The Festival of Pirs Afsar Mohammad, Apsar, 2013-12 This study is about a popular manifestation of Islamic devotion that embraces a pluralist setting, keeping itself in a dynamic dialogue with non-Muslim practices. With evidence from various public devotional narratives and ritual practices, the author argues that even universal understanding of living Islam remains incomplete if we do not consider this locally produced pluralised devotional setting that surrounds it. He seeks to address various aspects of local and localised Islam through an examination of Gugudu's local and popular transformation of normative Islam, giving particular focus to the various devotional rituals that blend Muslim and Hindu practices in the public event of Muharram.

Sufi Saints and State Power Sarah F. D. Ansari, 1992-01-31 In this book, Dr Sarah Ansari examines the system of political control constructed by the British in Sind between 1843 and 1947. In particular, she explores the part of the local Muslim elite, the pirs or hereditary sufi saints. Using a wealth of historical material and in depth interviews, the author looks at the development of the institution of the pir, its power base and the mechanics of the system of control into which the pirs were drawn. The overall success of the political system depended on the willingness of the elite to participate and Dr Ansari argues that it did indeed work in Sind. This enabled the British to govern while allowing the pirs to adapt to colonial rule, and later independence, without serious damage to their interests. The author demonstrates that only in the heightened nationalist atmosphere of the 1940s did the system break down.

Fabulous Females and Peerless Pirs, 2004-01-01 The mythic figure Satya Pir has a wide following among Hindus and Muslims alike in the Bangla-speaking regions of South Asia. Believed to be an avatara of krsna, or a Sufi saint, or somehow both, he is worshiped for his ability to bring wealth and comfort to a family. At the heart of this worship is the simple proposition that human dignity and morality are dependent upon a proper livelihood-without wealth, people cannot be expected to live moral lives. Men have a special responsibility to create that stability, but sometimes fail miserably, making ill-advised decisions that compromise the women who are dependent upon them. At these threatening junctures, women must take matters into their own hands, and they call on Satya Pir to help them right the wrongs done by their husbands or fathers. In this book, Tony K. Stewart presents lively translations of eight closely related 18th- and 19th-century Bengali folk tales centered on Satya Pir and the people he helps. To extricate her husband and other family members from these predicaments, one heroine dresses in drag, dons armor to fight cutthroats, slays a raging rhino and hacks off its horn, and takes the prize of the king's daughter, to the consternation of all. In another tale, one woman's husband is magically transformed into a ram and kept by a witch as breeding stock, and another's is transformed into a popinjay parrot, the better to elude her jealous father, intent on protecting his good daughter's virtue. In each case the men are rescued and restored to normal by resourceful women. While the worship of Satya Pir is the ostensible motivation for the tales, they are really demonstrations of the Pir's miraculous powers, which authenticate him as a legitimate object of worship. The tales are also wickedly funny, parodying Brahmins and yogis and kings and sepoys. These surprising and entertaining stories fly in the face of conventional wisdom about the separation of Muslims and Hindus. Moreover, the stories happily stand alone, speaking with an easily recognized if not universal voice of exasperation and amazement at what life throws at us.

Private Information Retrieval Xun Yi, Russell Paulet, Elisa Bertino, 2013-09-01 This book deals with Private Information Retrieval (PIR), a technique allowing a user to retrieve an element from a server in possession of a database without revealing to the server

which element is retrieved. PIR has been widely applied to protect the privacy of the user in querying a service provider on the Internet. For example, by PIR, one can query a location-based service provider about the nearest car park without revealing his location to the server. The first PIR approach was introduced by Chor, Goldreich, Kushilevitz and Sudan in 1995 in a multi-server setting, where the user retrieves information from multiple database servers, each of which has a copy of the same database. To ensure user privacy in the multi-server setting, the servers must be trusted not to collude. In 1997, Kushilevitz and Ostrovsky constructed the first single-database PIR. Since then, many efficient PIR solutions have been discovered. Beginning with a thorough survey of single-database PIR techniques, this text focuses on the latest technologies and applications in the field of PIR. The main categories are illustrated with recently proposed PIR-based solutions by the authors. Because of the latest treatment of the topic, this text will be highly beneficial to researchers and industry professionals in information security and privacy.

