A Systematic Approach to Voice Kari Ragan,2020-04-20 A Systematic Approach to Voice: The Art of Studio Application is a professional resource presenting a framework for the integration of science-informed principles of voice production and pedagogical application in the training of singers. Author Dr. Kari Ragan has spent years using this organizational template of the five voice systems—respiration, phonation, registration, articulation, and resonance—to identify technical challenges and design corrective vocal exercises in order to facilitate efficient singing. Each of the voice system chapters contains a brief overview of the mechanics as well as key points for teachers, or “teacher takeaways.” The book’s core offering is vocal exercises which, framed within a systematic approach, provide strategies for the art of studio application. The intent is an approach that leads to technically proficient singing working in service of great artistry. Key Features: * Over 85 vocal exercises for studio application framed within a systematic approach for both a CCM and classical aesthetic * Brief overview of the mechanics of each voice system and relevant “teacher takeaways” * Extensive discussion on semi-occluded vocal tract (SOVT) exercises * Introduction of several kinesthetic singing tools * Eight sample warm-up protocols designed for various levels of singers and both CCM and classical genres * Video demonstrations for each vocal exercise and sample warm-up

Sam Ragan Lewis Bowling,2019 This book details one of North Carolina's most famous poets, Sam Ragan. As editor of The News and Observer in Raleigh and The Pilot in Southern Pines, he made his mark in those fields, and also taught writing at North Carolina State University. For most of his career, Ragan traveled the state, moderating poetry and writing events, such as the annual Writers Roundtable. He made hundreds of speeches about literature and promoted North Carolina literary happenings. He was chosen as North Carolina Poet Laureate in 1982, a post he held until his death in 1996. As Secretary of Cultural Resources in the early 1970s, he used the position to promote arts throughout the state. He contributed to the formation of the North Carolina Writers Network in 1985. This book tells the story of Sam's life through his poetry, those who knew him, and his letters and diary entries--

Ragan's Song L. A. Remenicky,2014-10-24 It only took one look into his eyes for her to know she was in trouble. Adam Bricklin has heard the melody in his head for years, the melody that told him if a decision was right or wrong. When he met Ragan Newlin the song told him she was the one. He was devastated when circumstances tore them apart. It has taken three years for Adam to finally move past the heartbreak he suffered when Ragan left town in the middle of the night. No note, no email, no text. She was just gone. Now he has a new girlfriend, a new album in the works, and his daughter is doing well in school. Until the day Ragan returned to Fairfield Corners. Ragan came home to celebrate her parent's anniversary hoping they would forgive her for not telling them about her marriage or her son. When she discovered that Adam was still living in Fairfield Corners she hoped her secrets were safe; secrets that drove her away three years ago, secrets that could change their lives forever.

Too Long a Solitude James Ragan,2014-10-22 A new collection from the world-renowned lyricist Acclaimed American poet James Ragan begins this newest collection of poems by asking whether “a rope could swing us / long and light across a widening trough / of all that fails us in our lives.” With these very first lines, Ragan draws readers into his world of vivid metaphor and evocative imagery, a world tinged with an aching sense of loss born of “a mind bereaved by solitude.” Yet if Ragan needs solitude to construct his poems, we are inspired to join him. In *Too Long a Solitude*, he takes us on far-flung journeys from equatorial jungles to Arctic icebergs and from heartbreaking loneliness to ecstatic human connection. Readers become travelers, with Ragan their insightful guide. “Ragan’s fine-grained poems move us through a remarkable range of total dexterity,” says poet C. K. Williams, and a strong streak of Wordsworthian nature-worship runs through the book. In “Bowing Trees,” this contemporary lyricist sings of saplings tending “to their ground as if the space were an altar.” His itinerant attention focuses in turn on the hills of London, rural roads in Belgium, and a garden wall in Vienna. Some journeys have the specificity of a scene witnessed (a Paris alley that might have entranced Picasso); others are journeys of the mind (a ride caught on an ice floe heading north out of Hudson Bay). *Too Long a Solitude* migrates from isolation to communion. Beginning alone on an iceberg, we eventually find ourselves at one with a lover in a moonlit vale. As solitude lifts and the journey ends, the poet finds he need no longer travel to find solace. But we’re glad, all the same, to have shared the journey with him.

Sample Book Insights: #1 Sensing a deceased pet is a common experience, but it is rarely talked about. It is a true spiritual gift. It is normal to feel your pet sitting or lying in the bed beside you. #2 Pets allow us to feel their presence to teach us that physical death is not the end of who we are. They also teach us that it is possible to continue to build our relationships with the people we love.

Cultivating Reality Ragan Sutterfield,2013-04-02 We are, at our base, humus-beings. Our lives are dependent upon the soil and we flourish when we live in this reality. Unfortunately, we have been a part of a centuries-long push to build a new tower of Babel--an attempt to escape our basic dependence on the dirt. This escape has resulted in ecological disaster, unhealthy bodies, and broken communities. In answer to this denial, a habit of mind formed from working close with the soil offers us a way of thinking and seeing that enables us to see the world as it really is. This way of thinking is called agrarianism. In *Cultivating Reality*, Ragan Sutterfield guides us through the agrarian habit of mind and shows Christians how a theological return to the soil will enliven us again to the joys of creatureliness.

Separated Soul Shaene Ragan,2016-10-06 When Feline, the High Sorcerer, tries to locate the spirit of his sister sorceress, Porpoise, he is shocked to discover that her soul has been split in two. Half of her lives as an undead dark witch on the northern moors, while the other is a sorceress who rises and sets with the light of Phoebe Artemis. To unite the two halves of his old friend, Feline must himself take on two identities and carefully weave a web of influence. First, he becomes a cunning cat and charms his way into the dark witch's trust. He also becomes a sorcery tutor, claiming to be of the vanished Elf Nation, to whisper in the ear of the Moon's foster child. Just as he begins to think his plan will succeed, his task becomes more difficult when the two sides of Porpoise take opposite positions on the lives of the Romanized Celts and the Saxons after the Romans abandon the area. With both the soul of his friend and the lives of countless mortals in the mix, he must tread carefully to avoid a catastrophe. To make matters worse, an extraterrestrial parapsychologist begins to stalk him from the astral plane, making him realize that his actions may have consequences far beyond their little island. *Separated Soul* is grand in scale and rich in unique characters. Drawing from pre-Celtic mythology and history, it ties the mundane and fantastical together into a complex and compelling narrative of operatic proportions.
