The Trials of Ascension are Otylia's only hope to escape her father's grasp, but is she ready to pay the price of immortality? Fall. Wacław would do anything to get Otylia back. But no demon has ever entered Nawia's paradise. Marching west with the nomadic clans, Wacław senses the darkness inside him growing with his power. As Marzanna threatens his hopes of saving both Otylia and his tribe, will he surrender to the demon's call or resist as the world he knows burns before him? Immerse

yourself in Slavic mythological realms both new and old as The Frostmarked Chronicles continue in the dramatic sequel to A Dagger in the Winds.

Love Secretly Ai ShangCaiHong,2020-06-22 When he thought he was in love with her, he married with a beautiful woman on his arm! Many years later, when she was coquettishly lying in another man's bed, he angrily shouted: If you like seducing people so much, then seduce me! She smiled coquettishly, ran her finger across the man's chest, and whispered into his ear, I'm trying to seduce a man. All these years, you didn't even touch a woman, so what kind of man are you?!

The Daughters of the Earth Brendan Noble,2022-10-29 Fight your darkness. Or embrace it. Reborn. Otylia's time in Nawia granted her great power and even greater questions. After years of following her goddesses' commands, her path is now her own. But she doubts her decisions at every

turn. She'd anticipated her return home for a moon, but this strange land where desert and winter clash is no more familiar than the kingdom of the dead. Conquered and enslaved by Marzanna's Frostmarked, these people see her as their only hope. How can she trust herself to save them, though, when she can't even protect the boy she loves? Corrupted. Struggling against the demon's growing strength, Wacław knows he fights a war he cannot win. His soul is gone, and his hope vanished with it. All that holds back the darkness is his bond with Otylia, but he senses her fear of what he's become. He isn't the same boy who left Dwie Rzeki moons ago. To free the people of this new land from Marzanna, he needs his power more than ever. But as the demon's hunger grows, will he resist its temptations or surrender to the rage within? Travel to distant lands and face the dark heart of Slavic myths as The Frostmarked Chronicles continue after the shocking conclusion to The Trials of Ascension.

Grail of Power Theophilus Monroe, 2024-05-06 The holy grail has been found. In the right hands, its elixir can give life, heal, restore... In the wrong hands, it grants the one who sips from it incredible power.

Who stole the grail from the otherworld? My client hired me to retrieve her son from a new cult that claims to wield the grail's power. This is more about one young man looking for a spiritual experience. The grail of their dark communion has great power... But it comes at an unthinkable cost. Grail of Power is the third book in the new Druid Detective Agency urban fantasy series. Elijah and Emilie already went through one adventure. Now, ten years after The Druid Legacy, they are facing a new challenge, one that will test their limits. The real threat isn't the otherworldly magic, the magic that once birthed life itself in Eden/Annwn. There was a reason why humanity was cast from the garden groves. When the magic of that place comes home, it won't take long to find out why. The real threat was here all along, hidden in human hearts, now made manifest by the power of creation itself. Harry Potter meets Harry Dresden in Druid Detective Agency.

Sir Callie and the Champions of Helston Esme Symes-Smith, 2022-11-08 In a magical medieval world filled with dragons, shape-shifters, and witches, a twelve-year-old nonbinary hopeful knight battles for the heart of their kingdom. A thrilling middle-grade series opener that explores identity and gender amid sword fights and magic, and proves anyone can be a hero. “These heroes come in all shapes and skills—I cheered for them throughout their exciting journey.” —#1 New York Times bestselling author Tamora Pierce When their ex-hero dad is summoned back to the royal capital of Helston to train a hopeless crown prince, Callie lunges at the opportunity to finally prove themselves worthy to the kingdom’s great and powerful. Except the intolerant great and powerful look at nonbinary Callie and only see girl. But Callie has always known exactly what they want to be, and they’re not

about to let anything stand in their way. Trapped in Helston's rigid hierarchy where girls learn magic and boys train as knights, Callie discovers they aren't alone—there's Elowen, the chancellor's brilliant daughter, whose unparalleled power is being stifled; Edwyn, Elowen's twin brother desperate to win his father's approval; and Willow, the crown prince who was never meant to be king. In this start to an epic series packed with action, humor, and heart, Callie and their new friends quickly find themselves embedded in an ancient war—and their only hope to defeat the threats outside the kingdom lies in first defeating the bigotry within. Everything you could possibly want from a middle grade fantasy. —The Nerd Daily

Visual Arts and Religion Hans Alma, Marcel Barnard, Volker Küster, 2009 Images have caused uproar, violence and even casualties in the meeting of religions and cultures during the last years.

