Red Scorpion Peter Sasgen,2012-04-15 The USS Rasher had an extraordinary record in World War II: she sank 18 enemy ships and destroyed 99,901 tons--the second highest tonnage of the war. Her fifth war patrol is the stuff of legends. In August 1944 during a single night surface attack on a Japanese convoy off the Philippines, she sank the escort carrier Taiyo and three marus, and later during that same patrol she sank another ship. Reading more like a novel than an operational history, this book covers all aspects of the Rasher's combat history in a way that both the general reader and veteran submariner will appreciate. Author Peter Sasgen is the son of a Rasher crew member, and from his father's perspective he follows the sub from the builder's way through eight action-packed patrols to war's end. His richly detailed descriptions of submarine operations include lively commentary by former shipmates and excerpts from patrol reports along with a close examination of patrol procedures, communications, life guarding, and other topics rarely covered in such detail. Sasgen also explores the essence of submarine combat--aggressive leadership--and its role in the Rasher's success.

Sometimes it's better to let sleeping dogs lie, or rather.... sleeping scorpions.The Red Scorpion is a haunted house suspense novel with a supernatural twist. Engaging entertainment with meaningful life lessons. There are some things we really should be afraid of.

Nasty, Brutish, and Short Mark Totten,2012-03-27 An expert takes us inside the dark world of gangs in Canada. Dr. Mark Totten has spent fifteen years learning all about these gangs and the young men and women who belong to them. He has interviewed over 500 gang members across the country, traced their lives from infancy to adulthood, and explored the roots of their involvement in crime and their reliance on violence. *Nasty, Brutish and Short* offers a groundbreaking picture of the reality of gangs in Canada. Much of what Dr. Totten has to say is at odds with popular ideas. His research leads him to believe that breaking through the circumstances that produce young criminals is far more difficult than most people think. For most individuals caught up in gang life, exiting that world is next to impossible -- in fact, the most common way out is an early death from violence or suicide. This book opens the door on a way of life unknown to most Canadians.
