair. It opens with a broad overview that anchors the form in the medieval diptych, religious history, and aesthetic theory and explores its cultural and historical resonance in the 19th-century United States. Three case studies examine how antebellum American artists used the pendant format in ways revelatory of their historical moment and the aesthetic and cultural developments in which they partook. The case studies on John Quidor's Rip Van Winkle and His Companions at the Inn Door of Nicholas Vedder (1839) and The Return of Rip Van Winkle (1849) and Thomas Cole's Departure and Return (1837) shed new light on canonical antebellum American artists and their practices. The chapter on Titian Ramsay Peale's Kilauea by Day and Kilauea by Night (1842) presents new material that pushes the geographical boundaries of American art studies toward the Pacific Rim. The book contributes to American art history the study of a characteristic but as yet overlooked format and models for the discipline a new and productive framework of analysis focused on the fundamental yet complex way images work back and forth with one another.

Pendant Numbers of the Royal Navy Ben Warlow,Steve Bush,2021-07-31 Pendant (or pennant) numbers have been used by individual ships of the Royal Navy for purposes of identification for more than 100 years. They were also used in all the navies of the British Empire so that ships could be easily transferred from one navy to another without changing her number. They offer the simplest and clearest way to identify a ship, but until now there has been little in the way of consistent and accurate information, and certainly no single location where you can look up or research complete pendant numbers. The book is designed as an easy-to-use reference work and as such is, in the main, composed of alpha-numeric listings to enable the user to find and identify warships by reference to ship name and to identify specific pendant numbers assigned to that name; or by pendant number to identify specific vessels assigned that number at various times. It begins with an introduction and a brief history of visual signalling used by the Royal Navy before industrialisation, and explains how the large numbers of identical ships being built brought about the need to identify specific ships within fleets to aid signalling and tactical deployment. There follow chapters covering the pendant numbers of the surface fleet and submarines (which stopped using them once boats began to spend so little time on the surface), and then pedant numbers by ship name. A significant chapter lists the pendant numbers assigned to the British Pacific Fleet during the Pacific campaign of WWII together with an explanation of why numbers were assigned, and an examination of missing 'A' series pendants known to have been carried by some vessels during the conflict. The BPF numbers have only recently come to light and there is still much that is not known but this section provides the most comprehensive study of available data at this time. There is also an appendix covering deck letters assigned to aviation capable ships. This is a genuinely new and significant reference book and is destined to become a major new aid for Royal Navy warship and auxiliary identification.

The Butterfly Pendant Ashley Catherine Howie,2012-07-01 Andala's life on Elayia had begun to take flight those first few weeks after arriving. Her disappearance from Earth had become a fading memory. Nearly every day after her arrival, she followed a strict training routine in order to release her inner elf. Several months had passed and Andala was well on her way to becoming a sharp shooter with her recurve bow and a deadly hand with her sword. Andala had also adapted more into her role as an elf, transforming from her prior human self. Over the months, Andala grows closer to several elves, especially Adalia and Krath. Every morning since the first day of her arrival, Krath made sure that she had fresh blooming flowers in her room to greet her in the morning. As she adjusted to the new traditions and the way of the elves they both eased her anxiety, slowly filling the void she had missed on Earth. All the training for Andala supported the hope that one day she would save the land of Elayia from the dreadful vampires, causing misery upon the land. As the eve the of war draws closer, she welcomes the aid of other elves, men, dwarves, darthans, fairies and the other races in Elayia and embraces becoming the princess she was destined to be.

Cord and the Diamond Pendant Dharamraj,2014-10-29 The time frame extends from the early nineteenth century to the early years of the twenty-first century. The novel deals with the themes of love and hate. The early protagonists are Jonathan and Shanti, Bridgerajh and a young British girl, and Meghi, a girl forced into prostitution. In a new land, they strive to lead a meaningful life. The enemies are descendants of thuggees and a medley of Satanists. The vendetta haunts each generation. In the second generation, we meet Ramanand and his brothers struggling to define a new life of personal choice. They struggle against injustice and oppression, which affects their love for family. Their lives are uprooted by the rapacity of the apartheid regime's legally creating a tragic Indian Diaspora within South Africa. The descendants of the thuggees have embraced organised crime. In the third generation are couples like Andries and Joyce; Vishaal and Sabita; Jayesh, who is tangled with Janice, Sharita, and Zuleka; and Pravesh and his beloved Durgha, who become political refugees and fight the enemy to a tragic finish. Intertwined are the lives of Sipiwe an African freedom fighter and his white sweetheart Victoria. There's Spanner and his Indian girlfriend Sunita. The enemy is led by a godfather whose young pupil is Akhsay. A host of people have their lives interwoven with all these persons. The climax is a private war transcending national boundaries. There is a group of knights on a journey of disappointment and discovery. Finally, there is the fourth generation that wants answers and frees itself. The protagonist is Aditi, a young woman of the twenty-first century. The letters to Aditi are an attempt to answer her questions.

