Pokemon Go Peter McDonald, 2016-08-15 Unless you were in deep cryogenic sleep or were abducted by aliens and just came back to civilization; you probably noticed that everyone around you is playing the new smartphone game: Pokémon GO! It's currently the most popular game out there and the hottest topic in social media and blogs. Every 90's kid either used to watch Pokémon the animated series back in the day or have at least once encountered this franchise. In those early days, collecting Pokémon trading cards and playing with them with your cousins, neighbors or friends were one of the best ways to have fun! Pokémon abbreviated from the Japanese title 'pocket monsters' first came into this world via Nintendo. Pokémon was a video game for the original 'Game boy' and later, it was expanded for Nintendo 64 and many home console games. It was an instant hit and reached more than 200 million copies worldwide. Two years later in 1997, the animated series were developed by The Pokémon Company International and the rest is history. A whole generation of kids in 90s and 2000s were brought up by this franchise. Pikachu and Ash were one of most favorite and popular characters in animated cartoon's history ever. The adventures of Ash, Misty, and Brock with the humor of Team Rocket spanned in over 900 episodes of animated TV shows and 19 animated movies. Pokémon anime show is said to be one of the most successful TV franchise ever and one of the longest running animated TV shows out there. There are only two animated T shows in the world which are running longer than Pokémon, The Simpsons, and Arthur. It is more

popular than SpongeBob Squarepants! So it is not a wonder that when augmented reality game developer company Niantic partnered with The Pokémon Company and Nintendo and eventually came up with Pokémon GO!, it smashed all-time records of the most downloaded app ever in both iOS and Android defeating the previous record held by Candy Crush Saga.

Pokemon Go D. D. Daniels,2016-08-02 Pokemon Go has in a matter of weeks become an internet phenomenon. It made \$14 million for its creators since launch, and it's breaking all sorts of records and topping download charts. But why? What is it? How can you get it? Here's the lowdown on everything you need to know about Nintendo and The Pokemon Company's latest smash hit. What's In This Ultimate Pokemon Go Guide? This is a comprehensive guide for Pokemon Go. All of a sudden it's like we've travelled back in time to the mid 1990s. Everybody has Pokemon fever again, and people are quite literally out on the streets catching Pokemon, which is something of a bizarre thing to think about. Topics covered in this guide include... * How to earn XP, level up, join gym teams and more * Getting started and catching Pokemon * Levelling up your trainer and Pokemon * Gyms, Teams and Pokemon battles * Advanced tips and tricks for catching Pokemon * Hatching eggs and finding out which Pokemon are inside * Rewards, XP and unlockable items for every level * How to find rare and legendary Pokemon * Using Incense correctly to catch Pokemon * How to easily tell if there's a problem with the Pokemon server and much more! What's The Craze All About? To break it down to its simplest description, Pokemon Go uses your mobile phone's satellite GPS systems and built-in clock to figure out where and when you are when the game is open. When you've got the game open, the game then populates the world around you with Pokemon. You end up looking at the world through your phone's screen and camera, and Pokemon are dropped onto the top of the real world in a semi-convincing way - this is augmented reality. What happens then is much like the rest of the Pokemon games - you can catch various creatures and do battle with others, training Pokemon and working to 'catch them all' as well as build your strength in battle. The gimmick is that thanks to the GPS and augmented reality, the Pokemon available to you change based on your real-world location and the time of day, so players are encouraged to move around. Real-world locations are even marked as PokeStops and Pokemon Gyms, meaning you have to travel to them if you want the benefits of those locations. It's pretty cool stuff.
