

Remains

Sue Black

Remains Andrew Cull,2019-07-19 Grief is a black house. How far would you go? What horrors would you endure if it meant you might see the son you thought you'd lost forever? Driven to a breakdown by the brutal murder of her young son, Lucy Campbell had locked herself away, fallen deep inside herself, become a ghost haunting room 23b of the William Tuke Psychiatric Hospital. There she'd remained, until the whispering pulled her back, until she found herself once more sitting in her car, calling to the son she had lost, staring into the black panes of the now abandoned house where Alex had died. Tonight, someone is watching her back.

Everything That Remains Joshua Fields Millburn,Ryan Nicodemus,2014-01-05 What if everything you ever wanted isn't what you actually want? Twenty-something, suit-clad, and upwardly mobile, Joshua Fields Millburn thought he had everything anyone could ever want. Until he didn't anymore. Blindsided by the loss of his mother and his marriage in the same month, Millburn started questioning every aspect of the life he had built for himself. Then, he accidentally discovered a lifestyle known as minimalism...and everything started to change. That was four years ago. Since, Millburn, now 32, has embraced simplicity. In the pursuit of looking for something more substantial than compulsory consumption and the broken American Dream, he jettisoned most of his material possessions, paid off loads of crippling debt, and walked away from his six-figure career. So, when everything was gone, what was left? Not a how-to book but a why-to book, *Everything That Remains* is the touching, surprising story of what happened when one young man decided to let go of everything and begin living more deliberately. Heartrending, uplifting, and deeply personal, this engrossing memoir is peppered with insightful (and often hilarious) interruptions by Ryan Nicodemus, Millburn's best friend of twenty years.

The Book of what Remains Benjamin Alire S enz,2010 Presents a collection of poems focusing on the border between the United States and Mexico.

Strength in What Remains Tracy Kidder,2010-05-04 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Los Angeles Times • San Francisco Chronicle •Chicago Tribune • The Christian Science Monitor • Publishers Weekly In *Strength in What Remains*, Tracy Kidder gives us the story of one man's inspiring American journey and of the ordinary people who helped him, providing brilliant testament to the power of second chances. Deo arrives in the United States from Burundi in search of a new life. Having survived a civil war and genocide, he lands at JFK airport with two hundred dollars, no English, and no contacts. He ekes out a precarious existence delivering groceries, living in Central Park, and learning English by reading dictionaries in bookstores. Then Deo begins to meet the strangers who will change his life, pointing him eventually in the direction of Columbia University, medical school, and a life devoted to healing. Kidder breaks new ground in telling this unforgettable story as he travels with Deo back over a turbulent life and shows us what it means to be fully human. NEW YORK TIMES BESTSELLER • Named one of the Top 10 Nonfiction Books of the year by Time • Named one of the year's "10 Terrific Reads" by O: The Oprah Magazine "Extraordinarily stirring . . . a miracle of human courage."—The Washington Post "Absorbing . . . a story about survival, about perseverance and sometimes uncanny luck in the face of hell on earth. . . . It is just as notably about profound human kindness."—The New York Times "Important and beautiful . . . This book is one you won't forget."—Portland Oregonian

