*Posh & Becks* Andrew Morton, 2007-07-24 SHE IS A FASHION ICON WITH A LUST FOR FAME. HE IS POSSIBLY THE MOST FAMOUS ATHLETE ON THE PLANET. Together they are one of the most loved -- and hated -- pairs on Earth. This sensational, highly addictive biography delves beneath the Beckhams' glossy, glamorous facade to expose the real Posh and Becks behind the headlines and the hype. Celebrity biographer Andrew Morton, hailed for his insightful, in-depth coverage of luminaries such as Princess Diana and Madonna, explores in detail how David and Victoria Beckham followed their passions -- football and fame -- to become two of the most recognizable people in the world. From their individual childhood stories of relentlessly pursuing their dreams to achieving fame together on an international level, Posh and Becks have earned their unofficial titles as the King and Queen of Popular Culture, and they never disappoint their fans -- or the tabloids -- when it comes to making news. Their whirlwind courtship, royal wedding, alleged affairs, and family struggles have been lived out under the glare of flashbulbs, which they seem to simultaneously court and shun as they attempt to balance their personal lives with their public personas. With up-to-date coverage and commentary on all things Beckham, including David's disappointing stint at Real Madrid and the family's relocation to Los Angeles, *Posh & Becks* lays bare the truth behind the tabloids on this fascinating couple.

*A Historical Introduction to the Philosophy of Mind - Second Edition* Peter Morton, 2010-05-06 This is an expanded and revised second edition of Peter Morton's highly acclaimed *A Historical Introduction to the Philosophy of Mind*, a text that combines primary readings with detailed commentary. The book has two aims: to present the philosophy of mind from a historical perspective so that the theories in the field are seen to emerge in the process of solving problems with earlier theories; and to give students access to original source material together with commentaries that explain technical terms and jargon, outline argumentative structures, and place the texts in their historical context. The second edition adds several new chapters covering recent issues in the field, and revises earlier chapters to improve the readings and update the commentaries.

**Screening Generation X** Christina Lee, 2016-04-01 *Screening Generation X: The Politics and Popular Memory of Youth in*

Contemporary Cinema examines popular representations of Generation X in American and British film. In arguing that the various constructions of youth are marked by major cultural shifts and societal inequalities, it analyzes the iconic 'Gen X' figures ranging from the slacker, the teenage time traveller, and third wave feminists, to the oeuvre of Molly Ringwald and Richard Linklater. This book explores the important cultural work performed by films that mediate the experiences of Generation X and critiques the ongoing marginalization of the youth who struggle to find their identity and a voice in increasingly unstable times. Specific analyses of such films as *Pump Up the Volume*, *The Breakfast Club*, *Heathers*, *Donnie Darko* and *Waking Life* are used to illustrate the research.

*Alternative, Country, Hip-Hop, Rap, and More* Britannica Educational Publishing, 2012-12-01 With music today available on YouTube, online and satellite radio, MTV, through digital downloads, and on iPods and other handheld devices, we may think that we have heard all there is to hear about modern artists. *Media Sport Stars* Garry Whannel, 2005-07-08 *Media Sport Stars* considers how masculinity and male identity are represented through images of sport and sport stars. From the pre-radio era to today's specialist TV channels, newspaper supplements and websites, Whannel traces the growing cultural importance of sport and sportmen, showing how the very practices of sport are still bound up with the production of masculinities. Through a series of case studies of British and American sportsmen, Whannel traces the emergence of the sporting 'hero' and 'star', and considers the ways in which the lives of sport stars are narrated through the media. Focusing on figures like Muhammad Ali and David Beckham, whose fame has spread well beyond the world of sport, he shows how growing media coverage has helped produced a sporting system, and examines how modern celebrity addresses the issues of race and nation, performance and identity, morality and violence. From Babe Ruth to Mike Tyson, *Media Sport Stars* demonstrates that, in an era in which both morality and masculinity are perceived to be 'in crisis', sport holds a central place in contemporary culture, and sport stars become the focal point for discourses of masculinity and morality.
