**The Canning Season** Polly Horvath,2003-05-07 Love under trying circumstances One night out of the blue, Ratchet Clark's ill-natured mother tells her that Ratchet will be leaving their Pensacola apartment momentarily to take the train up north. There she will spend the summer with her aged relatives Penpen and Tilly, inseparable twins who couldn't look more different from each other. Staying at their secluded house, Ratchet is treated to a passel of strange family history and local lore, along with heaps of generosity and care that she has never experienced before. Also, Penpen has recently espoused a new philosophy – whatever shows up on your doorstep you have to let in. Through thick wilderness, down forgotten, bear-ridden roads, come a variety of characters, drawn to Penpen and Tilly's open door. It is with vast reservations that the cautious Tilly allows these unwelcome guests in. But it turns out that unwelcome guests may bring the greatest gifts. By turns dark and humorous, Polly Horvath offers adolescent readers enough quirky characters and outrageous situations to leave them reeling! The Canning Season is the winner of the 2003 National Book Award for Young People's Literature.

**After the Dance, the Drums Are Heavy** Rebecca Dirksen,2020-01-29 Haitian carnival offers a lens into popular power and politics. Political demonstrations in Haiti often manifest as musical performances. Studying carnival and political protest side by side brings insight to the musical engagement that ordinary citizens and celebrity musicians often cultivate and revere in contemporary Haiti. This book explores how the self-declared president of konpa Sweet Micky (Michel Martelly) rose to the nation's highest office while methodically crafting a political product inherently entangled with his musical product. It offers deep historical perspective on the characteristics of carnivalesque verbal play-and the performative skillset of the artist (Sweet Micky) who dominated carnival for more than a decade-including vulgarities and polemics. It moreover demonstrates that the practice of leveraging the carnivalesque for expedient political function has precedence in Haiti's history. Yet there has been profound resistance to this brand of politics led by many other high-profile artists, including Matyas and Jòj, Brothers Posse, Boukman Eksperyans, and RAM. These groups have each released popular carnival songs that have contributed to the public's discussions on what civic participation and citizenship in Haiti can and should be. Author Rebecca Dirksen presents an in-depth consideration of politically and socially engaged music and what these expressions mean for the Haitian population in the face of challenging political and economic circumstances. After the Dance, the Drums Are Heavy centers the voices of Haitian musicians and regular citizens by extensively sharing interviews and detailed analyses of musical performance in the context of contemporary events well beyond the musical realm--

**Mending the World** Rosemarie Robotham, 2009-07-21 The many facets of black family life have not always been fully visible in American literature. Black families have often been portrayed as chaotic, fractured, and emotionally devastated, and historians and sociologists are just beginning to acknowledge the resilience and strength of African American families through centuries of hardship. In *Mending the World*, a host of beloved writers celebrate the richness of black family life, revealing how deep, complicated, and joyous modern kinship can be. From James McBride's tender recollection of the man who claimed eight stepchildren as his own to Toi Derricotte's moving portrait of a pregnant teenager who decides to keep her child; from Debra Dickerson's lament over the shooting that crippled her nephew to Charles Johnson's whimsical look at a married couple's mid-life crisis; from Shay Youngblood's moving fictional evocation of a lost mother to poet Kendel Hippolyte's poignant telling of a father's unexpected legacy, this inspiring volume presents—through fiction, memoir, and poetry—a multi-layered and optimistic portrait of today's black America. *Mending the World* features fiction, personal memoir, and poetry by new writers (some publishing here for the first time) and established members of the canon.

The Oxford Handbook of Canadian Literature Cynthia Sugars, 2015-11-02 The Oxford Handbook of Canadian Literature provides a broad-ranging introduction to some of the key critical fields, genres, and periods in Canadian literary studies. The essays in this volume, written by prominent theorists in the field, reflect the plurality of critical perspectives, regional and historical specializations, and theoretical positions that constitute the field of Canadian literary criticism across a range of genres and historical periods. The volume provides a dynamic introduction to current areas of critical interest, including (1) attention to the links between the literary and the public sphere, encompassing such topics as neoliberalism, trauma and memory, citizenship, material culture, literary prizes, disability studies, literature and history, digital cultures, globalization studies, and environmentalism or ecocriticism; (2) interest in Indigenous literatures and settler-Indigenous relations; (3) attention to multiple diasporic and postcolonial contexts within Canada; (4) interest in the institutionalization of Canadian literature as a discipline; (5) a turn towards book history and literary history, with a renewed interest in early Canadian literature; (6) a growing interest in articulating the affective character of the literary - including an interest in affect theory, mourning, melancholy, haunting, memory, and autobiography. The book represents a diverse array of interests -- from the revival of early Canadian writing, to the continued interest in Indigenous, regional, and diasporic traditions, to more recent discussions of globalization, market forces, and neoliberalism. It includes a distinct section dedicated to Indigenous literatures and traditions, as well as a section that reflects on the discipline of Canadian literature as a whole.

Contemplative Abstracts John O'Loughlin, 2022-03-10 CONTEMPLATIVE ABSTRACTS is the logical sequel to 'Abstracts' (1983) which, being readerly, or capable of being read, was non-contemplative and therefore a precondition of abstract poems that require only to be contemplated, since effectively a species of word art. The five books in this project represent different stages in John O'Loughlin's development of a non-readerly, or contemplative, style of poetic composition, and have also been published separately under the headings 'Contemplations' (1985), 'Supercontemplations' (1993) and 'Ultracontemplations' (1994), the first of these being in three books and therefore containing the greater percentage of the material now available in one volume, as the collected contemplative abstract poems.
