Monsun Wilbur Smith,2016-10-15 Beginn des achtzehnten Jahrhunderts. Die mächtige East India Trading Company erleidet katastrophale Einbußen durch zunehmende Piraterie. Kapitän Sir Hal Hartley bereitet sich nach vier Jahren Dienstabwesenheit auf seine letzte und gefährlichste Seereise vor. Eine Fahrt die ihm entweder Tod oder Ruhm bringen wird. Sir Hal Hartley soll für Fürst und Vaterland den Indischen Ozean ein für allemal von dem Piraten Al-Alouf, genannt 'Der Schreckliche,' befreien. Da gibt es dann aber auch noch Hal's vier von Grund auf verschiedene Söhne, von denen jeder eine ausschlagende Rolle in der Familiengeschichte der Courtneys spielen wird. Abenteuer und Leidenschaft werden das zukünftige Leben der in alle Winde verstreuten Brüder bestimmen. Monsun ist ein Roman voll elektrisierender Spannung, Drama, Gefühl und Kampfszenen. Hier beweist Wilbur Smith dass er wirklich der beste Geschichtenerzähler der Welt ist.

Small Stories of War Barbara Lorenzkowski,Kristine Alexander,Andrew Burtch,2023-06-15 Many believed the twentieth century would be the century of the child: an era in which modern societies would value and protect children, sheltering them from violence and poverty. Yet this hopeful vision was marred by the harsh realities of migration, displacement, and armed conflict. Small Stories of War grapples with the meanings and memories of childhood and wartime by asking new questions about lived experience. Spanning the First World War to the early twenty-first century and featuring chapters about Canada, Australia, Germany, the former Yugoslavia, Rwanda, and northern Uganda, this volume asks how young people encountered and responded to armed conflict. How did children, youth, and their families make sense of war in the violent twentieth century? How have they shared their stories and experiences of violence and trauma? Analyzing a broad range of sources including family letters, oral history, and children's artwork, contributors offer important insights into the production of historical knowledge with and about young people. Engaging with cutting-edge debates about emotions, temporality, space, and young people as political actors, Small Stories of War offers compelling new research and an interpretive toolkit that will benefit scholars from across the social sciences and humanities.

The Great War and the Moving Image Michael Hammond,Adrian Smith,2018-12-07 The Great War and the Moving Image focuses upon the Allied war effort on the Western Front and in the Mediterranean. In doing so, the book addresses topics ranging from how carefully selected images projected a positive portrayal of ambulance trains, through film's instructional role promoting self-sufficiency on the home front, to the vital role of makeshift YMCA cinemas both sides of the Channel. With editors and contributors who are authorities on cinema in wartime Britain and on the British response to the challenge of 'total war', the volume highlights the power that

the moving image had during the Great War. In the introduction, the editors consider why the First World War can be seen as the first uniquely cinematic conflict. Later, historians from Britain, Australia, and America go on to explore film's pioneering role as a powerful vehicle for propaganda at home and abroad, and its contribution to maintaining morale among soldiers on the front line as well as across civilian audiences back home.

The "German Illusion" Olivier Morel, 2023-12-14 Examines Jewish-German "tropes" in Hélène Cixous's oeuvre and life and their impact on her work as a feminist, poet, and playwright. Hélène Cixous is a poet, philosopher, and activist known worldwide for her manifesto on *Écriture féminine* (feminine writing) and for her influential literary texts, plays, and essays. While the themes were rarely present in her earlier writings, Germany and Jewish-German family figures and topics have significantly informed most of Cixous's late works. Born in Algeria in June 1937, she grew up with a mother who had escaped Germany after the rise of Nazism and a grandmother who fled the racial laws of the Third Reich in 1938. In her writing, Cixous refines the primitive scene of a "German" upbringing in French-occupied colonial, antisemitic Algeria. Scholar and filmmaker Olivier Morel delves into the signs and influences that "Germany," "German," and "Osnabrück" have exerted over Cixous's work. Featuring an exclusive interview with Hélène Cixous and stills from their travel together to Osnabrück in Morel's 2018 documentary, *Ever, Rêve, Hélène Cixous*, Morel's *The "German Illusion"* examines the unique literary meditation on the Holocaust sustained throughout her later texts. Morel helps us to understand an uncannily original oeuvre that embodies the complexities of modernity's genocidal history in a new way.

