*How to Preach a Dangerous Sermon* Frank A. Thomas, 2018-02-20 Learn to use four characteristics of preaching with moral imagination to proclaim freedom for all. The author describes the four characteristics using examples like Robert F. Kennedy, Dr. Martin Luther King, Jr., Prathia Hall, and the Moral Monday Movement, along with musicians and other artists of today. Moral imagination helps the hearer to see what they cannot see, to hear what they cannot hear--to inhabit the lives of others, so that they can embody Christ and true freedom for those others. This book equips and empowers preachers to transcend their basic skills and techniques, so that their proclamation of the Word causes actual turnaround in the hearts and lives of their hearers, and in their communities. Frank Thomas has written a passionate summons: amid the current destructive chaos of our society there is an urgent need for moral imagination. Such imagination is the antithesis of "diabolic" and "idolatrous" imagination that is all to the fore in our public discourse and practice. Thomas fleshes out "moral imagination" with close reflection on the practice of Robert F. Kennedy and Martin Luther King. Before he finishes Thomas shows how the urgency of "moral imagination" belongs peculiarly to the work of the preacher. This book is a welcome call for gospel-grounded courage and truth about the neighbor issued in a way that refuses the self-serving fakery

that dominates our public life. --Walter Brueggemann, Columbia Theological Seminary Timely and prophetic, *How to Preach a Dangerous Sermon* presents a homiletic essential for our churches today. Thomas insists that it is up to the preacher to recapture and reclaim the moral imagination of our nation so that the Gospel's message of freedom is true for all people. With attention to specific figures whose witness models the qualities and characteristics of moral imagination, Thomas inspires the preacher toward powerful proclamation that both challenges and critiques any speech that subjugates or subordinates. *How to Preach a Dangerous Sermon* is must read for preachers to recover and reimagine the leadership role of the church for the sake of justice for all. --Karoline M. Lewis, Associate Professor of Biblical Preaching and the Marbury E. Anderson Chair of Biblical Preaching, Luther Seminary; author of *She: Five Keys to Unlock the Power of Women in Ministry*. In this lucid and compelling book, Frank Thomas plumbs the depths of American moral rhetoric for insights that will help preachers. *How to Preach a Dangerous Sermon* provides new and dramatic ways in which the moral imagination in a democratic society can be nurtured by visionary, empathic, wise, and artistic preachers.--John S. McClure, Charles G. Finney Professor of Preaching and Worship, Vanderbilt Divinity School Warning: Preachers, if you are comfortable with the status quo of white privilege, patriarchy, hetero-normativity, and classism, do not read this book. If you are comfortable with sermon series that reduce the gospel to self-help acronyms, don't read this book. But if you have the courage to look honestly at our landscape and bring the moral imagination of the Christian tradition to bear on it, open these pages and your sermons may never be the same again. But then again neither will the church--or the world--be the same anymore, if enough of us follow Thomas's advice. --O. Wesley Allen, Jr., Lois Craddock Perkins Professor of Homiletics, Perkins School of Theology, Southern Methodist University

Sex, Dating, and Relationships Gerald Hiestand, Jay S. Thomas, 2012-02-29 Considering the pervasive immorality and high divorce rate of our contemporary Christian culture, we evidently need a biblically based, theologically compelling, practical understanding of sex, dating, and relationships. Pastors Gerald Hiestand and Jay Thomas counteract this problem with their paradigm-shifting view of purity and relationships—a view that challenges even the basic assumptions of evangelical subculture. Unlike most books on dating, this one cuts straight to the heart of dating relationships, asserting with confidence that the line must be drawn at no sexual activity whatever. Few have dared to define and apply the Bible's understanding of purity in premarital relationships to this degree, but Heistand and Thomas have done it. Furthermore, both authors are vocational pastors who communicate regularly with the target audience and have a proven ability to express biblical truth in a winsome and compelling manner. *Sex, Dating, and Relationships* adds a new, almost provocative voice to the conversation that, with straightforward theological insight, pleads with Christians to get serious about honoring Christ with their sexuality.

