The Reaper Within Stephanie Jackson,2013-02-16 Melissa Chaser leads what most people would think was an interesting life, but it wasn't as interesting when that life was yours. Mel's job was to find wayward spirits and cross them over to the other side; she was a real life Reaper. It was a hard and dangerous job, especially when the spirits were wreaking havoc on people or property, but it was never anything that she couldn't handle. And then she got the fateful call from Mrs. Mabry. There was a problem with a house she'd just purchased, and she needed Mel's help. It was just standard ghost stuff; things moving around, and a few disembodied voices; nothing Mel hadn't seen a thousand times before. Little did she know who, or what, she would find when she stepped into the old Memphis mansion. Nothing about the ghosts in the home made any sense to her, and time was running out. Could Mel finish the job and get off the property before something in the house reaped her?

Reaper's Return Ren Cummins,2011-03-10 Book One of the Chronicles of Aesirium: What if Death wore a pretty black dress? Everyone in Oldtown had heard talk of the Reapers. Even though nobody had seen one in years, everyone whispered the tales: flying from rooftop to rooftop, stealing the souls of the unwary, letting their undead beasts hunt through the streets for any member of the community too reckless or fearless to heed the nightly curfew ... mysterious and terrifying, most feared to even mention them by name, lest they appear and gather your spirit away. For 11-year-old Romany, her greatest fears were less about the mythological Reapers and more about surviving a miserable life inside of Oldtown's solitary orphanage. Her stark white hair made her an obvious target for the bullies, and the cruel nickname of Ratgirl had followed her for years. But if Rom thought her troubles were behind her, being struck dead by a bolt of lightning would only open the door to an entire life of new ones. First on the list? Finding out that she herself...is a Reaper. A lightly steampunk science fiction/fantasy series, Chronicles of Aesirium is the prequel series to Tales of the Dead Man.