The Remains Vincent Zandri,2024-03-01 The Amazon Editor's Pick! WHEN THE SECRET TO YOUR LIFE OR DEATH IS BURIED INSIDE A PAINTING... It's been thirty years since the terrifying abduction of twin sisters Rebecca and Molly Underhill by a deranged man who lived in a cabin behind their house in upstate New York. Fearful of retribution against their family, the girls kept the incident secret. Rebecca, now a painter and art teacher, and alone since Molly died of cancer, suddenly begins getting strange and anonymous text messages—the first with just her name. Is Molly trying to communicate with her? Not possible, thinks Rebecca, who's never believed in God or an afterlife. And it couldn't be their attacker from so many years ago; he was imprisoned for a similar crime at about that same time. Surely, he'd still be in jail or dead by now—wouldn't he? But things get stranger. Rebecca's art student Francis, an autistic savant, gives her a series of paintings he's done. Rebecca, with increasing dread, realizes the sequence of scenes depicted in the paintings match the nightmares she's had every night since the horrific ordeal three decades earlier. How could Franny know? Is it a ghostly warning of some kind? Unnerved, Rebecca spills the whole frightening account of the abduction to her ex-husband and friend, Michael, who, dismayed by the story, vows to help sort out the mysterious texts and disturbing series of paintings. What happens next is a frightening rollercoaster ride that builds up to a soul-shattering climax that will leave the reader checking the locks on their doors and windows... From New York Times and USA Today bestselling ITW Thriller and PWA Shamus Award winning author Vincent Zandri comes a spellbinding novel that hit the Overall Amazon No. 1 spot! For readers of Gyllian Flynn, Stephen King, Michael Connelly and more. When you finish this one, immediately pick up *The Ashes*, the bestselling sequel! Scroll up to grab your thrilling copy now! What the critics are saying: The story of Vincent Zandri is the story of our times. --Business Insider Vincent Zandri hails from the future. --The New York Times "Sensational . . . masterful . . . brilliant." --New York Post Gritty, fast-paced, lyrical and haunting. --Harlan Coben, New York Times bestselling author of *Six Years Tough*, stylish, heartbreaking. --Don Winslow, New York Times bestselling author of *Savages* and *Cartel*. Zandri is a heck of a storyteller. You won't want to stop reading just to see what happens next, --Bookreporter Riveting...(a) chilling tale of obsessive love. --Publishers Weekly

The Beauty of What Remains Steve Leder,2023-01-03 The national bestseller From the author of the bestselling *More Beautiful Than Before* comes an inspiring book about loss based on his most popular sermon. As the senior rabbi of one of the largest synagogues in the world, Steve Leder has learned over and over again the many ways death teaches us how to live and love more deeply by showing us not only what is gone but also the beauty of what remains. This inspiring and comforting book takes us on a journey through the experience of loss that is fundamental to everyone. Yet even after having sat beside thousands of deathbeds, Steve Leder the rabbi was not fully prepared for the loss of his own father. It was only then that Steve Leder the son truly learned how loss makes life beautiful by giving it meaning and touching us with love that we had not felt before. Enriched by Rabbi Leder's irreverence, vulnerability, and wicked sense of humor, this heartfelt narrative is filled with laughter and tears, the wisdom of millennia and modernity, and, most of all, an unfolding of the profound and simple truth that in loss we gain more than we ever imagined.

Recovery, Analysis, and Identification of Commingled Human Remains Bradley J. Adams,John E. Byrd,2008-02-23 Commingling of human remains presents an added challenge to all phases of the forensic process. This book brings together tools from diverse sources within forensic science to offer a set of comprehensive approaches to handling commingled remains. It details the recovery of commingled remains in the field, the use of triage in the assessment of commingling, various analytical techniques for sorting and determining the number of individuals, the role of DNA in the overall process, ethical considerations, and data management. In addition, the book includes case examples that illustrate techniques found to be successful and those that proved problematic.

What Remains Carole Radziwill,2007-06-05 The author traces her life and marriage to Anthony Radziwill, President Kennedy's nephew, in an account that describes her work as a journalist, her friendship with JFK, Jr., and his wife, and her husband's struggle with terminal cancer.

The Remains of the Day Kazuo Ishiguro,2010-07-15 BOOKER PRIZE WINNER • From the winner of the Nobel Prize in Literature, here is "an intricate and dazzling novel" (The New York Times) about the perfect butler and his fading, insular world in post-World War II England. This is Kazuo Ishiguro's profoundly compelling portrait of a butler named Stevens. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the great gentleman, Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's greatness, and much graver doubts about the nature of his own life.

