

# Pop N Music

Kelefa Sanneh

**Switched on Pop** Nate Sloan,Charlie Harding,2019-12-13 Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published *What to Listen for in Music*, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to shake it like a Polaroid picture, or Luis Fonsi and Daddy Yankee create harmonic ambiguity in *Despacito* that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, Switched on Pop brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in Switched on Pop.

**Words & Music** Paul Morley,2015-11-19 Has pop burnt itself out? Inspired by the video for Kylie Minogue's hit single 'Can't Get You Out of My Head', acclaimed rock journalist Paul Morley is driving with Kylie towards a virtual city built of sound and ideas in search of the answer. Their journey bridges the various paradoxes of twentieth-century culture, as they encounter a succession of celebrities and geniuses - including Madonna, Kraftwerk, Wittgenstein and the ghost of Elvis Presley - and explore the iconic and the obscure, the mechanical and the digital, the avant-garde and the very nature of pop itself.

**Major Labels** Kelefa Sanneh,2022-10-04 One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year “One of the best books of its kind in decades.” —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, *Major Labels* pays in full.

**Song and System** Harvey Rachlin,2020-03-15 From the first Tin Pan Alley tunes to today's million-view streaming hits, pop songs have been supported and influenced by an increasingly complex industry that feeds audience demand for its ever-evolving supply of hits. Harvey Rachlin investigates how music entered American homes and established a cultural institution that would expand throughout the decades to become a multibillion dollar industry, weaving a history of the evolution of pop music in tandem with the music business. Exploding in the 1950s and '60s with pop stars like Elvis and the Beatles, the music industry used new technologies like television to promote live shows and record releases. More recently, the development of online streaming services has forced the music industry to cultivate new promotion, distribution, copyright, and profit strategies. Pop music and its business have defined our shared cultural history. *Song and System: The Making of American Pop Music* not only charts the music that we all know and love but also reveals our active participation in its development throughout generations.

**Listen Again** Eric Weisbard,2007-11 DIVCollection of essays on the history of pop music./div

*Love for Sale* David Hajdu,2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don't Care Girl” who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, *Love for Sale* is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today's practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, *Love for Sale* is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.

**Writing and the Digital Generation** Heather Urbanski,2010-03-08 Is it true that, in this era of digitization and mass media, reading and writing are on the decline? In a thought-provoking collection of essays and profiles, 30 contributors explore what may instead be a rise in rhetorical activity, an upsurge due in part to the sudden blurring of the traditional roles of creator and audience in participatory media. This collection explores topics too often overlooked by traditional academic scholarship, though critical to an exploration of rhetoric and popular culture, including fan fiction, reality television, blogging, online role-playing games, and Fantasy Football. Both scholarly and engaging, this text draws rhetorical studies into the digital age.

**This is Pop** Eric Weisbard,2004 This publication is an inquiry that crosses stylistic categories of pop music and writing pop music.

*Pop-Rock Music* Motti Regev,2013-07-10 Pop music and rock music are often treated as separate genres but the distinction has always been blurred. Motti Regev argues that pop-rock is best understood as a single musical form defined by the use of electric and electronic instruments, amplification and related techniques. The history of pop-rock extends from the emergence of rock'n'roll in the 1950s to a variety of contemporary fashions and trends – rock, punk, soul, funk, techno, hip hop, indie, metal, pop and many more. This book offers a highly original account of the emergence of pop-rock music as a global phenomenon in which Anglo-American and many other national and ethnic variants interact in complex ways. Pop-rock is analysed as a prime instance of 'aesthetic cosmopolitanism' – that is, the gradual formation, in late modernity, of world culture as a single interconnected entity in which different social groupings around the world increasingly share common ground in their aesthetic perceptions, expressive forms and cultural practices. Drawing on a wide array of examples, this path-breaking book will be of great interest to students and scholars in cultural sociology, media and cultural studies as well as the study of popular music.

**Can't Slow Down** Michaelangelo Matos, 2020-12-08 A Rolling Stone-Kirkus Best Music Book of 2020 The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club scenes Everybody knows the hits of 1984 - pop music's greatest year. From Thriller to Purple Rain, Hello to Against All Odds, What's Love Got to Do with It to Wake Me Up Before You Go-Go, these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (Boogie Nights) and TV hits (Stranger Things). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular culture and a moral battleground, has never been told with the full detail it deserves - until now. Can't Slow Down is the definitive portrait of the exploding world of mid-eighties pop and the time it defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (Thriller), Prince (Purple Rain), Madonna (Like a Virgin), Bruce Springsteen (Born in the U.S.A.), and George Michael (Wham!'s Make It Big) rubbed shoulders with the stars of the fermenting scenes of hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, Can't Slow Down is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.

*Awopbopaloo* *bop Alopbamboom* Nik Cohn, 2016-06-13 From the rise of Bill Haley to the death of Jimi Hendrix, this account of music in the 1950s and 1960s is "the definitive history of rock 'n' roll" (Rolling Stone). This is British music journalist Nik Cohn's classic and cogent history of an unruly era—filled with outrageous tales and vivid descriptions of the music, and covering artists from Elvis Presley to Eddie Cochran to Bob Dylan to the Beatles and beyond. From the father of what would become a new literary form—rock criticism—this is a seminal history of rock and roll's evolution, including revisions and updates made for a new edition in the early 1970s.

Refashioning Pop Music in Asia Allen Chun, Ned Rossiter, Brian Shoemsmith, 2004-07-31 This collection of thirteen essays examines cultural, political, economic, technological and institutional aspects of popular music across Asia, from India to Japan.

