Pokemon Ash's Parody Musical Adventure Nikki Crawford,

Millennial Monsters Anne Allison, 2006-06-30 From sushi and karaoke to martial arts and technoware, the currency of made-in-Japan cultural goods has skyrocketed in the global marketplace during the past decade. The globalization of Japanese “cool” is led by youth products: video games, manga (comic books), anime (animation), and cute characters that have fostered kid crazes from Hong Kong to Canada. Examining the crossover traffic between Japan and the United States, *Millennial Monsters* explores the global popularity of Japanese youth goods today while it questions the make-up of the fantasies and the capitalistic conditions of the play involved. Arguing that part of the appeal of such dream worlds is the polymorphous perversity with which they scramble identity and character, the author traces the postindustrial milieux from which such fantasies have arisen in postwar Japan and been popularly received in the United States.

The Boy Who Tricked Trolls Lorraine Hellier, 2012-09-01 At the heart of *The Boy Who Tricked Trolls* is Alex, a teenage boy coping with his mother’s disability and his stressed, workaholic father. After school each day, he meets his father at his workplace – a storage facility warehouse. It is here that Alex’s adventures begin...Alex is invited by an elderly gentleman, Phineas, to visit the fantasy world of Serendipity. Access to this world, in a different dimension, is through a Grandfather Clock stored in the warehouse. When Phineas introduces him to the islanders living on Serendipity, Alex becomes involved with the fascinating characters and their lives in this other world. He volunteers to help rescue a young child, Amy, who has fallen down a hole into tunnels beneath the island. The trolls, living in the caves, capture Alex and Indi, Amy’s brother. But they are quickly outwitted by Alex, and Amy is rescued. *The Boy Who Tricked Trolls* is the fourth in Lorraine Hellier’s Serendipity series but can be read as a standalone novel. It has been inspired by living on Guernsey, where Lorraine visited clock makers, and is reminiscent of C. S. Lewis’ *The Lion, The Witch and The Wardrobe*. This tale of fantasy fiction will appeal to children aged 7-11 years old.

The Japanification of Children's Popular Culture Mark I. West,2008-10-23 Godzilla stomped his way into American movie theaters in 1956, and ever since then Japanese trends and cultural products have had a major impact on children's popular culture in America. This can be seen in the Hello Kitty paraphernalia phenomenon, the popularity of anime television programs like Pokemon and Dragon Ball Z, computer games, and Hayao Miyazaki's award-winning films, such as Spirited Away and Princess Mononoke. The Japanification of Children's Popular Culture brings together contributors from different backgrounds, each exploring a particular aspect of this phenomenon from different angles, from scholarly examinations to recounting personal experiences. The book explains the interconnections among the various aspects of Japanese influence and discusses American responses to anime and other forms of Japanese popular culture.

It's up to Matthew, Alex, Zoe and Ellen – who form the Amazateers – to save the islander's children. They face the cursed maze and a beast that the islanders and animals call the Guardian. 'A huge hedge has grown around the island and the sun can't shine through. The problem is, it's spread into the island and now it forms a maze and we can't find the way to the centre.' Tourists at the Taj Tim Edensor, 2008-01-28 Clearly written and fascinatingly illustrated, *Tourists at the Taj* describes the conflicting narratives which surround the site. For some the Taj is an evocative symbol of the colonial past. For others it is a symbolic centre of Islamic power. For many of the thousands of tourists that visit it each year it is simply a monument of love. The author shows how tourism can be seen as a performance and the tourist site as a stage on which tourists are directed and rehearsed but also able to improvise their own cultural rituals.
