The Complete Book of the World Rally Championship Henry Hope-Frost, John Davenport, 2004 For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

Fiat 131 Abarth Graham Robson, 2008-12-15 When Fiat entered rallying in 1970, its ultimate aim was to become World Rally Champion and the 131 Abarth of 1976-1980 provided the machinery to make that possible. It started winning World rallies within months of being launched, and in 1977, 1978 and 1980 the 'works' team also won the World Championship for Makes, and set every standard by which Rally Giants were to be judged. Was there ever any doubt that successors like the Lancia Rally 037 and the Delta Integrale would eventually come from the same stable?

Because it was smaller, lighter, and more nimble than any of the Sierras, the combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions. With five World victories in its first season, and success all around the world in later years, it was seen in every continent, in all conditions.