*Preaching* John F. MacArthur, Master's Seminary Faculty, 2005-08-21 Many sermons preached today lack the divine knowledge and spiritual understanding available only through dynamic expository preaching. In *Preaching: How to Preach Biblically*, John MacArthur's well-known passion for the Bible combines with the expertise of faculty members at The Master's Seminary to inspire and equip preachers in effective biblical preaching. *Preaching: How to Preach Biblically* flows from biblical foundations for expository preaching through a detailed process of developing expositions and creating sermons to the actual delivery of expository messages, connecting what pastors learn in seminary with the sermons preached in a local church. This volume shows how to progress purposefully from one phase to the next in preparing to minister to God's people through preaching.

This book answers these questions and more: What is expository, biblical preaching? What are the theological and historical foundations for insisting on expository preaching? What are the steps involved in preparation for and participation in biblical preaching? What models exist for expository preaching today? The Master's Seminary faculty, with over thirty years' experience in preaching and seminary training of preachers, contributes a treasury of expertise alongside insights from expositor John MacArthur. While united on their commitment to exposition, the variety of individual expressions and methodological preferences discussed offers beneficial assistance for any preacher seeking a higher level of expository excellence.

Let the Gospels Preach the Gospel Christopher J. H. Wright, 2017-01-14 Preaching about the cross of Christ is one of the greatest privileges and responsibilities any preacher can have! The four Gospel writers who wrote about the cross of Christ and the events leading up to it, did so in their own unique way. Each interpreting the events through the lens of different Old Testament Scriptures and each emphasising different themes. Based on his own sermons preached over a number of years at All Souls Church in London, Christopher Wright explores the rich variety and lets the four Gospels preach the Gospel in their own way. This is an excellent resource for preachers, which is further enriched by the final chapter that provides a personal commentary on how Wright prepared each of the sermons.

**Take Up and Preach** Blayne A. Banting, 2010-04 Speaking clearly and generously from an evangelical perspective, Blayne Banting has written a thoughtful, and thought-provoking book on biblical preaching. The sections on textual analysis and interpretation are deeply refreshing and worth the price of the book alone. Thomas G. Long, Ph.D. Bandy Professor of Preaching Candler School of Theology Emory University Blayne Banting has provided a needed, focused treatment of

the foundational segment of the preaching task. He has insightfully explored the movement from text to sermon outline. With a concise treatment of the motives and theology of preaching, he has helpfully clarified the movement from the biblical text to the sermon focus (dominant thought) and structure. He concludes with two valuable appendices (sermon forms and textual forms). Chuck Sackett, D.Min. Past-President of the Evangelical Homiletics Society Having joyfully worked alongside Dr. Banting as a colleague, having sat under his faithful preaching, and now having read his engaging homiletic primer, I can testify that Take Up and Read offers a welcome balance on both the theology and practice of preaching. Banting's creative appropriation of the Bridge metaphor keeps both biblical and contemporary contexts firmly in mind during the preparation of the sermon. I can only hope that many copies of this book will eventually become dog-eared from continual use and find their place of honor on the desks of many aspiring and experienced preachers alike. David Guretzki, Ph.D. Dean of the Seminary, Associate Professor of Theology Briercrest College and Seminary Blayne Banting, D.Min., Ph.D. is pastor of Caronport Community Church in Caronport, SK as well as an adjunct professor at Briercrest College and Seminary. Dr. Banting is married to Peggy and they have four children.

**Inductive Preaching** Ralph L. Lewis, Gregg Lewis, 1983-08-01 I spend hours in my study and on my knees preparing sermons, but when I preach them no one listens. What's wrong? Why aren't I getting through? Why do I see blank stares, daydream reveries, nodding heads as soon as I open my mouth to preach? I know my messages are biblically sound. I'm sure I'm preaching what God has laid on my heart. But it's not being received. What's wrong? What can I do? Sound familiar? If you're a preacher, you probably know the feeling. But it doesn't have to be that way. You can learn to preach in a way that will be readily, even eagerly, received by your congregation. It's all here: what

inductive preaching is, how it works, why it's effective, who's used it—including Jesus, Peter, Paul, Augustine, St. Francis, Wesley, Edwards, and Moody, to name only a few. Also included are: \* Step-by-step guidelines for constructing an inductive sermon \* Two sample inductive sermons \* A list of 96 inductive preachers from 20 centuries \* A strategy for making traditional sermon structures inductive \* A checklist of inductive characteristics. The principles in this book can dramatically increase your sermon effectiveness—turn apathy into involvement, make listeners out of the listless. Inductive preaching is preaching that works!

