

Prince Of Persia

Fernando Bueno

Prince of Persia A. B. Sina, Jordan Mechner, 2008-09-02 The past and future are woven together in this epic tale of a prince, an evil vizier, a princess, and a prophecy in ancient Persia.

The Making of Prince of Persia Jordan Mechner, 2020-03-26 The creator of one of the most innovative and best-selling video games of all time gives an unvarnished look into the process in this one-of-a-kind compilation. Before Prince of Persia was a best-selling video game franchise and a Disney movie, it was an Apple II computer game created and programmed by one person, Jordan Mechner. Mechner's candid and revealing journals from the time capture the journey from his parents' basement to the forefront of the fast-growing 1980s video game industry... and the creative, technical, and personal struggles that brought the prince into being and ultimately into the homes of millions of people worldwide. Now, on the 30th anniversary of Prince of Persia's release, Mechner looks back at the journals he kept from 1985 to 1993, offering new insights into the game that established him as a pioneer of cinematic storytelling in the industry. This beautifully illustrated and annotated collector's edition includes: 300 pages of Jordan's original journals, Present-day margin notations by Jordan adding explanation, context, and affectionate cartoons of real-life characters, Archival visuals illustrating the stages of the game's creation, Work-in-progress sketches, rotoscoped animation, screen shots, interface design, memos, and more, A full-color 32-page Legacy section in which Jordan and fans share Prince of Persia memories from the past 30 years, including the Ubisoft games and Disney movie. The Making of Prince of Persia is both a tribute to a timeless classic, and an indelible look at the creative process that will resonate with retro-gaming fans, game developers, and writers, artists, and creators of all stripes.

Samak the Ayyar , 2021-08-03 The adventures of Samak, a trickster-warrior hero of Persia's thousand-year-old oral storytelling tradition, are beloved in Iran. Samak is an ayyar, a warrior who comes from the common people and embodies the ideals of loyalty, selflessness, and honor—a figure that recalls samurai, ronin, and knights yet is distinctive to Persian legend. His exploits—set against an epic background of palace intrigue, battlefield heroics, and star-crossed romance between a noble prince and princess—are as deeply rooted in Persian culture as are the stories of Robin Hood and King Arthur in the West. However, this majestic tale has remained little known outside Iran. Translated from the original Persian by Freydoon Rassouli and adapted by Prince of Persia creator Jordan Mechner, this timeless masterwork can now be enjoyed by English-speaking readers. A thrilling and suspenseful saga, *Samak the Ayyar* also offers a vivid portrait of Persia a thousand years ago. Within an epic quest narrative teeming with action and supernatural forces, it sheds light on the lives of ordinary people and their social worlds. This is the first complete English-language version of a treasure of world culture. The translation is grounded in the twelfth-century Persian text while paying homage to the dynamic culture of storytelling from which it arose.
