L. Jon Wertheim

Rafa Rafael Nadal, John Carlin, 2011-08-23 In his memoir, written with award-winning journalist John Carlin, tennis star Rafael Nadal reveals the secrets of his game and shares the inspiring personal story behind his success. What makes a champion? What does it take to be the best in the world at your sport? Rafael Nadal has the answers. It begins in Mallorca, where the tight-knit Nadal family has lived for generations. Coached by his uncle Toni from the age of four and taught humility and respect by his parents, Nadal has managed the uncommon feat of becoming an acclaimed global celebrity while remaining a gracious, hardworking role model for people in all walks of life. Now he takes us behind the scenes, from winning the Wimbledon 2008 final -- described by John McEnroe as the greatest game of tennis he had ever seen -- to the family problems that brought him low in 2009 and the numerous injuries that have threatened his career. With candor and intelligence, Nadal brings readers on his dramatic and triumphant journey, never losing sight of the prize he values above all others: the unity and love of his family. From RAFA: During a match, you are in a permanent battle to fight back your everyday vulnerabilities, bottle up your human feelings. The more bottled up

they are, the greater your chances of winning, so long as you've trained as hard as you play and the gap in talent is not too wide between you and your rival. The gap in talent with Federer existed, but it was not impossibly wide. It was narrow enough, even on his favorite surface in the tournament he played best, for me to know that if I silenced the doubts and fears, and exaggerated hopes, inside my head better than he did, I could beat him. You have to cage yourself in protective armor, turn yourself into a bloodless warrior. It's a kind of self-hypnosis, a game you play, with deadly seriousness, to disguise your own weaknesses from yourself, as well as from your rival.

Rafa Nadal Dominic Bliss,2022-07-05 **Rafa Nadal - The King of the Court** is an illustrated biography of one of tennis' all time greats and winner of an historic 21 Grand Slam titles - a telegenic, charismatic sportsman with worldwide appeal.

Rafa Nadal Dominic Bliss,2022-05-24 This book is the complete guide to one of the greatest tennis players of the 21st century, winner of 22 grand slam men's singles titles, and undisputed King of the tennis court, Spain's raging bull, Rafael Nadal. This fully illustrated biography charts his journey to the top, from his early days being coached by his uncle Toni in Mallorca

and dreaming of being a professional footballer, through his early tournament career, turning professional, his first senior ATP win, first grand slam win at Roland Garros, first Wimbledon win and first Olympic gold medal and record breaking 21st Grand Slam win. Written by Dominic Bliss, a veteran tennis journalist who has followed Nadal's career closely both on and off the court, this biography tracks Rafa's journey from painfully shy pin-up boy to senior statesman on the ATP Tour who continues to conquer worldwide, most recently claiming his 14th Roland Garros and 22nd Grand Slam title at the French Open in June 2022. Structured around 10 key matches in his long career, it takes readers from his first national junior championship win at age 14 (when he played with the pain of a broken finger on his racquet hand) through to his 21st Grand Slam title in January 2022, where he came back from two sets down to defeat Daniil Medvedev in an epic 5-set match. From his need for water bottles to be arranged 'a certain way' on the court, to his charity work raising \$17 million to help the Red Cross' efforts to support those impacted by the coronavirus pandemic, this book examines every angle of Rafa as a human being, a model athlete, a serial winner. This definitive work on one of tennis' all time greats is not to be missed!

Roger Federer and Rafael Nadal Sebastián Fest, 2018-07-10

Since 2004, two names have dominated men's tennis: Rafael Nadal and Roger Federer. Each player is legendary in his own right. The Spanish Nadal is the winner of sixteen Grand Slam titles, including five consecutive French Open singles titles from 2010-2014, and is the only player ever to win a Grand Slam for ten straight years. Federer, from Switzerland, has spent over three hundred weeks of his career ranked as the number-one player in the world and has won twenty Grand Slam titles and two Olympic medals. But neither player's career would have been nearly as successful without the decade-long rivalry that pushed them to rise to the peak of tennis excellence. Nadal and Federer have met thirty-eight times over the course of their careers, and have shared the distinction of being ranked the two best players in the world for an astounding six years in a row from 2005-2009. In *Roger Federer and Rafael Nadal*, international sports journalist Sebastian Fest uses information gleaned from his numerous interviews with both players over the last decade to narrate the rivalry, and its impact not only on the players, but on the sport itself. Documenting their respective wins and losses, hopes and disappointments, and relationships with their rivals, Fest formulates a unique biography of

two of the greatest players of tennis. Rafael Nadal Tom Oldfield, 2010-06 Spanish tennis legend
Rafael Nadal was 19 years and two days old when he won the 2005 French Open in his very first appearance at the event. A left-hander with a booming forehand, Nadal had been known as a clay-court specialist since playing his first pro tournaments in 2001. His aggressive style, flowing hair, and muscular build have made him a fan favorite as well. He won his first singles title in 2004, and had a breakout season in 2005, winning at Monte Carlo, Rome, Barcelona, and Stuttgart as well as at Roland Garros. He won the French Open again in 2006, 2007, and 2008, defeating rival Roger

Federer in the final each time. In 2008 he broke through at Wimbledon, beating Federer to win the men's singles title in a spectacular fashion. Here is his unbelievable story.

Rafael Nadal Geoffrey M. Horn,2006 Presents a short biography of Rafael Nadal, and chronicles his childhood and rise to become one of the youngest tennis superstars in the world.

