Die QUELLE LCD KULTUHR - MEISTER ANKER Uwe H. S LTZ, RENATE S LTZ, 2022-05-23 Was gab es im Jahr 1975/76? Damals schnappte man sich gern einen Versandhaus-Katalog. Ob OTTO-Versand, QUELLE oder andere Versandhäuser, hier sah jeder was angesagt war. Erwartungsvoll freute sich die Familie über einen neuen Katalog. In diesem Buch geht es um Meister Anker Uhren. Insbesondere um die Armbanduhr, die nur auf dem Versandumschlag vom QUELLE-Katalog Herbst/Winter 75/76 zu sehen war. Man streitet heute darüber, ob eine Optel oder eine Teletime mit LCD-Feldeffektanzeige 1972 die erste Armbanduhr gewesen ist. In der Teletime wurde auf jeden Fall ein Modul von der Firma American Microsystems Inc. (AMI) verwendet. Dieses Modul wurde zwischen 1973 und 1975 in vielen Uhren eingebaut. Auch in der QUELLE Uhr ist dieses Modul 1975 zu finden. 1975 war eine LCD-Armbanduhr mit Einstellkrone lange überholt, Drucker waren angesagt. So wurden wahrscheinlich die letzten Module mit Krone für Meister Anker Uhren verbaut.

Split the Pie Barry Nalebuff, 2022-03-08 From a leading Yale expert and serial entrepreneur, a radical, principled, and field-tested approach that identifies what's really at stake in any negotiation and ensures you get your half—so you can focus on growing the pie. Negotiations are incredibly stressful and can bring out the worst in people. Wouldn't it be better if there were a principled way to negotiate? Wouldn't it be even better if there were a way to treat people fairly and get treated fairly in a negotiation? Split the Pie offers a new approach that does both—a field-tested method that reframes how negotiations play out. Barry Nalebuff, a professor at Yale School of Management, helps identify what's really at stake in a negotiation: the "pie." The negotiation pie is the additional value created through an agreement to work together. Seeing the relevant pie will change how you think about fairness and power in negotiation. You'll learn how to get half the value you create, no matter your size. Filled with examples and in-depth case studies, Split the Pie is a practical and theory-based approach to negotiation. You'll see how it helped reframe a high-stakes negotiation when Coca-Cola purchased Honest Tea, a company Barry cofounded with his former student Seth Goldman. The pie framework also works for everyday negotiations. You'll learn how to deploy logic to determine truly equitable solutions and employ empathy to expand the pie and sell your solution. Split the Pie allows both sides to focus their energy on making the biggest possible pie—to have your pie and eat it too.

Move the Body, Heal the Mind Jennifer Heisz, 2022-03-08 A noted neuroscientist reveals groundbreaking research on how fitness and exercise can combat mental health conditions such as anxiety, dementia, ADHD, and depression, and offers a plan for improving focus, creativity, and sleep. Jennifer Heisz shares paradigm-shifting research on how exercise affects the brain, finding that intervals of intense workouts, or even leisurely walks, help stop depression and dementia, lessen anxiety and ADHD, and encourage better sleep, creativity, and resilience. Physical inactivity is the greatest risk factor contributing to dementia and anxiety—it's as much a factor as genetics. In addition, exercise's anti-inflammatory properties make it the most effective treatment strategy for those who are depressed and don't respond to anti-depressants. The book focuses on overcoming inertia; using exercise to help fight addictions; how we can improve our memory with fitness even as we age; and, importantly, how exercise can help us sleep better, improve focus, and be more creative. Included are easy to use plans for unique aerobic and resistance workouts designed to strengthen the brain.

Super Pumped: The Battle for Uber Mike Isaac, 2019-09-03 Now a SHOWTIME® original series starring Emmy winners Joseph Gordon-Levitt and Kyle Chandler and Academy Award nominee Uma Thurman. Now streaming – only on SHOWTIME. Named one of the best books of the year by NPR, Fortune, Bloomberg, Sunday Times A New York Times Book Review Editor's Choice "If you want to understand modern-day Silicon Valley, you need to read this book." —John Carreyrou, New York Times best-selling author of Bad Blood Hailed as the definitive book on Uber and Silicon Valley, Super Pumped is an epic story of ambition and deception, obscene wealth, and bad behavior that explores how blistering technological and financial innovation culminated in one of the most catastrophic twelve-month periods in American corporate history. Backed by billions in venture capital dollars and led by a brash and ambitious founder, Uber promised to revolutionize the way we move people and goods through the world. What followed would become a corporate cautionary tale about the perils of startup culture and a vivid example of how blind worship of startup founders can go wildly wrong.