Concealed Esther Amini,2020 Esther Amini grew up in Queens, New York, during the free-wheeling 1960s. She also grew up in a Persian-Jewish household, the American- born daughter of parents who had fled Mashhad, Iran. In CONCEALED she tells the story of being caught between these two worlds: the dutiful daughter of tradition-bound parents who hungers for more self-determination than tradition allows. Exploring the roots of her father's deep silences and explosive temper, her mother's flamboyance and flights from home, and her own sense of indebtedness to her two Iranian-born brothers, Amini uncovers the story of her parents' early years in Mashhad, Iran's holiest Muslim city; the little known history and persecution of Mashhad's underground Jews; the incident that steeled her mother's resolve to leave; and her parents' arduous journey to the United States, where they found themselves facing a new threat to their traditions: the threat of freedom. Determined to protect his only daughter from corruption, Amini's father prohibits talk, books, higher education, and tries to push her into an early Persian marriage. Can she resist? Should she? Focused intently on what she stands to gain, Amini eventually comes to see what she also stands to lose: a family and community bound together by food, celebrations, sibling escapades, and unexpected acts of devotion by parents to whom she feels invisible. In this poignant, funny, entertaining and uplifting memoir, Amini documents with keen eye, quick wit, and warm heart, how family members build, buoy, wound, and save one another across generations; how lives are shaped by the demands and burdens of loyalty and legacy; and how she rose to the challenge of deciding what to keep and what to discard.

The Pueblo Pendant Mick Davis,Krista Davis Lake,2020-02-28 While golfing in the Conrad Hilton Open in Socorro, New Mexico, former Miss New Mexico, now detective, Miitrai (pronounced MIITRA) Riley is 'blasted' into a case of attempted murder of young space scientist Will Craven. Earlier, violence erupted on a dark Sunday night in the small 'rustic', town of Frisco Flats, where Craven and his priest were discussing 'morality questions' of his research of the scientist's 'secret' space discovery. The Vatican was contacted, the answer was 'stop'; a scientist-partner 'mentioned' it to his fiancé at a mega-church; it was a secret no longer. After leaving the rectory, a bizarre 'bola' assault was made against Craven by a motor-cycle rider a warning was given to him and the Priest. Later the bike-rider 'dumps' near a bridge in town. His back-pack with a 'pendant' inside is pitched into the water where later a corgi dog finds it. The pack is taken to the local Sheriff, Frank Baca. Two weeks later, a 'fisherman' arrives in town seeking the pendant, 'I lost while fishing'. Sheriff Baca is suspicious. Lead flies and the fisherman dies. Others arrive seeking the 'pendant'. Native American Detective, Miitrai Riley realizes the pendant is similar to one her old grand mama on the Acoma Pueblo has kept for years. - 'strange'. Mysteries abound as violence escalates; a kidnapping in front of the cathedral in Santa Fe, a gun fight in Frisco Flats and a violent crash of a multi-million corporate jet at an Alabama airport keep the action level high. The young woman detective uncovers a crime infested foreign corporation, a huge religious money laundering scam, both seeking to recover the pendant and stopping Craven's research. County, State, Indian Reservation and FBI agencies interact in the final events. The case comes to an explosive end in a mysterious building near the 'atomic city' of Los Alamos. Or did it?

Inspector Morimoto and the Diamond Pendants Timothy Hemion,2004 This is the second in the series of cases involving Inspector Morimoto and his assistant, Officer Suzuki. Using the methods of deductive reasoning that they employed so successfully in their earlier case Inspector Morimoto and the Two Umbrellas, Morimoto and Suzuki encounter some intriguing puzzles centered around an expensive piece of diamond jewelry. If the branch manager of the Metropolitan Trust Bank has been dabbling in burglary during his spare time, then an enormous scandal is surely about to break out. And how are the wealthy owner of the downtown kimono shop and the no-nonsense manager of the Okayama Central Hospital connected to the case? Morimoto and Suzuki know that the insurance company is monitoring them closely as they sort through the baffling events. And as usual, the Chief of Police is very concerned about the reputation of his Police Department, particularly since some of the people involved carry considerable influence with the City Council. Nevertheless, unperturbed by the fact that almost everybody becomes impatient with them for one reason or another, Morimoto and Suzuki carefully construct an astonishing theory--but with pressure mounting and time running out, will they be able to trick the suspects into giving themselves away?