*Preach* K. Webster, 2017-07-06 Ex-convict turned preacher. Bad girl with a messy past. He's tasked with helping her find her way. She's lost in grief and self-doubt. Together they begin something innocent... Until it's not. His freedom is at risk. Her heart won't survive another break. All rational thinking says they should stay away from each other. But neither are very good at following the rules. A deep, dark craving. An overwhelming need. A burn much hotter than any hell they could ever be condemned to. They have much to be forgiven for... \*\*\*Warning: This is an insta-love TABOO romance novella. Ways of the Word Sally A. Brown, Luke A. Powery, 2016-05-19 Preaching, and the discipline of preaching, is at a crossroads. The changing realities of church and theological education, the diversity of our classrooms, and our increasingly complex community contexts leave us in search of tools to help train a rising generation of preachers for a future whose contours are far from clear. The questions are immense: How to support preachers in contexts that are diverse religiously, culturally, and ethnically, both inside and outside the church? How to help students take varied contexts seriously as they are formed as leaders? In *Ways of the Word*, a dynamic team of master

preachers brings much-needed help. Different in race, gender, age, and tradition, both Sally A. Brown and Luke A. Powery speak with one voice their belief that preaching is Spirit-empowered event: an embodied, vocalized, actively received, here-and-now witness to the ongoing work of God in the world. They aspire to help students and preachers alike to reflect on a journey of learning by doing. They aim to help preachers to become more attuned to the Spirit, more adept in preaching's component skills, and more self-aware about all that is at stake in proclaiming the redemptive work of God in specific contexts.

**Preaching Like the Prophets** Robert A. Carlson, 2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching. Too often the prophets are misunderstood as focusing on future or social justice issues. This book shows that the prophets are essentially preachers--very good ones--whom we must learn from. By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature, this book shows that the prophets preached the way that we ought to preach. It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher. We can benefit not only from what the prophets say but how they say it. By seeing how the prophets grab and keep their listeners, how they enhance clarity and relevancy, how they make truth come alive and how they persevere in their ministry, you too can learn to preach like the prophets.

**Preaching** Fred B. Craddock, 2010-05 Through this book, Craddock has, for a quarter century, been teaching countless students to preach lively, substantive, and faithful sermons. Preaching will... take its place, alongside the texts of Augustine, Fenelon, Broadus, Luccock, and others, as benchmark examples of the best wisdom in the treasury of homiletics.---Thomas G. Long, from the Foreword This groundbreaking volume has guided generations of students and pastors through the

daunting challenge of learning to preach. Fred Craddock weaves history, theology, and hermeneutics into a practical, comprehensive, and contemporary text on how to prepare and deliver the sermon. Painstakingly prepared for seminary students and clergy, *Preaching* answers the fundamental question, How does one speak a word from God? This format provides an intelligible guide to sermon preparation and allows for concentrated study of all the particular dimensions of the homiletical process. Fred Craddock's is a book filled with practical wisdom. It is free of the older homiletical prescriptions that too often confined the preacher's creativity. In place of rules, Craddock invites his readers to participate with him in the whole cycle of the preparation and delivery of sermons, and to do so in such a way that readers supplement the author's ideas with their own experiences and insights. Best of all, the book is free of jargon and the technical language of homiletics and theology. *Preaching* is a liberating book.---Richard Lischer, Duke University Divinity School

*The Elements of Preaching* Warren W. Wiersbe, David Wiersbe, 1986 Here are basic preaching principles as well as the main preaching prohibitions that can help you sharpen and focus your skills in the pulpit.

**Why Preach** Peter John Cameron, 2009 Well known for his teaching, writing, and editing of *Magnificat*, the widely popular monthly publication containing the Scripture readings and prayers for the Mass used weekly by several hundred thousand Catholics, Fr. Peter John Cameron, O.P., offers here expert spiritual and practical help for priests, pastors and seminarians desiring to preach effectively. *Why Preach* draws from the author's rich understanding of the Word of God as the challenging, encouraging, and healing presence of Christ, as well as from his own experience as both a preacher and a teacher of homiletics. With an eye focused on the works and examples of Pope

John Paul II and Pope Benedict XVI, Father Cameron illustrates that good preaching derives from and leads to an encounter with Christ, the Word of God made Flesh, who comes to us through the Scriptures. The objective of the book is to help preachers to think about preaching in a new, dynamic way. Its aim is to provide a fresh and helpful vision of preaching geared to deepening a preacher's appreciation of what preaching is, and the great spiritual impact that good preaching can have on its audience, so as to increase his desire and ability to preach well.

