RedDevil 4 Eric C. Leuthardt,2014-02-04 RedDevil 4 is spine-tingling techno-thriller based on cutting edge research from surgeon and inventor Eric C. Leuthardt. Renowned neurosurgeon Dr. Hagan Maerici is on the verge of a breakthrough in artificial intelligence that could change the way we think about human consciousness. Obsessed with his job and struggling to save his marriage, Dr. Maerici is forced to put his life's work on the line when a rash of brutal murders strikes St. Louis. Edwin Krantz, an aging, technophobic detective, and his partner, Tara Dezner, are tasked with investigating the horrifying killings. Shockingly, the murders have all been committed by prominent citizens who have no obvious motives or history of violence. Seeking an explanation for the suspects' strange behavior, Krantz and Denzer turn to Dr. Maerici, who believes that the answer lies within the killers' brains themselves. Someone is introducing a glitch into the in-brain computer systems of the suspects—a virus that turns ordinary citizens into murderers. With time running out, this trio of unlikely allies must face a gauntlet of obstacles, both human and A.I., as they attempt to avert disaster. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

He has no purpose and nothing to live for or so the voices tell him. The Red Devils hide the pain, but the pills are quickly turning against him.Voices chant of his demise. They're telling him to use the gun in his hand and end it all. Ben wanders the night in search for answers while the Red Devils burn his world into a twisted fantasy of good and evil. As the night progresses the Red Devils release their poison and Ben's mind swells with pain and anger. The revolver in his hand pulses with a wicked energy. By the end of the darkness, he may just use the gun on himself. At least it would make the voices stop; it would make the pain stop, too. How had it come to this? Why had he become the victim of so many pointless misfortunes? But Tanner is not alone. He is being chased by a gang of dark and vicious characters who wish him harm, but there are others-those who mean him well. They stand beside him and battle for his broken soul before the Red Devil's take over and it is too late. Red Devil of the Range Max Brand,2022-11-22 Red Devil of the Range by Max Brand is about Ever Winton, and the powerful and indomitable horse, Red Pacer. Ever must figure out how to get his uncle and the Red Pacer back before the wild west swallows them whole forever. Excerpt: AT the table in the Winton ranch house sat three men and a woman. All the men were more or less formidable outside the house, but inside it they were all in fear of that one woman. Ned Winton feared his wife a little more than did his twenty-year-old son, Everard.

The Red Devil Battery Sign Tennessee Williams,1988 This book is William's symbol for the military-industrial complex and all the dehumanizing trends it represents from mindless cocktail party chatter to bribery of officials to assassination plots directed against those who won't play the game, to attempted coups by right-wing zealots.

The Red Devil Katherine Russell Rich,2000 When Katherine Russell Rich was 32, a newly divorced magazine editor living in New York City, her 10-year ordeal with cancer began. Soon she was bald, scrambled, and living in two worlds simultaneously: the world of the ill, of treatments, exhaustion, and doctors focused on avoiding malpractice suits; and the normal world, where dating, career, vacations, and 401(k) plans still mattered. Dazzling in its writing, The Red Devil is alternately wise and wise-cracking -- it is the story of a woman who has been brought to her knees several times, only to get up and learn to dance.

Red Devils over the Yalu Igor Seidov,Stuart Britton,2014-03-19 The Korean War (1950-1953) was the first - and only - full-scale air war in the jet age. It was in the skies of North Korea where Soviet and American pilots came together in fierce aerial clashes. The best pilots of the opposing systems, the most powerful air forces, and the most up-to-date aircraft in the world in this period of history came together in pitched air battles. The analysis of the air war showed that the powerful United States Air Force and its allies were unable to achieve complete superiority in the air and were unable to fulfill all the tasks they'd been given. Soviet pilots and Soviet jet fighters, which were in no way inferior to their opponents and in certain respects were even superior to them, was the reason for this. The combat experience and new tactical aerial combat tactics, which were tested for the first time in the skies of Korea, have been eagerly studied and applied by modern air forces around the world today. This book fully discusses the Soviet participation in the Korean War and presents a view of this war from the opposite side, which is still not well known in the West from the multitude of publications by Western historians. The reason for this, of course, is the fact that Soviet records pertaining to the Korean War were for a long time highly classified, since Soviet air units were fighting in the skies of North Korea incognito, so to speak or even more so to write about this was strictly forbidden in the Soviet Union right up to its ultimate collapse. The given work is in essence the first major work in the post-Soviet era. First published in a small edition in Russian in 1998, it was republished in Russia in 2007. For the first time, the Western reader can become acquainted with the most detailed and informative work existing on the course of the air war from the Soviet side, now in English language. The work rests primarily on the recollections of veterans of this war on the so-called 'Red' side - Soviet fighter pilots, who took direct part in this war on the side of North Korea. Their stories have been supplemented with an enormous amount of archival documents, as well as the work of Western historians. The author presents a literal day-by-day chronicle of the aerial combats and combat work of Soviet fighter regiments in the period between 1950 and 1953, and dedicates this work to all the men on both sides who fought and died in the Korean air war.

Among Righteous Men Matthew Shaer,2011-12-27 Inside the hidden world of Hasidic Jews in Brooklyn's Crown Heights--a close-knit but divided community. On a cold night in December, the members of a Hasidic anti-crime patrol called the Shomrim are summoned to a yeshiva dormitory in Crown Heights. There to break up a brawl, the Shomrim instead find themselves embroiled in a religious schism which has split the community and turned roommate against roommate, neighbor against neighbor. At the center of the storm is Aron Hershkop, the owner of an auto-repair business and the leader of the Shomrim. Hershkop watches as the NYPD builds a criminal case against his brothers and friends, apparently with the help of several local residents, who have taken the rare step of forgoing a ruling from the local rabbinical council. Soon, both sides are squaring off in a Brooklyn criminal court, with the Shomrim facing gang assault charges and decades in prison. What conflict could run so deep it left both sides airing their dirty laundry so publicly? This compelling story takes you to the deepest corners of a normally hidden world. Features fast-paced writing and a true story with surprising twists, personal conflicts, and a tense trial Offers a glimpse in a normally sheltered and private community many see, but few know much about. Centers on an unusual man facing a universal conflict: do you do what's simple and expedient, or do you do follow our heart, your tradition, and your faith?

Devil Red Joe R. Lansdale,2017-01-12 Meet Hap and Leonard, the unlikely detective duo now on screen in the highly praised series starring James Purefoy, Michael K. Williams and Christina Hendricks. If there's one thing Hap Collins and Leonard Pine like, it's trouble - and they especially

like getting paid to find it. So when their friend and sometime boss Marvin Harmon asks the boys to look into a cold-case double homicide, they're happy to oblige. It turns out that both victims were set to inherit some serious money, and one of them ran with an honest-to-goodness vampire cult. The more closely Hap and Leonard look over the crime scene photos, the more trouble they see. The image of a red devil's head is painted on a tree. A little research turns up a slew of murders with that same fiendish signature. And if things aren't weird enough, Leonard has taken to wearing a deerstalker cap... Will this be the case that finally sends Hap over the edge?

Devil in the Red Dress Abigail Rieley,2015-01-07 Ireland has been gripped by the story of a housewife from County Clare who, when her millionaire partner refused to marry her, googled a hitman and arranged to have him killed. Over the course of almost two months, the story of Lyingeyes and Hire _hitman unfolded in a flurry of emails. The website, hitmanforhire.net might have looked amateurish and carried a disclaimer but it attracted serious interest. One person who was interested was Sharon Collins, the ‘devil in the red dress’.
