Intertextuality in Music Violetta Kostka,Paulo F. de Castro,William A. Everett,2021-06-17 The concept of intertextuality – namely, the meaning generated by interrelations between different texts – was coined in the 1960s among literary theorists and has been widely applied since then to many other disciplines, including music. *Intertextuality in Music: Dialogic Composition* provides a systematic investigation of musical intertextuality not only as a general principle of musical creativity but also as a diverse set of devices and techniques that have been consciously developed and applied by many composers in the pursuit of various artistic and aesthetic goals. Intertextual techniques, as this collection reveals, have borne a wide range of results, such as parody, paraphrase, collage and dialogues with and between the past and present. In the age of sampling and remix culture, the very notion of intertextuality seems to have gained increased momentum and visibility, even though the principle of creating new music on the basis of pre-existing music has a long history both inside and outside the Western tradition. The book provides a general survey of musical intertextuality, with a special focus on music from the second half of the twentieth century, but also including examples ranging from the nineteenth century to the second decade of the twenty-first century. The volume is intended to inspire and stimulate new work in intertextual studies in music.

Buzz Jeffrey Spivak,2011 The Great Depression was defined by poverty and despair, but visionary American filmmaker Busby Berkeley (1895-1976) managed to divert the public's attention away from the economic crash with some of the most iconic movies of all time. Known for his kaleidoscopic dance numbers featuring multitudes of performers in extravagant costumes, his musicals provided a brief respite for an audience whose reality was hard and bitter. *Buzz: The Life and Art of Busby Berkeley* is a revealing study of the director, drawing from interviews with his colleagues, newspaper and legal records, and Berkeley's own unpublished memoirs to uncover the life of a Hollywood legend renowned for his talent and creativity. Jeffrey Spivak examines how Berkeley's career evolved from creating musical numbers for other directors in films such as *42nd Street* (1933) and *Gold Diggers of 1933* (1933) to directing his own pictures, such as *Strike up the Band* (1940) and *The Gang's All Here* (1943). Though Berkeley claimed he was no choreographer, his movies revitalized the public's waning interest in musical pictures. While other popular filmmakers advertised their works specifically as nonmusical, Berkeley embraced his niche, eventually becoming the premier dance director of his time. However, the happy face Berkeley presented publicly did not necessarily reflect his life. Offstage and away from the set, the director met with scandal, and his fondness for liquor and women was well known. In September 1935, he was involved in a car accident that left three people dead and four others severely injured. Accused of driving under the influence, he was put on trial for second-degree murder. The accident significantly changed the nature of his stardom.

The Complete Book of 1930s Broadway Musicals Dan Dietz,2018-03-29 Despite the stock market crash of October 1929, thousands of theatregoers still flocked to the Great White Way throughout the country's darkest years. In keeping with the Depression and the events leading up to World War II, 1930s Broadway was distinguished by numerous political revues and musicals, including three by George Gershwin (*Strike Up the Band*, *Of Thee I Sing*, and *Let 'Em Eat Cake*). The decade also saw the last musicals by Gershwin, Jerome Kern, and Vincent Youmans; found Richard Rodgers and Lorenz Hart in full flower; and introduced both Kurt Weill and Harold Arlen's music to Broadway. In *The Complete Book of 1930s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway from 1930 through 1939. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. It includes such shows as *Anything Goes*, *As Thousands Cheer*, *Babes in Arms*, *The Boys from Syracuse*, *The Cradle Will Rock*, *The Green Pastures*, *Hellzapoppin*, *Hot Mikado*, *Porgy and Bess*, *Roberta*, and various editions of *Ziegfeld Follies*. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Production data, including information about tryouts Source material Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and list of published scripts, as well as lists of black-themed and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of each show. *The Complete Book of 1930s Broadway Musicals* will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.
