The Creation of RB Leipzig. Authentic Identity Or Self-deception? Martin Wenzl,2016-10 This book examines a five-year old football club from Leipzig which was founded by Red Bull for marketing reasons. Because the audience's interest is surprisingly high, the motivation for the attendance of those fans has been investigated. To identify the degree of affiliation of Leipzig fans with the club, the SSIS has also been examined. In a survey both online and at the stadium 223 football fans have been interviewed to give their opinion on RB Leipzig. In order to approach the core topic, the literature review considers sport sponsoring, identity based team brand management and team identification.

The Best of the Big Red Running Backs Lincoln Journal Star,1998-09 In this book, Cornhusker fans will be able to relive the exploits of the greatest Nebraska players of all time and how they led NU to championship after championship. The key to football's option offence is the running back, and Nebraska has had more than its share of great ball carriers. You'll read about the Huskers' fabulous 1-2 punch of Lloyd Cardwell and Sam Francis in 1935; 'Mr Touchdown' Bobby Reynolds, who starred in the early 1950s; diminutive fullback Frank Solich, who eventually became NU's head coach.

The first part introduces the organization and gives background information about why the topic was chosen and who the New York Red Bulls are. The second part is a SWOT analysis about the organization to see where they are doing well and where there are weaknesses in the organization. Next is an introduction to the strategy of the organization. This includes their vision, goals, objectives and culture. This is necessary because the next part is a introduction from other clubs and their strategy and what the Red Bulls can learn from their strategies. The outcome of the paper is that there are many different areas where the New York Red Bulls should create new strategies or work on their current ones. This paper only focuses on the branding of the organization and the popularity. It shows that there are some deficits in the ways of the communication with the community and also the advertisement for the games and events is not the best. There are a few opportunities what they can do to make this situation better and bring more people in to the stadium and make the brand more popular.

Wings of Change Karan Tejwani,2020-11-09 Wings of Change is the story of how the world's biggest energy drinks company made its mark in football. After years of success in beverages and extreme sports, Red Bull took over their local club, SV Austria Salzburg, controversially changing its name, crest, colors, and history. While Red Bull were going strong, they faced a backlash from supporters who claimed they were damaging the integrity of the sport. Angry displays were seen at the ground and fans formed a phoenix club to honor the history of their former team. Similar projects soon followed in New York, Leipzig, S  o Paulo, and Sogakope and again provoked hostility. Within a few years, Red Bull had captured the attention of the footballing world, developing an exciting line of talent across the globe. Now an

established force in football, Red Bull's two most successful teams, RB Salzburg and RB Leipzig, are more prominent than ever. This book reveals how Red Bull changed the game, exploring their successes, controversies, and innovations.
