*Taking a Stand* Jared N. Champion, Peter C. Kunze, 2021-11-15 Contributions by Jared N. Champion, Miriam M. Chirico, Thomas Clark, David R. Dewberry, Christopher J. Gilbert, David Gillota, Kathryn Kein, Rob King, Rebecca Krefting, Peter C. Kunze, Linda Mizejewski, Aviva Orenstein, Raúl Pérez, Philip Scepanski, Susan Seizer, Monique Taylor, Ila Tyagi, and Timothy J. Viator Stand-up comedians have a long history of walking a careful line between serious and playful engagement with social issues: Lenny Bruce questioned the symbolic valence of racial slurs, Dick Gregory took time away from the stage to speak alongside Martin Luther King Jr., and—more recently—Tig Notaro challenged popular notions of damaged or abject bodies. Stand-up comedians deploy humor to open up difficult topics for broader examination, which only underscores the social and cultural importance of their work. *Taking a Stand: Contemporary US Stand-Up Comedians as Public Intellectuals* draws together essays that contribute to the analysis of the stand-up comedian as public intellectual since the 1980s. The chapters explore stand-up comedians as contributors to and shapers of public discourse via their live performances, podcasts, social media presence, and political activism. Each chapter highlights a stand-up comedian and their ongoing discussion of a cultural issue or expression of a political ideology/standpoint: Lisa Lampanelli's use of problematic postracial humor, Aziz Ansari's merging of sociology and technology, or Maria Bamford's emphasis on mental health, to name just a few. *Taking a Stand* offers a starting point for understanding the work stand-up comedians do as well as its reach beyond the stage. Comedians influence discourse, perspectives, even public policy on myriad issues, and this book sets out to take those jokes seriously.

**Tig Notaro** Sloane Hughes, 2019-07-15 When Tig Notaro stepped on stage and announced to the world she had bilateral stage two breast cancer, she had already had a very bad year. The difficulties were not over. Notaro was able to find the humor and humanity in even the darkest of places, however, and for that she has become one of today's most well known comedians. This revealing volume explores Notaro's life and what brought her to comedy as well as how she uses comedy to help us examine and process our own lives.

Yet multiple spacecraft are circling Mars, sweeping over Terra Sabaea, Syrtis Major, the dunes of Elysium, and Mare Sirenum-- on the brink, perhaps, of a staggering find. Johnson tells the story of how she and other researchers have scoured Mars for signs of life. *Spiders, Hearts, & Knives* DISTXRT8D WALLPAP3R, 2022-10-20 An old tale tells of one of the universe's most prized treasures titled the Araknyd, which was the embodiment of the eight ultimate chakras of the universe. The chakras were represented by its eight legs, which were separated from it. Some said it would grant the user the aptitude to become the ultimate being, and some said it was able to give life as easily as it could take it away. The Araknyd was held inside a temple on a pedestal, dormant, waiting to be activated by all eight of its legs, which were each protected by an oracle, a part of a group called the 8-Legged Anatomy. Along with the treasure, there was a prophecy that spoke of a young man who was immune to poison. He could harness all eight chakras of the universe, and he would be the one that brought them all together. When a boy named Paul meets a ravishing spider named Roxy, she takes him to a place where he learns about the legend of the Araknyd. Before long, they also conjure a demon named Violet that gets added to the team. The three of them embark on a quest, defeating deities of anguish, making baneful decisions, and risking

the fate of existence to retrieve those eight legs and not only awaken the power, but stop the completed Araknyd from falling into the wrong hands.

George Burns Television Productions Richard Irvin, 2014-05-12 An elementary school dropout, George Burns went on to become one of America's most beloved entertainers. This book covers a neglected part of his career--his work as a television producer. Burns was not only a behind-the-scenes producer, but also filled the role of producer in various comedies in which he starred. Though his forte was situation comedies, Burns' company, McCadden Productions, also produced dramatic anthology series and pilots, including a pilot considered to be a precursor to the popular TV series Mission: Impossible. This book focuses on Burns' wide variety of production efforts, and follows his involvement in television productions from his 1950 comedy series with his wife, Gracie Allen, through his participation in the fantasy sitcom Mister Ed, and finally to his last producer credit in 1981, I Love Her Anyway, a remake of The Burns and Allen Show.
