Validation HJ Pang,2022-08-15 Xiao Shiong led a mediocre existence, studying for a degree he hated. One day, his violent junkie father was released from prison but immediately returned to his old ways, beating his wife for not properly welcoming him back. When Xiao Shiong confronted him outside, his father attempted to kill him, stabbing himself in the process. After his father's death, Xiao Shiong read countless online news comments praising the one that killed his addict father. Enlivened by the support, Xiao Shiong took on the superhero identity of Red Puma. Dian Nao, a university friend who does projects for the government surveillance system pieced together the identity of Red Puma. He offered to help Xiao Shiong track criminals down through the nationwide network. Xiao Shiong couldn't deny the good vibes he felt when people on his online feed congratulated him for his deeds. One day, Xiao Shiong managed to access Dian Nao's unattended laptop. There, he discovered Dian Nao was earning revenue from Xiao Shiong's exploits by mining online user accounts. Xiao Shiong discovered most of the user comments online were actually negative, with Dian Nao manipulating them to keep Xiao Shiong motivated. Tired of being betrayed by those he'd trusted, Xiao Shiong ended his partnership with Dian Nao. Shortly after, he received a call from Red Lion. An ex-commando turned fitness-blogger, Red Lion took up his own superhero identity to play copycat to Xiao Shiong's popularity online and offline. Enraged that his cop brother got killed, Red Lion warned Xiao Shiong that if he didn't show up to a televised one-on-one fight on a national landmark, Dian Nao whom he recently kidnapped, would die in a live-internet streaming broadcast. Xiao Shiong has to decide whether to risk his life and freedom in trying to save the friend who'd betrayed him. It was a difficult choice that all heroes eventually face; to protect oneself, or others who depend on them. Validation explores the inadequacy felt when we are unable to live up to the expectations of society. It also explores the phenomenon of people turning to the internet for instant gratification and validation for their actions, getting virtual shares and likes that ultimately mean nothing.

Knights of the Lion: a Call to Arms Joseph Arthur Petrimoulx,2014-01-09 In the year 2125, the state of Michigan is under martial law. Street gangs and organized crime syndicates have gotten so deadly in their feuds that people are afraid to leave their homes. But a five man team under the leadership of local businessman Jonathan Allen Warwick is about to make their debut under the new LION law (League of Independent Operators Network).

Gourmet of Another World 1 Anthology Li Hongtian, In a fantasy world where martial artists can split mountains and creeks with a wave of their hand and break rivers with a kick, there exists a little restaurant like this. The restaurant isn't large, but it is a place where countless apex existences will rush into. There, you can taste egg-fried rice made from phoenix eggs and dragon blood rice. There, you can drink strong wine brewed from vermillion fruit and water from the fountain of life. There, you can taste the barbecued meat of a ninth grade supreme beast sprinkled with black pepper. What? You

want to abduct the chef? That's not going to happen, because there's a tenth grade divine beast, the Hellhound, lying at the entrance. Oh, that chef also has a robotic assistant that killed a ninth grade supreme being with a single hand and a group of crazy women whose stomachs were conquered.

Science Fiction & Fantasy Short Stories H. G. Wells,2017-11-30 Wondrous worlds abound in the stories within. Heroes go on great adventures through magical realms, encounter alien races, and use their ingenuity to overcome impossible difficulties. From Robert E. Howard's thrilling stories of Conan the Barbarian to Nathaniel Hawthorne's subtle tale The Artist of the Beautiful, the power of the imagination is breathtaking. The settings range from the frozen wastes of Antarctica to the red plains of Mars. Themes of space travel, apocalypse, magic, and power permeate these stories, but at their heart, as with all good fiction, are the characters - who remain as human as you or I. During the 19th century many writers such as Nathaniel Hawthorne and Ambrose Bierce, tried their hand at fantasy and science fiction, but few fully devoted themselves to the genre. It took two men to change this: H. G. Wells and Robert E. Howard. Wells was a founder of the science fiction genre whose novels The Time Machine and The War of the Worlds established him as one of the greatest writers of the time. Howard was nearly as influential on the fantasy genre, as his character Conan the Barbarian has remained immensely popular for generations. In the early 20th century, fantasy and science fiction truly established themselves in the pulp magazines. Writers like Charles B. Stilson, John York Cabot, and Harry Gore Bishop struggled to make a living even though they wrote prolifically for these magazines. The literary landscape as we know it today was established through the writing of these devoted individuals. This collection features several of the premier writers of speculative fiction. Authors include: W. L. Alden Robert Barr Ambrose Bierce Harry Gore Bishop John York Cabot Nictzin Dyalhis Francis Flagg George Griffith Nathaniel Hawthorne Robert E. Howard Kenneth Morris William Morris Charles B. Stilson H. G. Wells
