Hugo Chávez, Alí Primera and Venezuela Hazel Marsh,2016-11-04 Unlike much of the literature on Venezuela in the Chávez period, this book shifts focus away from 'top down' perspectives to examine how Venezuelan folksinger Alí Primera (1942-1985) became intertwined with Venezuelan politics, both during his lifetime and posthumously. Alí's 'Necessary Songs' offered cultural resources that enabled Chávez to connect with pre-existing patterns of grassroots activism in ways that resonated deeply with the poor and marginalised masses. Official support for Alí's legacy led the songs to be used in new ways in the Chávez period, as Venezuelans actively engaged with them to redefine themselves in relation to the state and to reach new understandings of their place within a changed society. This book is essential reading not only for those interested in popular music and politics, but for all those seeking to better understand how Chávez was able to successfully identify himself so profoundly with the Venezuelan masses, and they with him.

La Primera Ian Tyson,2009-03-10 Ian Tyson's classic song, beautifully illustrated for horse-loving youngsters everywhere The story of the wild mustang in North America is the subject of "La Primera," a song written and performed by Canadian folk singer and horse aficionado, Ian Tyson. And it is the subject of this handsome picture book with paintings by equine artist Adeline Halvorson. In 1493, the first Spanish horses were loaded onto a ship and taken on a long, hard voyage to the Americas. Many died along the way and only a few survived. Among them was La Primera. Little by little, their numbers grew, and in time they were in Mexico with Cortez and his conquistadors, on the grasslands with the Comanche upon their backs, and in frontier towns serving the needs of cowboys. The rugged wild mustangs still exist, and their bloodlines are traceable all the way back to those first horses and the careful records the Spaniards kept. That the animals have survived for five hundred years, while the world around them changed, is a tribute to their endurance and fiery spirit. Included with the story of the song is a section of historical facts on these amazing and beautiful animals and a CD of Ian Tyson singing "La Primera."

Unintended Lessons of Revolution Tanalís Padilla,2021-10-11 In the 1920s, Mexico established rural normales—boarding schools that trained teachers in a new nation-building project. Drawn from campesino ranks and meant to cultivate state allegiance, their graduates would facilitate land distribution, organize civic festivals, and promote hygiene campaigns. In Unintended Lessons of Revolution, Tanalís Padilla traces the history of the

rural normales, showing how they became sites of radical politics. As Padilla demonstrates, the popular longings that drove the Mexican Revolution permeated these schools. By the 1930s, ideas about land reform, education for the poor, community leadership, and socialism shaped their institutional logic. Over the coming decades, the tensions between state consolidation and revolutionary justice produced a telling contradiction: the very schools meant to constitute a loyal citizenry became hubs of radicalization against a government that increasingly abandoned its commitment to social justice. Crafting a story of struggle and state repression, Padilla illuminates education's radical possibilities and the nature of political consciousness for youths whose changing identity—from campesinos, to students, to teachers—speaks to Mexico's twentieth-century transformations.

Francisco Aragon writes, ''*Primera Pagina* is more than a book, more than an anthology. It s a community one borne of community-building in the best sense of the term.'' And as Rane Arroyo writes in his preface, ''How might Latino poets living in the Midwest differ from those writing and living in other parts of our country? Read these poets for that answer.''

The News Media in Puerto Rico Federico A. Subervi-Vélez,Sandra Rodríguez-Cotto,Jairo Lugo-Ocando,2020-10-27 The News Media in Puerto Rico offers a synopsis as well as a critical analysis of the Island's news media system, with emphasis on the political and economic factors that most influence how the media operate. The authors also document the impact of Hurricane Maria on the media structures and the changing media landscape given the political, economic and colonial strictures. Building on interviews with news media professionals, the book further presents detailed insights about journalism and journalism education in these times of crises. The final chapters include theoretical frameworks and methodological guidelines for the analysis of other colonial, post-

colonial and neo-colonial media systems, with research recommendations valuable for future studies of the Island's media as well as for cross-national comparisons. This book will be an essential read for students and scholars interested in learning not only about the Puerto Rican and Latin American mass media, but also the media systems of other colonial/neo-colonial countries.
