Chef Paul Prudhomme's Seasoned America Paul

Prudhomme,2012-03-13 When one of America's most talented and best loved chefs reinterprets the great American classics, the result is Chef Paul Prudhomme's *Seasoned America*, a beautifully illustrated collection of American favorites made even better. In his new book, Chef Paul works his culinary magic on America's classic regional recipes--San Francisco cioppino, Texas chili, Maryland crab cakes, for example. The results are more than 150 recipes that represent a whole new way of interpreting traditional American cooking. Special sections encourage home cooks to experiment and take risks for the sheer taste of it. Some text and images that appeared in the print edition of this book are unavailable in the electronic edition due to rights reasons.

Chef Paul Prudhomme's Louisiana Kitchen Paul

Prudhomme,2012-03-13 Here for the first time, the famous food of Louisiana is presented in a cookbook written by a great creative chef who is himself world-famous. The extraordinary Cajun and Creole cooking of South Louisiana has roots going back over two hundred years, and today it is the one really vital, growing regional cuisine in America. No one is more responsible than Paul Prudhomme for preserving and expanding the Louisiana tradition, which he inherited from his own Cajun background. Chef Prudhomme's incredibly good food has brought people from all over America and the world to his restaurant, K-Paul's Louisiana Kitchen, in New Orleans. To set down his recipes for home cooks, however, he did not work in the restaurant. In a small test kitchen, equipped with a home-size stove and utensils normal for a home kitchen, he retested every recipe two and three times to get exactly the results he wanted. Logical though this is, it was an unprecedented way for a chef to write a cookbook. But Paul Prudhomme started cooking in his mother's kitchen when he was a youngster. To him, the difference between home and restaurant procedures is obvious and had to be taken into account. So here,

in explicit detail, are recipes for the great traditional dishes--gumbos and jambalayas, Shrimp Creole, Turtle Soup, Cajun Popcorn, Crawfish Etouffee, Pecan Pie, and dozens more--each refined by the skill and genius of Chef Prudhomme so that they are at once authentic and modern in their methods. Chef Paul Prudhomme's Louisiana Kitchen is also full of surprises, for he is unique in the way he has enlarged the repertoire of Cajun and Creole food, creating new dishes and variations within the old traditions. Seafood Stuffed Zucchini with Seafood Cream Sauce, Panted Chicken and Fettucini, Veal and Oyster Crepes, Artichoke Prudhomme--these and many others are newly conceived recipes, but they could have been created only by a Louisiana cook. The most famous of Paul Prudhomme's original recipes is Blackened Redfish, a daringly simple dish of fiery Cajun flavor that is often singled out by food writers as an example of the best of new American regional cooking. For Louisianians and for cooks everywhere in the country, this is the most exciting cookbook to be published in many years.

Don "The Snake" Prudhomme: My Life Beyond the 1320

Elana Scherr, Don Prudhomme, 2020-10-16 Don The Snake Prudhomme reveals for the first time ever his incredible life and career on and off of the drag strip.

Imagine spending a year with Don The Snake Prudhomme, having coffee together and talking about his life, his racing, his friends, and his family. He'd tell you about how he rose from being a high school drop-out who was painting cars to a respected Top Fuel dragster driver and successful businessman. You'd hear how he toured the country with Tommy Ivo and The Hawaiian Roland Leong, racing all the legends from Big Daddy Don Garlits to The Golden Greek [Chris] Karamesines. He'd say how he met Tom McEwen and recall how they became the Snake and the Mongoose, leading to a career in Funny Cars that netted him four championships in a row. He'd talk about the thrill of first wins and

owning his own teams but also the struggles of bad seasons, crashes and fires, broken parts, and broken contracts. Along the way, he'd speak about the people in his life, such as engine-builder Keith Black and NHRA president Wally Parks, and those who were killed in the wild and unpredictable sport of nitro racing. It wouldn't be only racing, though. Prudhomme would share lessons he learned about business and life from such varied sources as a neighbor in Granada Hills to Ford GT40 driver Dan Gurney. He also would talk about the importance of family: how his wife, Lynn, and daughter, Donna, changed his world and how finding out about his African-American roots opened his eyes to a culture and inheritance he'd always wanted. This is the experience you'll get in *Don The Snake Prudhomme: My Life Beyond the 1320*.