Iconoclasm and iconolatry are on the agenda once more. Late Modern Culture is dominated by images and is understood in concepts such as aestheticization and symbolisation. Theological debate is likewise performed through images, symbols and rituals rather than through doctrines and beliefs. In this book, authors from various research backgrounds seek to clarify the terms of reference, and explore the diversity and disagreements in their use from a Christian perspective.

The Bone Season series Samantha Shannon,2020-11-26 Enter the intoxicating universe of Scion in Samantha Shannon's Sunday Times and New York Times-bestselling Bone Season series The Bone Season The Mime Order The Song Rising London, 2059. In the Republic of Scion, clairvoyance is illegal, but a criminal underworld thrives in its shadows. Unique among clairvoyants, Paige Mahoney is a dreamwalker, capable of possessing other people – and under Scion law, she commits treason simply by breathing. Elsewhere, however, there is a seat of power even greater than Scion. And they have a different design for Paige and her uncommon abilities... In these sweeping, extraordinary books, Paige will rise to become the leader of a revolution like no other, determined to bring justice to a world that will stop at nothing to destroy her.

The Bone Season Samantha Shannon,2013-08-20 The New York Times bestselling first novel in the Bone Season series, an epic fantasy about a young woman fighting to use her powers and stay alive in an England entirely different from our own. In 2059, Scion has taken over most of the world's cities, promising safety for all the citizens it deems worthy and wiping out clairvoyants wherever it can

find them. Paige Mahoney, though, is a clairvoyant--and a criminal just for existing. Paige is determined to fight Scion's power, and as part of the Seven Seals, Paige has found a use for her powers: she scouts for information by breaking into others' minds as they dream. But when Paige is captured and arrested, she encounters a power more sinister even than Scion. The voyant prison is a separate city, controlled by a powerful, otherworldly race. These creatures, the Rephaim, value the voyants highly-as soldiers in their army. Paige is assigned to a Rephaite keeper, Warden, who will be in charge of her care and training. He is her master. Her natural enemy. But if she wants to regain her freedom, Paige will have to learn something of his mind and his own mysterious motives. The Bone Season introduces a compelling heroine-a young woman learning to harness her powers in a world where everything has been taken from her. It also introduces an extraordinary young writer, with huge ambition and a teeming imagination. Samantha Shannon has created a bold new reality in this riveting debut.

Crime Novels: Four Classic Thrillers 1964-1969 (LOA #371) Margaret Millar,Ed McBain,Chester Himes,Patricia Highsmith,2023-09-12 In the 1960s the masters of crime fiction expanded the genre's literary and psychological possibilities with audacious new themes, forms, and subject matter—here are four of their finest works This is the second of two volumes gathering the best American crime fiction of the 1960s, nine novels of astonishing variety and inventiveness that pulse with the energies of that turbulent, transformative decade. In Margaret Millar's *The Fiend* (1964) a nine-year-old girl disappears and a local sex offender comes under suspicion. So begins a suspenseful investigation of an apparently tranquil California suburb which will expose a hidden tangle of fear and animosity, jealousy

and desperation. Ed McBain (a pen name of Evan Hunter) pioneered the multi-protagonist police procedural in his long-running series of 87th Precinct novels, set in a parallel Manhattan called Isola. Doll (1965) opens at a pitch of extreme violence and careens with breakneck speed through a tale that mixes murder, drugs, the modeling business, and psychotherapy with the everyday professionalism of McBain's harried cops. The racial paranoia of a drunken police detective in Run Man Run (1966) leads to a double murder and the relentless pursuit of the young Black college student who witnessed it. In Chester Himes's breathless narrative, New York City is a place with no safe havens for a fugitive whom no one wants to believe. In Patricia Highsmith's The Tremor of Forgery (1969) a man whose personality is disintegrating is writing a book called The Tremor of Forgery about a man whose personality is disintegrating, "like a mountain collapsing from within." Stranded unexpectedly in Tunisia, Howard Ingham struggles to hold on to himself in a strange locale, while a slightly damaged typewriter may be the only trace of a killing committed almost by accident. Volume features include an introduction by editor Geoffrey O'Brien (Hardboiled America), newly researched biographies of the

writers and helpful notes, and an essay on textual selection.

Rain on the Wind Walter Macken, 2014-04-24 From boyhood to manhood big, gentle Mico had but two passions in life - the sea, and a young girl so terrible lovely-lookin' it raised your heart to heaven just to see her smile. But with a hideous birthmark on his cheek, a Jonah to those he loved, and only the simple life of a fisherman to offer, how could he hope to win Maeve? The white-capped waves and a great old black bitch of a boat brought the answer . . .
