Intrusive Partners - Elusive Mates Stephen J.

Betchen,2013-08-21 When two people form a relationship or marry, they begin to move towards one another with the expectation of closeness. The emotionality or intensity that accompanies this process, however, may result in fusion followed by a desperate need for space or distance.

Intrusive Partners - Elusive Mates is the first book to deal exclusively with the pursuer-distancer interaction, and to focus significant attention on the emerging male pursuer-female distancer dynamic. This book revisits Fogarty's work, traces the concept over time and across different professional fields, and discusses in detail the concepts correlation with gender issues and social change. A detailed, step-by-step model of treatment to aid in de-escalating this potentially problematic style is also offered. The model in and of itself is unique because it integrates psychoanalytic conflict theory and psychodynamic systems theory into one treatment approach. This book is intended to offer the therapist a model for understanding and effectively discussing this dynamic, while at the same time allowing couples to read and explore it on their own.

The Pursuer James Clayton Welch,2014-07-11

Michael Kintner is on the run. As the sole survivor of the bombing of the Sistine Chapel where the pope and hundreds of others were killed during a disastrous war between Islam and Christianity, Kintner is already plagued with radiation sickness. Now he is being sought for the destruction of the Grand Mosque in Mecca and the murder of tens of thousands of civilians. While Kintner stealthily moves across the desert, he knows that if he does not continue to outsmart his enemies, he will surely die. The intelligence organizations of France and the United States, along with the conservative Muslim group, the Wahabi, all

want, for their own reasons, to apprehend and execute Kintner. But he is not the archetypical war criminal?Kintner is a Jesuit priest and the head of a new Catholic military order. As he desperately attempts to start a new life with the help of his new friend, eighteen-year-old Maggie Morales, Kintner is not afraid of being caught by his pursuers'but instead by something else more terrible by far. In this political thriller, a heroic priest must fight for his beliefs'and his life'amid the aftermath of a bloody struggle between a newly-formed Catholic order and the terrorists of the world.

The Pursuer Eva Shaw, 2023-09-19 The War may be over, but secrets linger. While World War II has been over for two years, its horrors linger within society, and chance encounters expose the still-festering wounds. Like most Americans, Beatrix Patterson and her husband Thomas Ling are trying to accept the past in order to focus on the future and a family. Despite her desire for a quiet life, Beatrix must become a pursuer of truth once again when asked to expose suspected war criminals who may have killed thousands, a diabolical scheme to rob Indigenous Americans of their relics, and a person practicing voodoo as a means to murder a respected member of the Santa Barbara religious community. Who can she trust to speak

the truth when everyone involved seems to be hiding something that could ruin their lives? Each book in the Beatrix Patterson Mysteries is written as a stand-alone. Readers do not need to read every book in the series to follow along. Order of Books in the Beatrix Patterson Mysteries: 1. The Seer 2. The Finder 3. The Pursuer
