Encyclopedia of Demons in World Religions and Cultures Theresa Bane, 2014-01-10 This exhaustive volume catalogs nearly three thousand demons in the mythologies and lore of virtually every ancient society and most religions. From Aamon, the demon of life and reproduction with the head of a serpent and the body of a wolf in Christian demonology, to Zu, the half-man, half-bird personification of the southern wind and thunder clouds in Sumero-Akkadian mythology, entries offer descriptions of each demon's origins, appearance and cultural significance. Also included are descriptions of the demonic and diabolical members making up the hierarchy of Hell and the numerous species of demons that, according to various folklores, mythologies, and religions, populate the earth and plague mankind. Very thoroughly indexed.

Temiar Religion, 1964-2012 Geoffrey Benjamin, 2014-09-12 The Temiars, a Mon-Khmer-speaking Orang Asli society living in the uplands of northern Peninsular Malaysia, have long attracted popular attention in the West for reports that ascribed to them the special psychotherapeutic technique known as 'Senoi Dreamwork'. However, the reality of Temiar religion and society, as studied and recorded by Geoffrey Benjamin, is even more fascinating than that popular portrayal—which he shows to be based on a serious misrepresentation of Temiar practice. When Benjamin first lived in the isolated villages of the Temiars between 1964 and 1965, he encountered a people who lived by swidden farming supplemented by hunting and fishing. They practised their own localised animistic religion in an area where the main religion was once Mahayana Buddhism and is now Islam. Half a century later, the Temiars have become much more deeply embedded in broader Malaysian society, while retaining their distinctive way of life and maintaining their complex animistic religious beliefs. Benjamin's ongoing fieldwork in the 1970s, 1990s and 2000s followed the Temiars through processes of religious disenchantment and re-enchantment, as they reacted in various ways to the advent of

Baha'i, Islam and Christianity. Some Temiars even developed a new religion of their own. In addition to its rich ethnographic reportage, the book proposes a novel theory of religion, and in the process develops a deeply insightful account of the changing intellectual framework of anthropology over the past half-century.

Tall Tales of Malaysia James M. Bourke, 2022-03-17 Tall Tales of Malaysia is a collection of 18 vivid and memorable short stories about life in the Federation of Malaysia. The stories vary greatly in scope and theme. However, taken together, they capture the distinctive flavour of the people and states that make up modern Malaysia, its exotic rainforest, its diverse races, its indigenous people and their belief in ghosts, djinns and bomohs. There is a good deal of flashback to the colonial era and some mention of the legacy issues which still remain. The stories are entirely fictional and belong to the rich oral tradition of storytelling across Southeast Asia. Tall Tales of Malaysia are refreshingly different. They are gripping and a joy to read.

Stillborn - The Legend of Pontianak and Other Supernatural Ghost Stories Elmi

Zulkarnain Osman, 2019-05-23 Stillborn - The Legend of Pontianak and Other Supernatural Ghost Stories collects eleven of Dr Elmi Zulkarnain Osman's best supernatural, horror and ghostly tales from around the world. In the tradition of Dickens, Jackson, King, Coleridge, Poe, and other master writers, these frightful stories conjure the creaks and shadows of the very places where they came to life. Must read stories include The Exorcism of Sarah Sullivan, A Family of Three - The Fiendish Union with an Incubus, Stillborn - The Legend of Pontianak, Night of the Living Pocong and Death Battle 2019 - An Urban Legend. This book is a one of a kind combination of horror stories and a variety of ghost stories from around the world with a supernatural twist. Dr Elmi Zulkarnain Osman has creatively managed to craft out a sophisticated and hair-raising anthology. These exceptionally diverse horror ghost stories are definitely not for the faint-hearted. A definite must for any aficionado of horror and ghost stories. Excerpts from 'Night of the Living Pocong': Okay, so these are generally referred to as Pocong, began Rayyan, very matter of fact, There have been quite a surprising number of sightings of these creatures and effectively, they are zombies. What, zombies? Like the undead? Yeah, they were once

