The Music Sound Nicolae Sfetcu,2014-05-07 A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology , theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

Masterstroke Debabrata Ghosh,2022-07-12 It has taken me two and a half years to write this book. But give me a few seconds to persuade you to read it. It is not possible for someone to taste the success of life without proper knowledge of some subjects like sports, entertainment, history, geography, etc. This proper knowledge not only makes a person successful but also makes them mentally strong enough to face the challenges of this competitive world. Keeping these things in mind I bring this treasure of knowledge “Masterstroke Vol. 1” in front of you. In this book, you will get more than 900 questions on various subjects such as Advertisements, Flags, Cricket, Entertainment, History, Cartoons, and many more along with interesting facts and photos. I hope this book definitely helps you in your future life. Thank you.

The Playbill Broadway Yearbook Robert Viagas,Amy Asch,2006-08-01 (Playbill Broadway Yearbook). This second edition of The Playbill Broadway Yearbook has a chapter for each of the 71 Broadway shows that were running between June 2005 and May 2006, including alumni pages for shows held over from previous seasons. In addition, every show has a correspondent who records the special moments and relationships that develop during rehearsals and the run. Actor hangouts, most memorable ad-lib, celebrity visitors, and the record number of cell phone rings during a performance are among the information recorded. An insider Events section reports on such annual milestones as The Tony Awards, Gypsy of the Year, Broadway Bares, and the annual Broadway softball championship in Central Park Once again, in addition to all the headshots of all the actors who appeared in Playbill , the book includes photos of producers, writers, designers, stage managers, stagehands and musicians. The goal is to include as many of the faces who worked on Broadway as possible. As a special treat, the Yearbook includes photos of opening night curtain calls from many shows. This is a book no Broadway buff will want to be without.

Cold Pizza for Breakfast Christine Lavin,2010-06-01 As one of the top folk musicians in the country, Christine Lavin has seen it all--and she still loves the music and the life she feels privileged to lead. Published in honor of her twenty-fifth anniversary as a full-time, independent touring musician, *Cold Pizza for Breakfast: A Mem-wha?* is a memoir of road stories and adventures across the United States, Canada, and Australia. ''I've changed a few names to spare hurt feelings,'' Christine notes, ''but all these stories are true. Hey, I have eight brothers and sisters--you think they'd let me make things up?'' *Cold Pizza for Breakfast* is rich with details from two-plus decades of songwriting and performing. The memoir begins with the hysterical tale of Christine's being booed in West Palm Beach when she opened for Joan Rivers--with a coda that demonstrates Christine's nimble mind and sense of the absurd--and recounts her circuitous route to becoming one of folk music's most respected and beloved songwriters and performers. Christine explains: ''Instead of a business plan, I've followed hunches, my intuition, and my heart, and I have had the good fortune of meeting astounding people along the way who helped point me in the right direction. OK, a few pointed me in the wrong direction, too. But I always somehow managed to recover.'' Christine is an engaging and generous writer, often putting an informative and warm spotlight on other musicians. Learn delicious details about Dave Van Ronk's unique method of writing music, the stanza of a famous song that Bob Dylan had never heard, and how Ervin Drake came to write ''It Was a Very Good Year.'' Read about the unlikely beginnings of the folk super-group ''The Four Bitchin' Babes,'' still going strong today, and how Christine's music has found a home with some of today's brightest Broadway stars. Photographs and memorabilia from Christine's fantastic voyage, song lyrics, an extensive appendix including an index and Christine's list of her 1,000 favorite songs that she has played while guest-DJing in New York City--all this combines with Christine's incomparable sense of humor to make *Cold Pizza for Breakfast: A Mem-wha?* an irresistible read and an invaluable resource for anyone who is interested in how songs get made, how musicians learn, and the business of music.

Oil Painting Essentials Gregg Kreutz, 2016-05-24 An essential guide to the oil painting techniques that will allow artists to master a variety of subjects, including figures, portraits, still life, landscapes, and interiors. Many painters limit themselves to one type of subject matter, but in *Oil Painting Essentials*, artist and art instructor Gregg Kreutz shows how a multi-genre approach can dramatically improve your painting skills. Arranged by category, each chapter covers both the essentials specific to that subject matter and those that apply to all genres. Through step-by-step lessons and examples from his own oil paintings, Kreutz shows how you can strengthen your skillset for one genre by painting in another. This comprehensive exploration of the conceptual and practical issues behind oil painting provides all of the tools and encouragement you need to successfully take on any type of oil painting.

Cantattori Daniele Benvenuti, 2019-02-03T00:00:00+01:00 Un approfondito “viaggio a tappe” tra le stelle del cinema, della televisione e del teatro che si sono ritagliate, tra badilate di colleghi talvolta insulsi ma esaltati da astute e costose campagne commerciali, anche una credibile e sincera carriera parallela tra sala d'incisione e palcoscenico. Dai trionfi del Rat Pack alla dedizione pianistica di Hugh Laurie e alla carica selvaggia di Juliette Lewis; dai lodati tour di registi come Woody Allen, Emir Kusturica e John Carpenter fino a insospettabili virtuosi come il pluripremiato Steve Martin o il talentuoso della sei corde Billy Bob Thornton; da Judy Garland e Jayne Mansfield fino a Ilona Staller, Whoopy Goldberg o Scarlett Johansson. Solo per fare qualche nome. Niente operazioni da ascensore o da corridoio di centro commerciale (benché, per amor di completezza, vengano qui citate anche queste figure secondarie), ma soltanto artisti realmente dotati “anche” nel ruolo di musicisti, autori e/o cantanti, protagonisti di incisioni di indubbio valore e motivati da autentica passione. Decine e decine di nomi, stranieri e italiani (a questi ultimi viene riservata un'apposita sezione: da Alberto Sordi, Renato Rascel e Totò passando attraverso il poliedrico Bud Spencer e il batterista professionista Massimo Boldi per arrivare fino al rocker Claudio “Greg” Gregori, all'intimistica Violante Placido, al devoto Marco Giallini o al massiccio compositore Stefano Fresi), dei quali viene ripercorsa la carriera artistica dietro al microfono e sui palchi, aggiungendo anche elementi relativi alla discografia e alla storia personale. Vogliate gradire!