Chef Paul Prudhomme's Fork in the Road Paul

Prudhomme, 2012-03-13 Chef Paul Prudhomme, America's most innovative chef, invites you to take a Fork in the Road, a journey toward a different way of cooking. If your goal is to produce great-tasting, flavorful dishes that everyone will enjoy, yet are still good for you, then this is the cookbook for you! Chef Paul's new book offers not only recipes but a model for anyone who wants to modify his or her cooking to minimize the use of less healthful ingredients, yet retain the rich taste and texture that make them so delicious. For instance, he uses puréed dried beans and reduced fruit juices to create viscosity and enhance flavors. Both add an enormous amount of richness with virtually no fat. Chef Paul provides you with specific recipes to show you how these ingredients work, and encourages you to try them with all your favorite dishes. To make rich, flavorful sauces and gravies for great-tasting meat, poultry, or fish—without a drop of oil, butter, shortening, or other fat—he has developed recipes in which dry flour is browned before adding it to the dish. And he always tells you to start with a hot pan, so you can bronze, or caramelize, an ingredient without any added fat. These techniques will make all your food taste better—new recipes as well as your favorite

standbys. Perhaps the most exciting portion of this book is the chapter on Magic Brightening Broths. These delicious broths are based upon defatted stocks, and get extra goodness from carefully balanced seasonings that enhance but don't overwhelm the flavors of foods cooked in them. Chef Paul envisions that once you've discovered how easy and enjoyable Magic Brightening is, you and your friends and family will want to cook this way several times a month. From breads and breakfasts, through main and side dishes, to desserts and snacks, Chef Paul has streamlined his favorite recipes. He's taken out as much fat as possible, leaving the texture, the richness, and the taste for which he's famous. This is not a diet book, but one dedicated to healthful ways to cook. Some text and images that appeared in the print edition of this book are unavailable in the electronic edition due to rights reasons.

While newspapers are focused on the tense political landscape in Europe, Paris' dark alleys are stained with the blood of clochards and prostitutes. When Prudhomme investigates the latest crime scene, he soon realizes that unbeknownst to Clairmont a greater threat lurks behind the homicides.

My Life in France Julia Child, Alex Prud'homme, 2006-04-04
NATIONAL BESTSELLER • Julia's story of her transformative years in France in her own words is captivating ... her marvelously distinctive voice is present on every page." (San Francisco Chronicle). Although she would later singlehandedly create a new approach to American cuisine with her cookbook *Mastering the Art of French Cooking* and her television show *The French Chef*, Julia Child was not always a master chef. Indeed, when she first arrived in France in 1948 with her husband, Paul, who was to work for the USIS, she spoke no French and knew nothing about the country itself. But as she dove into French culture, buying food at local markets and taking classes at the Cordon Bleu, her life changed forever with her newfound passion for cooking and teaching. Julia's unforgettable story—struggles with the head of the Cordon Bleu, rejections from publishers to whom she sent her now-famous cookbook, a wonderful, nearly fifty-year long marriage that took the Childs across the globe—unfolds with the spirit so key to Julia's success as a chef and a writer, brilliantly capturing one of America's most endearing personalities.

France is a Feast Katherine Pratt,Alex Prud'homme,2017-10-10

From the coauthor of *My Life in France*, a revealing collection of photographs taken by Paul Child that document his and Julia Child's years in France Through intimate and compelling photographs taken by her husband Paul Child, a gifted photographer, *France is a Feast* documents how Julia Child first discovered French cooking and the French way of life. Paul and Julia moved to Paris in 1948 where he was cultural attaché for the US Information Service, and in this role he met Henri Cartier-Bresson, Robert Capa, Brassai, and other leading lights of the photography world. As Julia recalled: "Paris was wonderfully walkable, and it was a natural subject for Paul." Their wanderings through the French capital and countryside, frequently photographed by Paul, would help lead to the classic *Mastering the Art of French Cooking*, and Julia's brilliant and celebrated career in books and on television. Though Paul was an accomplished photographer (his work is in the collection of the Museum of Modern Art), his photographs remained out of the public eye until the publication of Julia's memoir, *My Life in France*, in which several of his images were included. Now, with more than 200 of Paul's photographs and personal stories recounted by his great-nephew Alex Prud'homme, *France is a Feast* not only captures this magical period in Paul and Julia's lives, but also brings to light Paul Child's own remarkable photographic achievement.