just normal people like me and you. Sometimes they died naturally, sometimes prematurely and they are wrapped up in a kain kafan, a white shroud secured around the head and feet, which is part of the traditional burials that go on around these parts, explained Rayyan. Right, so they come back to life? Not exactly Adam. It's said that after death the soul will stay on earth for around 45 days before it passes on to the next life, but they can only go if they are at peace with their previous life. If they don't make peace by then or know they won't be successful in doing so in time to pass, they tend to jump out of their graves. Excerpts from 'A Family of Three - The Fiendish Union with an Incubus': The Incubus entered her. The breath in her lungs exited. Her eyes rolled to the back of her head. She felt his member stretching her in every direction. Her flesh was tearing around him. She felt him in her intestines, rupturing vessels and bruising her innards. The blood ran down her body and onto the white sheets. Every thrust left a pang of ache. Her body twitched like a bug that had been squashed and left to suffer. If you enjoy reading creepy ghost stories and spine-chilling horror fiction with a supernatural twist, you'll love this anthology!

Patronage Driven Democracy Wawan Sobari.,2017-01-01 This work builds on the research for my PhD in the Department of Politics and Public Policy, the Flinders University of South Australia. Many people and institutions have contributed to complete my study. I cannot mention all of them here, but I have to mention a few. She encouraged me to better understanding human value-rationality, contexts and pragmatism in the issues of power and democracy. Dr Craig Matheson has expanded my understanding of rational irrationality in voting that shaped my work at the early stage. Prof Dr Yogi Sugito (the former Rector of Universitas Brawijaya) and Prof Dr Darsono Wisadirana (Dean of Faculty of Social and Political Sciences, Universitas Brawijaya) who strongly encouraged me to study abroad. Prof Ifar Subagio PhD and his staffs at the International Office of Universitas Brawijaya had given me administrative and financial supports. Indonesian Idioms and Expressions Christopher Torchia,Lely Djuhari,2007-07-15 Indonesian Idioms and Expressions is a collection of Indonesian expressions, including proverbs, slang, quotations and acronyms, that offers a commentary on their origins, as well as insights into Indonesian culture, customs, and history. The book is an informal compendium designed to be both educational and easy to read. There are four parts in the book, and the chapters hit on various linguistic themes, among them wisdom, characters, animals, food, slang, family affairs, and politics. Entries include the expression in Bahasa Indonesia, a translation, an equivalent expression in English, and an explanation

if necessary. The idea is to learn about Indonesian through the texture and content of its language, rather than the headlines—often bad ones—that tend to dominate perceptions of the vast country.

The words ghost and spirit are used interchangeably in American English but in other cultures the lingering souls of the departed are not to be confused with ancestral spirits, demonic spirits, numens or poltergeists. This encyclopedia lists hundreds of entities of the spirit realm--from aatxe to zuzeca--from world mythology and folklore.

An Indonesian-English Dictionary John M. Echols, Hassan Shadily, John U. Wolff, 1989 This dictionary is meant primarily as a tool for English speakers who need to know Indonesian and who deal with Indonesian writings. The aim has thus been to give comprehensive coverage to forms a foreigner might run across in Indonesian readings, from this era or from the past, but excluding classical Malay literature, Much of the Indonesian written production (written and otherwise) contains slangy, colloquial, and regional forms, and we have not excluded such forms. On the other hand we have confined the listing of dialectical forms only to those likely to be widely known...The dictionary should

also be useful to Indonesians who wish to learn English equivalents of Indonesian words, but it has not been developed primarily for that purpose, because many English words can only be defined by a sequence of Indonesian words. from Introduction.

Indonesian Cinema after the New Order Thomas Barker, 2019-09-16 In *Indonesian Cinema after the New Order: Going Mainstream*, Thomas Barker presents the first systematic and most comprehensive history of contemporary Indonesian cinema. The book focuses on a 20-year period of great upheaval from modest, indie beginnings, through mainstream appeal, to international recognition. More than a simple narrative, Barker contributes to cultural studies and sociological research by defining the three stages of an industry moving from state administration; through needing to succeed in local pop culture, specifically succeeding with Indonesian youth, to remain financially viable; until it finally realizes international recognition as an art form. This “going mainstream” paradigm reaches far beyond film history and forms a methodology for understanding the market in which all cultural industries operate, where the citizen-consumer (not the state) becomes sovereign. Indonesia presents a particularly interesting case because “going mainstream” has increasingly meant catering to the demands of new Islamic piety movements. It has also meant working with a new Ministry of Tourism and Creative Economy, established in 2011. Rather than a simplified creative world many hoped for, Indonesian filmmaking now navigates a new complex of challenges different to those faced before 1998. Barker sees this industry as a microcosm of the entire country: democratic yet burdened by authoritarian legacies, creative yet culturally contested, international yet domestically shaped. “This is a significant piece of scholarly contribution informed by an extensive range of interviews with industry insiders. This volume is particularly welcome given the dearth of English-language publications on Indonesian cinema in the last two decades. I have no

