Nelson's Band of Brothers Captain Peter Hore, 2015-05-20 While there is a perennial interest in the Royal Navy during the Napoleonic wars and in Nelson himself, there is no reference work that chronicles all the captains of his ships, their social origins, their characters and the achievements in their lives beyond their service under Nelson. This new book, researched and written by distinguished historians, descendants of some of Nelson's officers, and members of the 1805 Club, presents concise biographies of those officers who fought with Nelson in his three great battles, with superb colour illustration throughout. Nelson first gave the name of 'band of brothers' to the officers who had commanded ships of his fleet at the battle of the Nile (1798). This new volume will include 100 officers, ranging from lieutenants in command of gunboats at the battle of Copenhagen (1801) through captains of line-of-battle ships at the Nile and at Trafalgar (1805), to admirals in command of squadrons in his fleets. Of real significance are the specially commissioned photographs of all the monuments and memorials to Nelson's captains, descriptions with transcriptions of epitaphs, and clear directions to enable the readers to find them. Part travel book, part biography and moving testimony to Nelson's faithful captains, Nelson's band of Brothers presents the opportunity to rediscover 100 local heroes.

Reelin' in the Years Mark Radcliffe, 2011-05-12 When Mark Radcliffe was born in the late 1950s, Britain was trying to find its own version of the dangerously sexy Elvis ... we gave the world Cliff Richard but by the time Mark was old enough to recognise pop songs on the radio, the UK was exploding into the world's most exciting place to be for a young music fan. In this, his eagerly awaited new book, Mark Radcliffe takes a record from each year of his life, using the song as a starting point from which to reach out and pull together a wonderfully entertaining catalogue of memories and asides about British culture. And, as one would expect from this unique and popular broadcaster, the tunes he lists are not the usual suspects. From The Kinks' 'See My Friends', through Slade's 'Coz I Luv You' to Kraftwerk's 'Europe Endless' and Joy Division's 'Atmosphere', Mark's selections bring forth a diverse collision of styles from eras uniquely defined by their musical genres and fashions. Bringing his choices right up to the present day, we see the inclusion of artists such as Richard Hawley, Elbow and Fleet Foxes. Mark's hugely entertaining and affectionate trawl through his favourite music of the past 50 years is guaranteed to surprise and delight his many fans.

The Sand Creek Massacre Stan Hoig, 2013-02-27 Sometimes called The Chivington Massacre by those who would emphasize his responsibility for the attack and The Battle of Sand Creek by those who would imply that it was not

a massacre, this event has become one of our nation's most controversial Indian conflicts. The subject of army and Congressional investigations and inquiries, a matter of vigorous newspaper debates, the object of much oratory and writing biased in both directions, the Sand Creek Massacre very likely will never be completely and satisfactorily resolved. This account of the massacre investigates the historical events leading to the battle, tracing the growth of the Indian-white conflict in Colorado Territory. The author has shown the way in which the discontent stemming from the treaty of Fort Wise, the depredations committed by the Cheyennes and Arapahoes prior to the massacre, and the desire of some of the commanding officers for a bloody victory against the Indians laid the groundwork for the battle at Sand Creek.

Victory Through Harmony Christina L. Baade,2013-10 This book tells the fascinating story of the BBC's participation in the events of World War II through popular music and jazz broadcasting. Author Christina Baade argues that rather than providing the soundtrack for a unified People's War as its popular broadcast Victory through Harmony promised to do, the BBC's popular music broadcasting efforts exposed the divergent ideologies, tastes, and perspectives of the nation.

Sounds of War Annegret Fauser,2013-05-03 What role did music play in the United States during World War II? How did composers reconcile the demands of their country and their art as America mobilized both militarily and culturally for war? Annegret Fauser explores these and many other questions in the first in-depth study of American concert music during World War II. While Dinah Shore, Duke Ellington, and the Andrew Sisters entertained civilians at home and G.I.s abroad with swing and boogie-woogie, Fauser shows it was classical music that truly distinguished musical life in the wartime United States. Classical music in 1940s America had a ubiquitous cultural presence--whether as an instrument of propaganda or a means of entertainment, recuperation, and uplift--that is hard to imagine today, and Fauser suggests that no other war enlisted culture in general and music in

particular so consciously and unequivocally as World War II. Indeed, the day after the attack on Pearl Harbor, Group Theatre director Harold Clurman wrote to his cousin, Aaron Copland: So you're back in N.Y. . . ready to defend your country in her hour of need with lectures, books, symphonies! Copland was in fact involved in propaganda missions of the Office of War Information, as were Marc Blitzstein, Elliott Carter, Henry Cowell, Roy Harris, and Colin McPhee. It is the works of these musical greats--as well as many other American and exiled European composers who put their talents to patriotic purposes--that form the core of Fauser's enlightening account. Drawing on music history, aesthetics, reception history, and cultural history, *Sounds of War* recreates the remarkable sonic landscape of the World War II era and offers fresh insight to the role of music during wartime.
