*Prop Building for Beginners* Eric Hart, 2021-04-18 *Prop Building for Beginners* outlines the basic concepts of prop building by featuring step-by-step instructions to create twenty of the most commonly featured items in theatrical and filmed productions. This book uses a combination of projects to expose readers to a wide range of materials and tools that they might find in a basic scenery or costume shop, serving both as a guide to building simple props and as a crash course in the variety of items a props person may have to build. The projects require a variety of tools, techniques, and materials so that a practitioner who completes all of them will have received a complete introduction to the basics of prop building. Assuming no previous knowledge of prop building, this is the perfect primer for students, hobbyists, or community theater enthusiasts looking to enter the prop shop. *Prop Building for Beginners* includes access to full-scale printable versions of the patterns featured in the book.

*The Prop Effects Guidebook* Eric Hart, 2017-12-06 In *The Prop Building Guidebook*, author Eric Hart demonstrated how to cut, glue, sculpt, and bend raw materials to build props. Now in *The Prop Effects Guidebook*, he shows us how to connect and assemble components and parts to make those props light up, explode, make noise, and bleed. It delves into the world of electricity, pneumatics, liquids, and mechanical effects to teach you how to make your props perform magic in front of a live audience. The book is complemented by a companion website featuring videos of how to create individual prop special effects: [www.propeffectsguidebook.com](http://www.propeffectsguidebook.com).

**The Stage Life of Props** Andrew Sofer, 2010-02-22 In *The Stage Life of Props*, Andrew Sofer aims to restore to certain props the performance dimensions that literary critics are trained not to see, then to show that these props are not just accessories, but time machines of the theater. Using case studies that explore the Eucharistic wafer on the medieval stage, the bloody handkerchief on the Elizabethan stage, the skull on the Jacobean stage, the fan on the Restoration and early eighteenth-century stage, and the gun on the modern stage, Andrew Sofer reveals how stage props repeatedly thwart dramatic convention and reinvigorate theatrical practice. While the focus is on specific objects, Sofer also gives us a sweeping history of half a millennium of stage history as seen through the device of the prop, revealing that as material ghosts, stage props are a way for playwrights to animate stage action, question theatrical practice, and revitalize dramatic form. Andrew Sofer is Assistant Professor of English, Boston College. He was previously a stage director.

**The Prop** Pete Hautman, 2007-11-01 National Book Award winner Pete Hautman delivers a fast-paced mystery set in the torrid, unforgiving Southwestern desert, where the stakes are sky high and all bets are off. Peeky Kane is a prop player at an Arizona casino owned by the Santa Cruz tribe. Her job is to play poker. She makes a handsome living off the suckers who populate the card room. Life is sweet. But something's not right at Casino Santa Cruz. When Peeky inadvertently finds herself in a fixed game and comes away a couple thousand dollars richer, she finds herself drawn unwittingly toward the dark side of professional poker. Peeky has always thought of herself as a straight shooter, but now things aren't so clear. And they're about to get a lot murkier. When a band of clown-masked robbers makes off with millions of the casino's dollars and leaves behind four corpses, Peeky recognizes one of the robbers as a casino employee, and fears that one of her closest loved ones might also be involved. That same day, Peeky's son-in-law turns up to tell her that Jaymie, her beloved daughter, has been stealing money from Peeky for years to feed a crack habit. Numb from these revelations, Peeky is compelled to action by an unlikely source when the most powerful member of the Santa Cruz tribe calls upon her to help him save his troubled casino. Peeky must draw on her years of reading poker faces and playing the odds to save the casino, her daughter, and herself.

**Design and Development of a Lightweight Recoverable Hydraulic Prop** Webster S. Anderson, 1967

**Show Me the Money!** Fred L. Reed, 2005 Movie Money is often one of the key factors in cinema plots. Characters on screen fight for it, lie for it, marry for it, steal it, counterfeit it, bet with it, burn it—just as many of us do in real life. But movie money, like its counterpart in the real world, is more than dollar signs and electronic blips on bank accounts. The green stuff must be seen, smelled, fondled and caressed. To fill that important role film after film, Hollywood's storytellers have produced a wealth of imitation greenbacks, which has become a diverse, colorful and eminently collectible series. Describing what is available, what is rare and what is valuable, the author demonstrates here just how graphically interesting these theatrical prop notes are in their own right. Based on ground-breaking research and interviews with insiders, including prop masters, set decorators and prop note masters themselves, this work catalogs and illustrates more than 270 types of motion picture and other theatrical prop money—including nearly 2,000 sub-varieties. A multitude of photographs and illustrations add to this unique study.
