Exploring the Land of Ooo Paul A. Thomas, 2023-08-16 Exploring the Land of Ooo: An Unofficial Overview and Production History of Cartoon Network's Adventure Time is a guide through the colorful and exuberant animated television series that initially aired from 2010 to 2018. Created by visionary artist Pendleton Ward, the series was groundbreaking and is credited by many with heralding in a new golden age of animation. Known for its distinct sense of humor, bold aesthetic choices, and memorable characters, Adventure Time has amassed a fan-following of teenagers and young adults in addition to children. Popularly and critically acclaimed, the show netted three Annie awards, eight Emmys, and a coveted Peabody. In this thorough overview, author Paul A. Thomas explores the

nuances of Adventure Time's characters, production history, ancillary media, and vibrant fandom. Based in part on interviews with dozens of the creative individuals who made the show possible, the volume comprises a captivating mix of oral history and primary source analysis. With fresh insight, the book considers the show's guest-directed episodes, outlines its most famous songs, and explores how its characters were created and cast. Written for fans and scholars alike, *Exploring the Land of Ooo* ensures that, when it comes to Adventure Time, the fun truly will never end.

Women in STEM on Television Ashley Lynn Carlson, 2018-04-04 Women remain woefully underrepresented in science, technology, engineering and math (STEM). Negative stereotypes about women in these fields are pervasive, rooted in the debunked claim that women have less aptitude than men in science and math. While some TV series present portrayals that challenge this generalization, others reinforce troubling biases--sometimes even as writers and producers attempt to champion women in STEM. This collection of new essays examines numerous popular series, from children's programs to primetime shows, and discusses the ways in which these narratives inform cultural ideas about women in STEM.

Analyzing Adventure Time Paul A. Thomas, 2023-07-20 In 2010, Cartoon Network debuted a new animated series called Adventure Time, and within just a few short years the show became both a pop culture phenomenon and a critical darling. But despite all the admiration, not many works of scholarship have assessed the show through a critical lens. This anthology is an attempt to fill this scholarly oversight and spark a wider conversation about the show's deeper themes. Across 15 scholarly essays, this book's contributors study Adventure Time from a variety of angles, proving just how insightful the series really is. From a consideration of BMO's queer identity to a psychoanalytic reading of Lemongrab and an examination of how anime has impacted the show, the topics explored

in this anthology are diverse and unique and are likely to appeal to scholars and fans alike.

Adventure Time Vol. 9 Mathematical Edition Pendleton Ward, 2017-10-31 Finn and Jake find themselves in the middle of a secret war when they inadvertently take out Peppermint Butler's secret agent, Candy Bar! There is something amiss with the King of Ooo and the weird bears that he's hanging out with. It's up to Finn and Jake to get to the bottom of the King's dastardly plot! ... If only they weren't being accused of treason in the process.

Buffy to Batgirl Julie M. Still, Zara T. Wilkinson, 2019-09-06 Science fiction and fantasy are often thought of as stereotypically male genres, yet both have a long and celebrated history of female creators, characters, and fans. In particular, the science fiction and fantasy heroine is a recognized figure made popular in media such as Alien, The Terminator, and Buffy, The Vampire Slayer. Though imperfect, she is strong and definitely does not need to be saved by a man. This figure has had an undeniable influence on The Hunger Games, Divergent, Star Wars: The Force Awakens, and many other, more recent female-led book and movie franchises. Despite their popularity, these fictional women have received inconsistent scholarly interest. This collection of new essays is intended to help fill a gap in the serious discussion of women and gender in science fiction and fantasy. The contributors are scholars, teachers, practicing writers, and other professionals in fields related to the genre. Critically examining the depiction of women and gender in science fiction and fantasy on both page and screen, they focus on characters who are as varied as they are interesting, and who range from vampire slayers to time travelers, witches, and spacefarers.

BMO's Character File Brandon T. Snider, 2014-03-20 This Adventure Time character file is a fun in-world guide to all the popular characters, presented from the point of view of BMO, the lovable but socially awkward video game system.

Gunter's Glorious Prank Journal Kirsten Mayer, 2016 It's Gunter's Glorious Day of Discord! The notoriously evil penguin Gunter has created a potion that turns even the most innocent Candy Person into a wily prankster. Now mayhem is erupting all over Ooo, and nobody can stop it! This full-color interactive journal is full of fun, harmless pranks to play after school, on vacation, at home, or whenever Gunter's mischievous muse strikes.

The Adventure Time Encyclopaedia (Encyclopedia) Martin Olson, 2013-07-22 What time is it? *Adventure Time*™! Explore the magical world of Ooo with Jake the Dog and Finn the Human, along with the Ice King, Princess Bubblegum, Marceline the Vampire Queen, and all your favorite *Adventure Time* characters, in this New York Times bestselling companion book to Cartoon Network's hit animated series. Written and compiled by the Lord of Evil himself, *The Adventure Time Encyclopaedia* matches the playful, subversive tone of the television series, detailing everything anyone will ever need to know about the postapocalyptic land of Ooo and its inhabitants—secret lore and spells, fun places you should visit and places where you will probably die, whom to marry and whom not to marry, how to make friends and destroy your enemies—plus hand-written marginalia by Finn, Jake, and Marceline. An indispensable guide to the show fans love to watch, this side-splittingly funny love letter to *Adventure Time* is sure to appeal to readers of all ages. Heck yeah! From the Back Cover: Written by the Lord of Evil Himself, Hunson Abadeer (a.k.a. Marceline the Vampire Queen's dad), to instruct and confound the demonic citizenry of the Nightosphere, *The Adventure Time Encyclopaedia* is perhaps the most dangerous book in history. Although seemingly a guidebook to the Land of Ooo and its postapocalyptic inhabitants, it is in fact an amusing nightmare of literary pitfalls, bombastic

brain-boggles, and ancient texts designed to drive the reader mad. Complete with secret lore and wizard spells, fun places you should visit and places where you will probably die, advice on whom to marry and whom not to marry, and how to make friends and destroy your enemies, this volume includes hand-written marginalia by Finn, Jake, and Marceline. Arguably the greatest encyclopaedia ever written since the beginning of the cosmos, it is also an indispensable companion to humans and demons who know what time it is: Adventure Time! Praise for The Adventure Time Encyclopaedia: “Even if you’re an adult Adventure Time fan, the book will make you feel like you’re 10 again.” —USA Today’s Daily Candy blog “The brand-new Adventure Time Encyclopaedia will tell viewers everything they need to know about the post-apocalyptic magical land and its inhabitants.” —Entertainment Weekly’s Family Room blog “The . . . Encyclopaedia will appeal to Adventure Time fans who want to delve deeper into the show’s mysterious back story and bizarre details.” —The Los Angeles Times’Hero Complex blog
