The Prince & The Apocalypse Kara McDowell,2023-07-11 An American teen stranded in London is forced to team up with the British crown prince if she wants to make it back home before the end of the world in this delightfully rompy high-stakes rom-com. Wren Wheeler has flown five thousand miles across the ocean to discover she's the worst kind of traveler: the kind who just wants to go home. Her senior-year trip to London was supposed to be life-changing, but by the last day, Wren's perfectly-planned itinerary is in tatters. There's only one item left to check off: breakfast at The World's End restaurant. The one thing she can still get right. The restaurant is closed for renovations—of course—but there's a boy there, too. A very cute boy with a posh British accent who looks remarkably like the errant Prince Theo, on the run from the palace and his controlling mother. When Wren helps him escape a pack of tourists, the Prince scribbles down his number and offers her one favor in return. She doesn't plan to take him up on it—until she gets to the airport and sees cancelled flights and chaos. A comet is approaching Earth, and the world is ending in eight days. Suddenly, that favor could be her only chance to get home to her family before the end of the world. Wren strikes a bargain with the runaway prince: if she'll be his bodyguard from London to his family's compound in Santorini, he can charter her a private jet home in time to say goodbye. Traveling through Europe by boat, train, and accidentally stolen automobile, Wren finds herself drawn to the dryly sarcastic, surprisingly vulnerable Theo. But the Prince has his own agenda, one that could derail both their plans. When life as they know it will be over in days, is it possible to find a happy ending?

Top Gear Drives of a Lifetime Dan Read,2015-10-15 Every year, Top Gear dispatches correspondents to cover many serious stories around the world. Wherever they go, they ask tough questions and leave no stone unturned in search of the cold, hard truth. Questions such as: Is it possible to drive a Ferrari up a Scottish ski slope? Exactly how far can you drive a bulldozer across the Antarctic before it falls down a big crack? And what happens when you drive a small 4X4 up a volcano, during an earthquake, with a high chance of eruption? The answers to all of the above - and more - can be found in Top Gear Top Drives, a new book featuring Top Gear's best adventures, neatly arranged in precise geographic order: top, middle and bottom. These are not Sunday drives to country pubs. You will not find any mentions of freshly cut grass and picnics under oak trees. In fact, you are more likely to encounter roadside landmines and a pack of Chilean llamas with a relaxed approach to personal hygiene. Of course you will also find supercars on winding mountain passes, but this book goes much further, bringing you the most unusual combinations of car and tarmac - or lack of it - from across our planet. All of which are accompanied by a surprisingly useful collection of travel tips, featuring such useful advice as when to go, what the weather's like and where to find a reasonably priced beer. Like any classic travel guide, you really shouldn't leave home without it. Unless you write down the really important bits, in which case you'll probably be OK.