The Beauty That Remains Ashley Woodfolk,2019-03-12 Told from three diverse points of view, this story of life and love after loss is one Angie Thomas, the #1 New York Times bestselling author of *The Hate U Give*, believes will stay with you long after you put it down. We've lost everything . . . and found ourselves. Loss pulled Autumn, Shay, and Logan apart. Will music bring them back together? Autumn always knew exactly who she was: a talented artist and a loyal friend. Shay was defined by two things: her bond with her twin sister, Sasha, and her love of music. And Logan has always turned to writing love songs when his real love life was a little less than perfect. But when tragedy strikes each of them, somehow music is no longer enough. Now Logan can't stop watching vlogs of his dead ex-boyfriend. Shay is a music blogger who's struggling to keep it together. And Autumn sends messages that she knows can never be answered. Despite the odds, one band's music will reunite them and prove that after grief, beauty thrives in the

people left behind. Woodfolk's debut cuts deeply, and then wipes your tears away. Wrenching, heartfelt, and vividly human. --Becky Albertalli, author of *Simon vs. the Homo Sapiens Agenda*

Mourning Remains Isaías Rojas-Perez, 2017-08-01 *Mourning Remains* examines the attempts to find, recover, and identify the bodies of Peruvians who were disappeared during the 1980s and 1990s counterinsurgency campaign in Peru's central southern Andes. Isaías Rojas-Perez explores the lives and political engagement of elderly Quechua mothers as they attempt to mourn and seek recognition for their kin. Of the estimated 16,000 Peruvians disappeared during the conflict, only the bodies of 3,202 victims have been located, and only 1,833 identified. The rest remain unknown or unfound, scattered across the country and often shattered beyond recognition. Rojas-Perez examines how, in the face of the state's failure to account for their missing dead, the mothers rearrange senses of community, belonging, authority, and the human to bring the disappeared back into being through everyday practices of mourning and memorialization. *Mourning Remains* reveals how collective mourning becomes a political escape from the state's project of governing past death and how the dead can help secure the future of the body politic.

What Remains Sally Mann, 2003-09-23 Internationally acclaimed photographer Sally Mann offers a five-part meditation on mortality.

The Remains Steve Niles, 1904-01-01 When the world goes mad, a blackjack dealer and an exotic dancer are mysteriously spared. But now they're trapped in Reno, surrounded by a veritable army of the undead - and with no idea what might wait for them beyond the city limits if they can escape. Are they the last man and woman on Earth? And if so, how long can they last?

The Steel Remains Richard K. Morgan, 2009-01-20 A dark lord will rise. Such is the prophecy that dogs Ringil Eskiath—Gil, for short—a washed-up mercenary and onetime war hero whose cynicism is surpassed only by the speed of his sword. Gil is estranged from his aristocratic family, but when his mother enlists his help in freeing a cousin sold into slavery, Gil sets out to track her down. But it soon becomes apparent that more is at stake than the fate of one young woman. Grim sorceries are awakening in the land. Some speak in whispers of the return of the Aldrain, a race of widely feared, cruel yet beautiful demons. Now Gil and two old comrades are all that stand in the way of a prophecy whose fulfillment will drown an entire world in blood. But with heroes like these, the cure is likely to be worse than the disease.

The Royal Remains Eric L. Santner, 2012-03-15 The king is dead. Long live the king! In early modern Europe, the king's body was literally sovereign—and the right to rule was immediately transferrable to the next monarch in line upon the king's death. In *The Royal Remains*, Eric L. Santner argues that the carnal dimension of the structures and dynamics of sovereignty hasn't disappeared from politics. Instead, it migrated to a new location—the life of the people—where something royal continues to linger in the way we obsessively track and measure the vicissitudes of our flesh. Santner demonstrates the ways in which democratic societies have continued many of the rituals and practices associated with kingship in displaced, distorted, and usually, unrecognizable forms. He proposes that those strange mental activities Freud first lumped under the category of the unconscious—which often manifest themselves in peculiar physical ways—are really the uncanny second life of these royal remains, now animated in the body politic of modern neurotic subjects. Pairing Freud with Kafka, Carl Schmitt with Hugo von Hofmannsthal, and Ernst Kantorowicz with Rainer Maria Rilke, Santner generates brilliant readings of multiple texts and traditions of thought en route to reconsidering the sovereign imaginary. Ultimately, *The Royal Remains* locates much of modernity—from biopolitical controversies to modernist literary experiments—in this transition from subjecthood to secular citizenship. This major new work will make a bold and original contribution to discussions of politics, psychoanalysis, and modern art and literature.