doubt that the book will be extensively used in any future work on national cinema, not just in Indonesia, but Southeast Asia more widely.” —Krishna Sen, University of Western Australia
“Indonesian Cinema after the New Order is a marvelously entertaining and important contribution to the study of Indonesian cinema, youth culture, and media worlds in a global context. In fact, I would consider it the best book I have seen on the subject of the Indonesian film industry.” —Mary Steedly, Harvard University

Demons, the Devil, and Fallen Angels Marie D. Jones, Larry Flaxman, 2017-09-01 Illuminating the Dark Side’s Spirits, Fiends, Devils, and Demons. Throughout human history, we have been obsessed with the dark opposites of God and angels, light, and mercy. Whether it is our religious and sacred texts, folklore and myths of old, legends, fairy tales, novels, or the movies and television shows of today, the dark entities enthrall us, terrify us, and remind us of the dualities of life. But where did they originate? Are they real? Does every religion or region of the world include them? Exploring over two dozen religious traditions, myths, folkloric and spiritual traditions, the world of the supernatural, and the demons, the Devil, and fallen angels in today’s pop culture, *Demons, the Devil, and Fallen Angels* is a comprehensive resource of the many faces of the devil, his minions, ominous deities, and the darker side of nature and ourselves. From ancient demon worship to modern Satanism, the bloody era of the Inquisitions and later witch burnings to the Satanic Panic of the late-twentieth century, and secret occult societies to Hitler’s involvement with demonology, this book covers it all! You’ll learn about the key figures in history associated with demons and the Devil, the worshiping of the dark forces, and the lives of Aleister Crowley, John Dee, and Anton LaVey, as well as well-known figures who were alleged Satanists, some of whom may surprise you! Also featured are dozens of examples of links between demons/fallen angels and aliens, cryptids, apparitions and

poltergeists, and IDEs (interdimensional entities). Were the demons of the Bible possibly ancient alien visitors? Are alien abductions and poltergeists really demons in disguise? Is Slender Man a modern day demonic entity ... or totally fake? This fascinating look at Satan, evil spirits, and their 10,000-year history has 120 photographs, drawings, and illustrations to bring the portraits of over 200 demons and fallen angels to shivering life. Demons, the Devil, and Fallen Angels also includes a helpful bibliography and an extensive index, adding to its usefulness. It is a comprehensive, clear, and objective look at a subject that fills most people with fear and dread. Yet the presence of dark angels continues to remain a part of our human experience, our popular culture, and our spiritual understandings. Come and explore the shadowy side of existence and its integral part of our nature.

Emerging Local Politics in Indonesia Wawan Sobari, 2023-11-07 This book provides a richer understanding of democratic local politics in Indonesia after the implementation of local direct elections in 2005. Co-published with the University of Airlangga Press, it confronts the question as to why incumbent political leaders succeed and fail in their bid for re-election. By focusing on urban and rural districts in East Java, one of the most populated regions in Indonesia, the work unpacks the general trends of local Indonesian politics, drawing from an empirically sound and theoretically well-grounded case study. The author demonstrates that good policy performance does not guarantee the political survival of the incumbent, and reversibly, bad policy performance does not necessarily mean losing political power. It considers the core political strategies of populism, rivalry, and tangibility and cautions that—rather than helping liberal democracy to grow—these strategies support patronage-driven democracy. Within this system, a small number of vital protectors and defenders control patronage, and, problematically, exert influential control over the country's electoral processes. Relevant to scholars and students in Indonesian studies, and within political science and Asian studies

more broadly, this book follows a gripping and nuanced narrative that explains the relationship between policy choices, informal politics, voting behavior, and political survival in Indonesia.
