

Petit Eclair

Holly Herrick

The French Cook: Cream Puffs & Eclairs Holly Herrick, 2013-09-10 A step-by-step, French cooking class on choux pastry with savory and sweet recipes to try—by the award-winning food writer and author of *Tart Love*. The second book in The French Cook series, following *The French Cook: Sauces*, classically French trained author Holly Herrick dips into the marvelously versatile world of choux pastry, or *pâte à choux*. The buttery, nutty, even-flavor of this dough invites myriad flavors, in both sweet and savory categories and in many shapes—cream puffs, *éclairs*, rings, and more. Whether it be a savory petit *éclair* filled with an avocado mousse layered with bacon and tomatoes, choux “gnocchi” with a buttered herb sauce, three cheese *gougères* with black pepper, a sweet Dreamsicle orange cream puff with a dark chocolate sauce, a salted caramel macadamia ice cream filled *profiterole* with a warm caramel sauce, an Almond Joy cream puff, or a hot-from-the-fryer *beignet* with a cool, fresh raspberry sauce, taste delights are found all along the way. Holly also provides tips and recipes for assembling classic cream puff cakes such as the *croquembouche* and *Gâteau St. Honoré*. Holly dedicates the front of the book to the art of demystifying the “puff,” making choux pastry an easy and accessible medium for every cook, novice, professional or anyone in-between. There is a chapter on sweet sauces to go along with the sweet cream puffs and *éclairs* and expert tips on piping, baking and garnishing these uniquely French delights. “An exploration deep into the world of choux and quickly debunks the myth that this best-known French pastry is something too complicated for the home baker...Une délice!”—Huffington Post

Modern Éclairs Jenny McCoy, 2016-03-08 “Finally, an antidote to cupcake fatigue . . . shows how éclairs can serve as a base for everything from ice cream sandwiches to lobster rolls.”—Entertainment Weekly Move over, macarons; catch you later, cupcakes: Éclairs are the new pastry du jour. Delicious and adorable—and fun to make at home—these tiny treats are the perfect vehicles for all your favorite flavors (sweet and savory). Here, pastry chef Jenny McCoy shares incredible recipes for éclairs and all their relatives: cream puffs, profiteroles, Paris-Brests, religieuses, gougères, and more. The best part is that all of these creations are made from the same simple choux pastry: Once you master the basic recipe, it’s endlessly customizable, from Lemon Meringue Éclairs to “Whoopie Puffs” to New England “Lobster Rolls.” Recipes include traditional, fruity, chocolate, frozen, savory, and holiday-themed iterations, some classic, some clever—but all irresistible. “Jenny’s modernistic approach to the classic éclair is perfection—inventive, playful, and free-spirited. Her whimsical charm as a baker presents itself on every page.”—Sarabeth Levine, James Beard Award-winning pastry chef and owner of Sarabeth’s Bakery “Jenny McCoy’s Modern Éclairs takes you on a pâte à choux journey to making the best éclairs, cream puffs, and everything in between. Get ready for a fun and creative ride!”—Mindy Segal, James Beard Award-winning pastry chef and owner of HotChocolate

Mon Cher Éclair Charity Ferreira, 2016-02-23 Recipes that show you how to turn the classic French dough into modern-day pastries bursting with bold new flavors and bright colors—plus savory delights. Taking the love of French pastries into the kitchen, Mon Cher Éclair shows how rewarding it is to make these delectable treats at home. Using just a couple of simple techniques,

home cooks can easily master the basic recipe for pâte à choux dough and use it to make beautiful éclairs with modern flavor combinations such as butterscotch-bourbon or Meyer lemon cream. The dough is also the base for an array of profiteroles and cream puffs, which make great appetizers and desserts. With more than forty recipes ranging from traditional to trendy, savory to sweet, rustic to artistic, this small cookbook will make home cooks look like a very big deal. “Food writer Charity Ferreira’s collection of éclair recipes was influenced by desserts around the world that all translate splendidly into the custard-filled pastry we all know and love. Ever wish your éclair was filled with Nutella instead of plain old regular delicious pastry cream? Now’s the time!” —Food Republic

Anglicisms, Neologisms and Dynamic French Michael D. Picone, 1996-10-18 This comprehensive study of Anglicisms in the context of accelerated neological activity in Contemporary Metropolitan French not only provides detailed documentation and description of a fascinating topic, but opens up new vistas on issues of general linguistic interest: the effects of technology on language, the analyticity-syntheticity controversy, the lexical contribution to language vitality, the study of compound word formation, the interplay between cultural and linguistic affectivity. By investigating the dynamics of borrowing within the larger framework of general neological productivity and by bringing to bear cognitive and pragmatic considerations, a much-needed fresh approach to the entire question of Anglicisms takes shape. All pertinent phenomena regarding Anglicisms in French — a topic which continues to command the attention of language commentators and defenders in France and elsewhere — are explored: integral borrowings, semantic calques, structural calques, the generation of pseudo-Anglicisms and hybrids, graphological and phonological phenomena. In each case, the phenomenon is investigated in the proper context of its interaction with other pertinent neological, phonological and sociocultural developments. These include general changes in

French compound word formation, modified derivational dynamics, the microsystem of pseudo-Classical morphology, historic phonological instabilities, the pressure for more synthetic types of lexical production in relation to the needs of technology and society. Rather than adhering rigidly to any single theoretical model, there is an attempt to set up a dialog between differing models in order to arrive at a multidimensional view of the phenomena investigated.

Writing through Music Jann Pasler, 2007-12-12 Drawing on a passion for music, a remarkably diverse interdisciplinary toolbox, and a gift for accessible language that speaks equally to scholars and the general public, Jann Pasler invites us to read as she writes through music, unveiling the forces that affect our sonic encounters. In an extraordinary collection of historical and critical

essays, some appearing for the first time in English, Pasler deconstructs the social, moral, and political preoccupations lurking behind aesthetic taste. Arguing that learning from musical experience is vital to our understanding of past, present, and future, Pasler's work trenchantly reasserts the role of music as a crucial contributor to important public debates about who we can be as individuals, communities, and nations. The author's wide-ranging and perceptive approaches to musical biography and history challenge us to rethink our assumptions about important cultural and philosophical issues including national identity and postmodern musical hybridity, material culture, the economics of power, and the relationship between classical and popular music. Her work uncovers the self-fashioning of modernists such as Vincent d'Indy, Augusta Holmes, Jean Cocteau, and John Cage, and addresses categories such as race, gender, and class in the early 20th century in ways that resonate with experiences today. She also explores how music uses time and constructs narrative. Pasler's innovative and influential methodological approaches, such as her notion of question-spaces, open up the complex cultural and political networks in which music participates. This provides us with the reasons and tools to engage with music in fresh and exciting ways. In these thoughtful essays, music--whether beautiful or cacophonous, reassuring or seemingly incomprehensible--comes alive as a bearer of ideas and practices that offers deep insights into how we negotiate the world. Here, Jann Pasler's *Writing through Music* brilliantly demonstrates how music can be a critical lens to focus the contemporary critical, cultural, historical, and social issues of our time.
