The Crab Man George Van Rossem,2020-06-12 A young college student is learning to become a crab fisherman. She finds work as an apprentice working for the local crab fisherman. Unbeknownst to her, her employer is hiding a deadly secret that will lead her into a trap.

The Red Crab Conspiracy George Putney,2000-11 The Red Crab Conspiracy, a fast paced action-mystery, explains how our society has been shaped by the scientific and technological advances of the pivotal two decades at the end of the 20th century. Set on John Boxford's 400 acre aquatic farm on Boston's North Shore, his son Roger and his Japanese fiancée Atoki are critically injured by the Celline brothers. After Atoki dies, Roger, his cousin Kurt - a Harvard biology professor, Atoki's father - an international technology broker, and John's boyhood friend Dante Ferrante - a wealthy entrepreneur, plot a high tech revenge based on cutting edge biotechnology. The Red Crab Conspiracy explores the scientific and technological origins of genetic engineering and cloning, and shows how modern genetics is having an overwhelming impact on international business, medicine, religion, psychology and psychiatry. This novel was written in the early 1980s but not published until nearly twenty years later; amazingly, all of the predictions that were made then have come to pass including the cause of AIDS, its treatment, and the genetic basis of human behavior. Like Michael Crichton, Robin Cook, and Aldous Huxley before them, George Putney is a unique visionary able to expertly weave science, medicine, and technology with first-rate fiction. The Red Crab Conspiracy is a must read for anyone who strives to understand the forces that have created our modern world.

This dusting of glory as she folds those wings to all will fade of health and ever lost.All the diamonds in the deep was for something far more akin to this darkness as below the rotting wood lay two forgotten children.

Their teeth and claws having dug out a hole so vast and unforgiving where both did shimmer and fold to the mirrored image of this existence. Moth winged and scattered to the former destruction of the bog whereas under flesh gave to this skin a city of incredible make. Surrene tried but she could not bring him from the pull as the bow string took row after row of the taller shields, sand then crawling up the massive frame as to an eagle in flight would mark away this bird only to pluck her son from the coming dark. A dream slow to open as only one more overlapped this fall back into the abyss.
