**Thomas! (Thomas & Friends)** Random House,2020-07-07 A brand-new train-shaped Thomas board book! This sturdy train-shaped board book lets train-loving boys and girls ages 0 to 3 learn all about their favorite blue engine, Thomas! In the early 1940s, a loving father crafted a small blue wooden train engine for his son, Christopher. The stories that this father, the Reverend W Awdry, made up to accompany the wonderful toy were first published in 1945 and became the basis for the Railway Series, a collection of books about Thomas the Tank Engine and his friends--and the rest is history. Thomas & Friends(TM) are now a big extended family of engines and others on the Island of Sodor. They appear not only in books but also in television shows and movies, and as a wide variety of beautifully made toys. The adventures of Thomas and his friends, which are always, ultimately, about friendship, have delighted generations of train-loving boys and girls for more than 70 years and will continue to do so for generations to come.

*Bulgy W.* Awdry,2008 This is a story about Bulgy the Bus. He came to work on the Island of Sodor during the busy season. He thought he was better than all the engines, so he tried to take their passengers away...

Presented in six sections, the translated essays cross-reference each other. The collection adopts a wide range of critical, historical, practical, and experimental approaches. This variety provides a creative and fascinating edge for both specialist and nonspecialist readers. Animation Paul Wells,2019-07-25 Animation: Genre and Authorship explores the distinctive language of animation, its production processes, and the particular questions about who makes it, under what conditions, and with what purpose. In this first study to look specifically at the ways in which animation displays unique models of ‘auteurism’ and how it revises generic categories, Paul Wells challenges the prominence of live-action moviemaking as the first form of contemporary cinema and visual culture.