Nadal - The Biography Matt & Tom Oldfield,2014-06-05 Every sport has its superstars, but there is a small, elite group reserved for those who truly transcend their sport. Entering 2014 as the world number one, with 13 Grand Slam titles to his name, Rafael Nadal belongs in this group.Nadal's tennis journey began in his native Mallorca as a three-year-old and he quickly emerged as a natural, surging into the top 50 of the world rankings by the age of 16.Originally considered a clay-court specialist, he quickly showed he was much more than that. While he continues to make Roland Garros his second home, the Spaniard has also captured the Wimbledon, Australian Open and US Open crowns, completing the full set of Grand Slams in 2010.From his 2008 marathon against Roger Federer at Wimbledon to his classic semi-final victory over Novak Djokovic at the 2013 French Open, Nadal never disappoints on the big stage. His oncourt brilliance is only matched by his off-

court humility. And, at 28, there is plenty more to come. So long as he stays clear of the persistent knee injuries that have haunted him, the Spaniard is on pace to finish his career as the greatest player of all-time. This book is the ultimate look at Nadal's rise to the top.

Strokes of Genius L. Jon Wertheim, 2009-06-01 The executive editor of Sports Illustrated offers an in-depth analysis and behind-the-scenes look at the historic 2008 match between tennis titans. In the 2008 Wimbledon men's final, Centre Court was a stage set worthy of Shakespearean drama. Five-time champion Roger Federer was on track to take his rightful place as the most dominant player in the history of the game. He just needed to cling to his trajectory. So, in the last few moments of daylight, Centre Court witnessed a coronation. Only it wasn't a crowning for the Swiss heir apparent but for a swashbuckling Spaniard. Twenty-two-year-old Rafael Nadal prevailed, in five sets, in what was, according to the author, "essentially a four-hour, forty-eight-minute infomercial for everything that is right about tennis—a festival of skill, accuracy, grace, strength, speed, endurance, determination, and sportsmanship." It was also the encapsulation of a fascinating rivalry, hard fought and of historic proportions. In the tradition of

John McPhee's classic *Levels of the Game*, *Strokes of Genius* deconstructs this defining moment in sport, using that match as the backbone of a provocative, thoughtful, and entertaining look at the science, art, psychology, technology, strategy, and personality that go into a single tennis match. With vivid, intimate detail, Wertheim re-creates this epic battle in a book that is both a study of the mechanics and art of the game and the portrait of a rivalry as dramatic as that of Ali–Frazier, Palmer–Nicklaus, and McEnroe–Borg. “Definitely touches on all the defining factors of contemporary tennis.” —San Francisco Chronicle “Illuminates a kingdom changing hands. An engrossing book.” —Bud Collins

Rafael Nadal: the Inspiring Story of One of Tennis' Greatest Legends Clayton Geoffreys, 2017-12-10 Learn the Inspiring Story of One of Tennis' Greatest Legends, Rafael Nadal! Read on your PC, Mac, smartphone, tablet or Kindle device. This holiday season, if you buy the print edition as a gift, you can keep the Kindle edition for yourself! In *Rafael Nadal: The Inspiring Story of One of Tennis' Greatest Legends*, you will learn the incredible story of one of tennis' best players, Rafael Nadal. For the last two decades, three men have dominated the game of tennis: Roger Federer, Novak Djokovic, and Rafael Nadal. Nadal will likely go down as the

greatest clay-court player to ever grace the court. At the time of this writing, Nadal is just 31 years-old, meaning he will likely have a few years of his career left to capture more grand slams. In this unauthorized biography, we'll explore Nadal's journey to becoming one of the all-time greats, and learn what it has taken him to reach where he is today. Here is a preview of what is inside this book:

Early Life and Childhood Junior Years and Early Career Teenage Years and Early Pro Career Nadal's First Grand Slam Title, the 2005 French Open Nadal's Rise to Stardom Nadal's All-Time Rivals Nadal's Personal Life Rafael Nadal's Legacy

An excerpt from the book: In the early part of the 21st century, Spain has provided the world with two significant contributions to the sports world. One lasted for nearly a decade, and the second continues to amaze as he enters the twilight of his career. The first is the Spanish national soccer team, who revolutionized the way the game is played thanks to their tiki-taka style of quick passing in triangles, emphasis on possession, and intelligent runs into space that stretched opposing defenses. A group of stars led by Andres Iniesta, Xavi, Gerard Pique, Sergio Ramos and many others had an unprecedented amount of success as they bracketed a 2010 World Cup title with European Championship crowns in both 2008

and 2012. The aesthetic beauty of the tiki-taka in which players feint and move in rapid succession as the ball is effortlessly caressed around the pitch is a stark contrast to the violent beauty of Spain's other notable sports export, tennis star Rafael Nadal. A naturally talented yet self-made player, Nadal has turned one of the hardest-hit two-handed shots in the game into a cottage industry of success. His 15 Grand Slam titles are second all-time to arguably the greatest player in the sport's history and his generational peer Roger Federer. His unrivaled dominance of the clay-court surface, highlighted by his record 10 French Open titles, did not just harken the names of Bjorn Borg and Mats Wilander to tennis historians. They also fall in line without debate behind the man known as Rafa, a spitfire of energy who punctuates his key points with a fist pump and a cry of Vamos! In a period when men's tennis was blessed with three of its greatest players, here is the story of the man who not only challenged greatness but became great himself in the process. This is the story of Rafael Nadal Parera.
