RayGun Richards and The Sands of SIN Curtis L Fong,2016-04-07 He is an adventurer of extraordinary talents. He is brave, ruthless, chivalous, charming with a heart of gold. He is RayGun Richards. He is on a new adventure.

Ray Gun Marvin Scott Jarrett,2019-05-14 This exclusive volume presents the best features and radically designed pages of the 1990's most uncompromising document of alternative music, style, and pop culture. Founded in 1992, Ray Gun was the only magazine wherein a die-hard culture seeker could find information on alternative music and the street-inspired style that really mattered. Punk rock had torn pop music to shreds and created a hunger for an original lifestyle beyond mainstream culture, and Ray Gun was its graphic chronicler: across its pages blasted a visual feast made up of era-defining artists such as Sonic Youth or Iggy Pop, music-inspired art, and a complete redefinition of sartorial style. The magazine's original art director, David Carson, and his peers who followed, created an entirely new visual culture that shattered the limitations of graphic design. Ray Gun was as radical as the lifestyle it reported on, deeply committed to visually representing an alternative culture as a new way of seeing and being in the world. With over 200 full-color photographs, *Ray Gun: The Bible of Music and Style* gathers the most outrageous pages from the magazine that helped to shape the '90s. This epic anthology features exclusive photographs and articles on rock legends such as R.E.M., Henry Rollins, Jane's Addiction, The Pixies, Dinosaur Jr., U2, Marilyn Manson, Smashing Pumpkins, Nine Inch Nails, Mudhoney, Pearl Jam, Bjork, Morrissey, PJ Harvey, Beastie Boys, Soundgarden, Beck and an exclusive interview with David Bowie.

Ray Gun Eugene W. Metcalf, Jr., Frank Maresca, 2005-04-01 Toy ray guns conjure a wealth of meanings & associations. Their outlandish shapes & fanciful colors evoke fond childhood memories of Buck Rogers & Captain Video, of backyard spaceships that blasted off for the endless reaches of space. Toy ray guns are intended to protect us from our deepest fears of the dark unknown. The first toy ray guns were produced in the 1930s, part of the Buck Rogers craze that swept the U.S. This volume provides an intro. to the development of these toys, with vivid color photos of ray guns & their ephemera, such as ads, movie posters, comics, badges & buttons, up to the 1970s, when the toy space guns made in America, Europe & Japan were replaced by high-tech electronic ray guns made in China.

Rayguns and Rocketships Rian Hughes, 2021-12 Rayguns and rockets! Spacesuited dames caught in the tentacles of evil insectoid aliens! Who could resist such wonders? Science fiction paperbacks exploded over the 1940s and '50s literary landscape with the force of an alien gamma bomb. Titles such as *Rodent Mutation!*, *Beyond the Galaxy*, *Dawn of the Mutants* and *Mushroom Men from Mars* appeared from fly-by-night publishers making the most of the end of postwar paper rationing. They were brash and seductive - for a shilling the future was yours. Despite the punishing deadlines and poor pay, the books' cover artists managed to produce artworks of multihued, brain-bending brilliance, and collected here is some of the best of their output during an unparalleled period of brash optimism and opportunism in book publishing. Beware the space fiend!