**Nine Lectures on Preaching** Robert William Dale, 1877

**How to Preach** G. Morgan, 2016-08-13 If there is any excuse for this book it is that it is an attempt to answer a question that I have been asked, certainly hundreds of times during the course of my work of preaching. The question has taken many forms, but it is essentially the same. It is an enquiry concerning methods of preparation in expository preaching. Individual preachers and groups of preachers have asked me to tell them how I work. I have always felt it difficult to reply. During the three years in which I was President of Cheshunt College, Cambridge, I attempted to talk to the students on the subject. The notes of what I then said are embodied in these Lectures. In 1925 I gave them to the students of the Biblical Seminary in New York. They then appeared in condensed form in the Biblical Review. I have now simply taken these reprints, and recast them. In so far as Rules are found here, they may be largely ignored, for as I have said in the course of these studies no man can make Rules for another. But I hold that the Principles set forth are of fundamental importance and vital value in preaching. In sending the book forth I hope it may be found of some help to those believing in the supreme place of preaching, are desirous of some guidance in the sacred work. G. CAMPBELL MORGAN Westminster Chapel, London

**Best Advice for Preaching** John S. McClure, 1998-01-01 A bright new resource for working

preachers. Packed with preaching wisdom from twenty-seven outstanding American preachers from various religious and ethnic backgrounds.

Writing for the Ear, Preaching from the Heart Donna Giver-Johnston, 2021-08-10 In Writing for the Ear, Preaching from the Heart, Donna Giver-Johnston teaches preachers how to communicate effectively--how to get away from their notes and make a more personal connection with their listeners. Grounded in a theology of the incarnation, she offers a step-by-step method for writing sermons with the fewest, most impactful and memorable words and delivered by heart to communicate a message that captures the ears and hearts of listeners.

**The Glory of Preaching** Darrell W. Johnson, 2010-01-04 In these pages you will find a vision of preaching that is both illuminating and inspiring. Drawing from biblical and theological resources as well as years in the pulpit, Darrell Johnson takes us far beyond the mere mechanics of delivering sermons. He dynamically unpacks the link between the human task of speaking to a congregation and the real, gracious action and presence of the living Christ in and through our proclamation. Johnson assists preachers to profoundly engage the biblical text and then liberates them to make use of their own personality, gifts and abilities as they communicate that message. This book is for any pastor or student who wants to cultivate a deeper pulpit approach, one that participates in the transforming mystery of God working through our less-than-perfect proclamation. Here is a solid foundation for preaching the good news as if God was living, Jesus was resurrected and the Holy Spirit was faithfully at work among us.

**Preaching** Ronald Allen, 2002 Preaching: it sounds like such a easy thing to do. All you have to do is step into the pulpit and talk for 20 minutes, right? Anyone who's ever stepped into that pulpit knows that preaching is anything but easy. Speaking a word from God that is grounded in the

biblical witness, theologically responsible, and true to contemporary experience is one of the most difficult things one can do. Advice on how to do this is as old as preaching itself, and there are as many opinions on preaching as there are preachers. Where do those who have been called to the ministry of proclamation begin? What are the basic understandings and practices that anyone who proposes to preach should know? In this new addition to the Essential Guides series, Ronald Allen seeks to answer these basic questions about preaching. He does so through the use of an inductive method, which is simply to say that he starts with a sermon itself, and uses that sermon to illustrate the process of moving from the first thoughts about what one will preach to the delivery of an actual sermon itself. Each chapter will raise a question about the sample sermon that leads into a broader discussion of the practical and theoretical issues that this particular aspect of the sermon raises (e.g., What is the good news in this sermon? What is the significance of this news for the congregation? Does the preacher offer a clear and sensible interpretation of the biblical text or the topic?) Written with the needs of students in both traditional M. Div. classes and non-degree ministry training programs in mind, *Preaching: An Essential Guide* will be an indispensable companion for all the others who seek to rightly explain the word of truth. Ronald J. Allen is Professor of Homiletics at Christian Theological Seminary, Indianapolis, Indiana