Heart of Europe Norman Davies, 2001-05-31 Traces the history of Poland and examines the social and political life of the country.

Towards and Beyond the Italian Republic Davide Cadeddu, 2021-07-12 This book examines the historical process that led to the foundation of the Italian Republic and its constitution, viewed through the personal experiences and political reflections of Adriano Olivetti (between 1919 and 1960), general manager and president of the well-known typewriter manufacturer "Ing. C. Olivetti & C." An unbroken line of reasoning linked his maturing political reflections during the two post-war periods. The historical context of the 1950s did not prove to be very propitious, but the guidelines dispersed throughout the Italian cultural and political world from the movement that Olivetti founded were certainly seminal – generating a legacy of ideas that has only in part been recognized. What makes this study distinctive is the original approach to reading the history of Italy through Adriano Olivetti's eyes and thoughts, far from the more common Christian Democratic or Communist perspective of those years. It is simply another view of what the Italian Republic could be and was not.

The Polish Road from Socialism: The Economics, Sociology and Politics of Transition Walter D. Connor, Piotr Ploszajski, 2019-07-26

What the contributors to this volume offer is neither a romantic version of the course of Polish history nor a jubilant account of the recovery of national independence and political choice. Rather, they offer a variety of tough-minded analytic perspectives on what comes when the party's over - not just the PSPR but the celebration marking its downfall. They focus on Poland's movement toward an internationally competitive market economy, a political democracy in which plural interests compete, and the constitution of a civil society that both tolerates and ameliorates conflict. The multidisciplinary contributors include Jan Muzjel, Keith Crane, Benjamin Slay, Kazimierz Poznanski; Jan Bossak, Wojciech Bienkowski, Włodzimierz Wesolowski, Edmund Wnuk-Lipinski, Adam Sarapata, Andrzej Sicinski, Piotr Lukaszewicz, Krzysztof Nowak, David S. Mason, Andrzej Rychard, Krzysztof Jasiewicz, Jack Bielasiak, Janusz Reykowski,

Stanislaw Gebethner, Miroslawa Marody, Edmund Mokrzycki, and Michael D. Kennedy.

The Darkness and the Thunder Stewart Binns, 2015-10-22 The second in Stewart Binns' acclaimed Great War Series, *The Darkness and the Thunder* is a sweeping story of war following five families through the terrifying conditions of the Western Front, the slaughter of Gallipoli and the heartbreak of those left at home. 'The book on the conflict remembered 100 years on' Jon Wise, Sunday Sport -1915- The Western Front is a wasteland of barbed wire, shell craters and mud-filled trenches. Winston Churchill, searching for a solution to the stalemate, commits the Allies to a disastrous Gallipoli campaign. As men on both sides die in droves, miners and mill-workers work tirelessly for the war effort while families confront the broken bodies of returning soldiers. Nurses, soldiers, politicians, factory-workers and children - all are torn apart by war, and for husbands and sons, mothers and wives, the old way of life is vanishing. *** Praise for Stewart Binns: 'Anyone with even a vague interest in Britain and the Great War should read *The Shadow of War*' Celia Sandys, granddaughter of Winston Churchill 'Stewart Binns has produced a real page-turner, a truly stunning adventure story' Alastair Campbell 'A fascinating mix of fact, legend and fiction . . . this is storytelling at its best' Daily Mail 'Unique, entertaining and eye-opening' Robin Carter, Parmenion Books 'A tour de force of writing brilliance' Books Monthly 'Unarguably heart-warming... will leave any reader with a sense of British pride' Goodreads 'Truly a book that educates while entertaining, a talent of this best-selling author' Historical Novel Review

Physick to Physiology Keith Dorrington, 2023-10-19 A murder in Main Quad, a near demise high on Mont Blanc, the lady who survived hanging and became a celebrity, Lord Nuffield's dreadful visits to the dentist, and the surgeon who operated on his own hernia using strychnine: all pointers to medical mysteries and advances. This book aims to entertain and inform the reader interested in the advancement of medical science. The author presents seven distinct areas of endeavour in which he has been involved during an Oxford career undertaking original research in engineering, materials science, anaesthesia and physiology while working as a tutor and practising doctor. Each topic is presented and illustrated with novel insights from a historical and often fascinating background extending up to medical controversies of the present day.