**Listen to Pop!** James E. Perone, Listen to Pop! discusses the evolution of pop music in America from the 1950s to the present, diving into its impact on American culture, particularly through its association with television, and its enduring legacy. Listen to Pop!: Exploring a Musical Genre provides readers with an overview and a history of the pop music genre. The bulk of the book is devoted to analysis of 50 must-hear musical examples, which include artists, songs, and albums. Additionally, the book contains chapters that analyze the impact of pop music on American popular culture and the legacy of pop music, including how the music is used today in film and television soundtracks and in television commercials. The book deals with all of the various subgenres of pop music from the 1950s to the present. The selection of material discussed reflects the artists, songs, and albums topping the pop music charts of the period, and while the volume examines these items individually, it also discusses how our definition of pop music has evolved over the decades. This combination of detailed examination of specific songs, albums, and artists and discussion of background, legacy, and impact distinguishes it from other books on the subject and make it a vital reference and interesting read for all readers and music aficionados.

**Yeah! Yeah! Yeah!: The Story of Pop Music from Bill Haley to Beyoncé** Bob Stanley, 2014-07-14 [Stanley is] as clear-eyed about music as he is crazy in love with it. —Mikael Wood, Los Angeles Times A monumental work of musical history, Yeah! Yeah! Yeah! traces the story of pop music through songs, bands, musical scenes, and styles from Bill Haley and the Comets' "Rock around the Clock" (1954) to Beyoncé's first megahit, "Crazy in Love" (2003). Bob Stanley—himself a musician, music critic, and fan—teases out the connections and tensions that animated the pop charts for decades, and ranges across the birth of rock, soul, R&B, punk, hip hop, indie, house, techno, and more. Yeah! Yeah! Yeah! is a vital guide to the rich soundtrack of the second half of the twentieth century and a book as much fun to argue with as to quote.

**The Amazing Pop-up Music Book** Kate Petty, 1999 Animals clap, a band marches in time and smiling notes slide up and down the staff as young musicians experience the basics of making music. Colorful pop-up book includes a real keyboard.

The Cambridge Companion to Pop and Rock Simon Frith, Will Straw, John Street, 2001-08-16 This Companion maps the world of pop and rock, pinpointing the most significant moments in its history and presenting the key issues involved in understanding popular culture's most vital art form. Expert writers chart the changing patterns in the production and consumption of popular music, the emergence of a vast industry with a turnover of billions and the rise of global stars from Elvis to Public Enemy, Nirvana to the Spice Girls. They trace the way new technologies - from the amplifier to the internet - have changed the sounds and practices of pop and they analyse the way maverick entrepreneurs have given way to multimedia corporations. In particular they focus on the controversial issues concerning race and ethnicity, politics, gender and globalisation. Contains full profiles of a selection of figures from the pop and rock world.

*Pop Music Production* Phil Harding, 2019-06-28 Pop Music Production delves into academic depths around the culture, the business, the songwriting, and most importantly, the pop music production process. Phil Harding balances autobiographical discussion of events and relationships with academic analysis to offer poignant points on the value of pure popular music, particularly in relation to BoyBands and how creative pop production and songwriting teams function. Included here are practical resources, such as recording studio equipment lists, producer business deal examples and a 12-step mixing technique, where Harding expands upon previously released material to explain how 'Stay Another Day' by East 17 changed his approach to mixing forever. However, it is important to note that Harding almost downplays his involvement in his career. At no point is he center stage; he humbly discusses his position within the greater scheme of events. Pop Music Production offers cutting-edge analysis of a genre rarely afforded academic attention. This book is aimed at lecturers and students in the subject fields of Music Production, Audio Engineering, Music Technology, Popular Songwriting Studies and Popular Music Culture. It is suitable for all levels of study from FE students through to PhD researchers. Pop Music Production is also designed as a follow-up to Harding's first book PWL from the Factory Floor (2010, Cherry Red Books), a memoir of his time working with 1980s pop production and songwriting powerhouse, Stock Aitken Waterman, at PWL Studios.

No Sympathy for the Devil David Ware Stowe, 2011 In this cultural history of evangelical Christianity and popular music, David Stowe demonstrates how mainstream rock of the 1960s and 1970s has influenced conservative evangelical Christianity through the development of Christian pop music. For an earlier

**The Album** James E. Perone, 2012-10-17 This four-volume work provides provocative critical analyses of 160 of the best popular music albums of the past 50 years, from the well-known and mainstream to the quirky and offbeat. The Album: A Guide to Pop Music's Most Provocative, Influential, and Important Creations contains critical analysis essays on 160 significant pop music albums from 1960 to 2010. The selected albums represent the pop, rock, soul, R&B, hip hop, country, and alternative genres, including artists such as 2Pac, Carole King, James Brown, The Beatles, and Willie Nelson. Each volume contains brief sidebars with biographical information about key performers and producers, as well as descriptions of particular music industry topics pertaining to the development of the album over this 50-year period. Due to its examination of a broad time frame and wide range of musical styles, and its depth of analysis that goes beyond that in other books about essential albums of the past and present, this collection will appeal strongly to music fans of all tastes and interests.

*Lost in Music* Avron Levine White, 2016-04-14 This collection of essays, first published in 1987, provides a sociological treatment of many musical forms - rock, jazz, classical - with special emphasis on the perspective of the practising musician. Among the topics covered are the legal structures governing musical production and the question of copyright; recording and production technology; the social character of musical style; and the impact of lyrical content, considered socially and historically.
