**Nazi Moonbase** Graeme Davis,2016-04-21 In the dying days of World War II, Nazi Germany spent increasingly large amounts of its dwindling manufacturing capability on the construction of a small fleet of flying saucers capable of travel beyond the atmosphere. While these saucers were too few in number to affect the eventual outcome of the war, they did allow for a small, but fanatical Nazi group to escape Germany, first to Antarctica, and then on to the moon! For the first time, the history of the Nazi space program has been revealed - with a focus on the design, construction, and layout of the moonbase. Using detailed maps, the entire moonbase is reconstructed, noting the locations of various important features, such as weapon emplacements, the Vrill generator, the air recyclers and water extractors. The book also covers the various attempt by the allies to overcome this last Nazi stronghold through both subterfuge and outright battle.

**Blue Eclipse Book I** Patrick Joseph,2020-11-12 A poetic story rhyme that is a compilation of scripted youthful times. Within these pages is a shard from a greater story that chronicles the legacy of characters meant for the entertainment, each individually purposed for a grand design. And as the wheels of fate turn, each character will play their part, unable to understand the greater role they partake in within the great theatrics of the world play. Each figure within this are pulled from historical sources, past and present, with subtle liberties to flesh out the true nature of their character. So as disparate destined paths cross into the other and intersect, the fiery ambition they possess will become their sword while the purity of their immortal soul will become their shield, individually designed to protect a sincere dream, while defending their outer shell from being torn away from this mortal coil. And as each soul delves beyond the grip of the unfamiliar of their opening acts, a threshold would demand to be crossed as they individually, with warm hearts and open minds, yearn for meaning, as they individually await a glimpse of their true purpose, escaping the confines of ephemeral restraints to push to a space that exists beyond sight.

**Project Mastodon** Simak Clifford D,2016-06-23 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. **The Grendel Project** Brent Kitching,2009-03-17 Most people live with the assumption that man is the high point of life on Earth. Our technologies and ingenious inventions give further credability to what seems so self evident. Yet there is a dark side to our progress. We are exploiting the planet and it is inevitable that many resources will run out. Could man evolve differently? Is there a higher being in each of us that needs to be honored? Can we only do this by cultivating a different part of our mind? Journey along with Professor Eric Parker as he encounters a revolutionary discovery, the missing link, and weaves a new meaning to the age old question of what it means to be fully human. Will Parker be able to escape the death threats of fundamentalist zealots? Will he be able to save this recently discovered species from extinction fabricated by those who reject the idea of evolution in favor of special creation ? Will Parker find a way to make his life a more sacred experience? See how one person's search for meaning can survive in a world of conventional answers.

**Project Loki Vol 3 Part 1** Akosiibarra, Menace. Misconception. Mendacity. Lorelei knows the truth about the man behind the shadows . . . or so it seems. After the shocking event at the abandoned building, the Q.E.D. Club is picking up the pieces in the hopes of being whole again. Loki is wounded. Jamie is traumatized. Alistair is in a coma. But recovery is not going to be that easy as an unseen yet familiar threat is looming over them. Again. Life goes on and cases, as usual, tend to follow the Q.E.D. Four. An "accidental" fire that consumed half of Tita Martha's apartment, rumors about the so-called agent of death in a hospital, a baffling murder in a beach resort. And who expects them to spend an afternoon with the mastermind they have been trying to take down? Amidst the sea of mysteries and misdirection, another thread of attempted deception is ripe for unraveling. Published by Psicom Publishing Inc

**Norse Mythology** ,2017 Introducing an instant classic--master storyteller Neil Gaiman presents a dazzling version of the great Norse myths. Neil Gaiman has long been inspired by ancient mythology in creating the fantastical realms of his fiction. Now he turns his attention back to the source, presenting a bravura rendition of the great northern tales. In Norse Mythology, Gaiman fashions primeval stories into a novelistic arc that begins

with the genesis of the legendary nine worlds; delves into the exploits of the deities, dwarves, and giants; and culminates in Ragnarok, the twilight of the gods and the rebirth of a new time and people. Gaiman stays true to the myths while vividly reincarnating Odin, the highest of the high, wise, daring, and cunning; Thor, Odin's son, incredibly strong yet not the wisest of gods; and Loki, the son of a giant, a trickster and unsurpassable manipulator. From Gaiman's deft and witty prose emerges the gods with their fiercely competitive natures, their susceptibility to being duped and to dupe others, and their tendency to let passion ignite their actions, making these long-ago myths breathe pungent life again.

**PROJECT KALKI VOL. 01** Arjun Gaiind,2014-01-12 The end of the world is upon us. War. Chaos. Famine. Suffering everywhere. As if things couldn't get worse, the remains of the Indian god Rama have been stolen, turning up in a lab in India with potentially disastrous results. Cloned from this mythic DNA comes a being, named Avatar, that develops into full manhood in a matter of days, and exhibits an unusual ability to transmit emotion as energy. But his powers are uncontrollable and he soon discovers that he's a destructive force unlike anything the world has ever seen. Masterminded by a diabolically evil figure, he was clearly 'born' to bring about the end of civilization. Destined to destroy the world, can Avatar make the right choice and save it instead?

PROJECT KALKI, Issue 2 Arjun Gaiind,2014-01-12 Dr. Bhalla's cloned creation of a mythological figure with the power to save - or end - the world finally ventures outside of the lab and into society, where he quickly realizes that the world is considerably more complicated than anticipated. Meanwhile, Dr. Bhalla finds herself at the mercy of one of the most dangerous men in history and at the center of a sinister conspiracy.

**Project X521** Sahil Sharma,2022-12-15 When a threat emerges from the shadows of Nazi Germany that even India's elite Special Forces fail to counter, an Intelligence Officer teams up with a Professor of Ancient sciences. Dr. Taran Grim, a young professor of occult studies, knows the written history of witches better than anyone in her field. And she should. She’s one of them. After a mysterious stranger arrives at her office inquiring about the mythical staff of Woden, Taran’s curiosity reveals a millennia-old prophesy directly tied to her. The answers wait in Bryden, England and the only person who can help her gain access to the hidden valley is the descendant of Ruhmactir, and a member of the shape-shifting Geri clan: Collens “Coll” Donovan. But the Donovans have secrets of their own, and Taran’s underdeveloped magic is wreaking strange havoc on her life. If she can’t manage her magic and strike a truce with Coll, they’ll fail to prevent the prophesied event known as Deireanhexe: the end of the hexen race.