How to Raise Your Child Melony S. Pirs,2016-12-11 Want to be a better parent? HOW TO RAISE YOUR CHILD? Use our parenting tips to teach your children to have better manners, habits, and behaviors. A child is a precursor of the future adult, and its upbringing should ensure it develops physically, intellectually, socially and spiritually. Keep your relationships with your partner and friends strong after having kids. It's time for mothers and fathers to come out of exile and educate your children.

7 Principles of the Child's Upbringing Melony S. Pirs,2016-12-09 Upbringing of children is not as easy as it seems. However, most parents have repeatedly had difficulties associated with raising children. Children need the care, custody, good upbringing and education, they should be protected from dangerous objects, habits, contacts. Most parents cope with this part of their duties well. But this is only a part of what is necessary for normal growth of a child. If a parent doesn't pay attention to a kid(or doesn't do it correctly), the child will unconsciously and uncritically adopt the habits and patterns of behavior in others. Also it can form unrealistic goals, desires, and life principles. In this book you will find 7 principles of the child's education. And also learn what is -proper upbringing of the child.-

Life is a Pilgrimage Pir Vilayat Inayat Khan,

Economy and Culture in Pakistan Hastings Donnan,1991-06-18 An examination of the economic and cultural implications of the massive national and international movements of ordinary people in a single Muslim society - Pakistan. Topics covered range from nationhood and nationalities to migration, death and martyrdom in rural Pakistan.

In Search of the Hidden Treasure Pir Vilayat Inayat Khan,2003 Like no other book, In Search of the Hidden Treasure captures the centuries-old traditions of Sufism. Its pages allow the contemporary reader to become immersed in the words, sights, and wisdom of

this powerful mystical wing of Islam. Here is the world of whirling dervishes; of mysterious alleyways where chanting is heard all day long; and of a young poet named Rumi, who writes impassioned love songs to God. Constructed as a conference of Sufis who gather in a great hall to answer the questions of a seeker, *In Search of the Hidden Treasure* is illustrated with more than a hundred previously unpublished works of Islamic art, and portraits of the Sufi Pirs, or enlightened teachers, drawn by the author's wife, Mary Inayat Khan. The book also includes an extensive glossary of Sufi terms that pertain to states of consciousness, as well as well-documented biographies of all the Sufi Pirs, members of a long lineage that dates back to the prophet Muhammad.

Piri-muridi Relationship Desiderio Pinto, 1995 The relationship between a spiritual master and his disciple (piri-muridi) becomes important when one witnesses day after day the large numbers of Muslims and non-Muslims flocking to spiritual masters (pirs) stationed at the various dargahs of India. This work discovers that piri-muridi aims at making the disciple see God in all things while very often allowing him to enjoy worldly success. This is achieved through a lengthy socialization process that spans a period of time ranging from twelve years to a lifetime. This socialization process is very painful, and some disciples (murids) run away. Most, however, remain bound to their pir, by their vow of allegiance to him, the pir's friendliness, sympathy, material, magical and psychological assistance, and when that is not enough, fear of his magical power. During this period the murid learns to fall in love with the pir whom he strives to see as the representative of God, by observing, serving, and seeing the pir's hand in everything that befalls him, and frequently recalling and concentrating on a mental image of the pir while believing that his actions are prompted by the pir. Having thus attained union with the pir, he one day suddenly realizes that the pir is just a curtain or veil that hides something else -- that which he has truly loved all the time in the image of the pir is God himself. The book is a mine of empirical information collected in the Nizamuddin dargah, showing how a set of beliefs contained in constantly narrated stories and experiences are used to forge, structure, maintain and further the relationship between the pir and his murid. It will be of interest to scholars of Islam, Indian history and sociology, Sufi thought and the place of religion in the modern world.