What Remains Sarah E. Wagner, 2019-11-05 Winner of the 2020 Victor Turner Prize in Ethnographic Writing Nearly 1,600 Americans are still unaccounted for and presumed dead from the Vietnam War. These are the stories of those who mourn and continue to search for them. For many families the Vietnam War remains unsettled. Nearly 1,600 Americans—and more than 300,000 Vietnamese—involved in the conflict are still unaccounted for. In *What Remains*, Sarah E. Wagner tells the stories of America's missing service members and the families and communities that continue to search for them. From the scientists who work to identify the dead using bits of bone unearthed in Vietnamese jungles to the relatives who press government officials to find the remains of their loved ones, Wagner introduces us to the men and women who seek to bring the missing back home. Through their experiences she examines the ongoing toll of America's most fraught war. Every generation has known the uncertainties of war. Collective memorials, such as the Tomb of the Unknowns in Arlington National Cemetery, testify to the many service members who never return, their fates still unresolved. But advances in forensic science have provided new and powerful tools to identify the remains of the missing, often from the merest trace—a tooth or other fragment. These new techniques have enabled military experts to recover, repatriate, identify, and return the remains of lost service members. So promising are these scientific developments that they have raised the expectations of military families hoping to locate their missing. As Wagner shows, the possibility of such homecomings compels Americans to wrestle anew with their memories, as with the weight of their loved ones' sacrifices, and to reevaluate what it means to wage war and die on behalf of the nation.

Immortal Remains Stephen E. Braude, 2003 Do you believe in ghosts? Chances are you're either too willing, or not willing enough, to believe that personal consciousness survives after bodily death. Some underestimate the evidence for life after death, not realizing how impressive the most convincing cases are. Others overestimate it, rejecting alternative explanations too readily. In fact, several non-survivalist explanations—hidden or latent linguistic or artistic talents, extreme memory, even psychic abilities—are as interesting as the hypothesis of survival, and may be more plausible than their critics realize. *Immortal Remains* takes a fresh look at some of the most puzzling cases suggesting life after death, and considers how to tell evidence for an afterlife from evidence for exotic things (including psychic things) done by the living. Author Stephen E. Braude, who has done extensive research in parapsychology and dissociation, explores previously ignored issues about dissociation, creativity, linguistic skills, and the nature and limits of human abilities. He concludes that we have some reason, finally, for believing in life after death.

Animal Remains Sarah Bezan, Robert McKay, 2021-11-29 The dream of humanism is to cleanly discard of humanity's animal remains along with its ecological embeddings, evolutionary heritages and futures, ontogenies and phylogenies, sexualities and sensualities, vulnerabilities and mortalities. But, as the contributors to this volume demonstrate, animal remains are everywhere and so animals remain everywhere. Animal remains are food, medicine, and clothing; extractive resources and traces of animals' lifeworlds and ecologies; they are sites of political conflict and ontological fear, fetishized visual signs and objects of trade, veneration, and memory; they are biotechnological innovations and spill-over viruses. To make sense of the material afterlives of animals, this book draws together multispecies perspectives from literary criticism and theory, cultural studies, anthropology and ethnography, photographic and film history, and contemporary art practice to offer the first synoptic account of animal remains. Interpreting them in all their ubiquity, diversity, and persistence, *Animal Remains* reveals posthuman relations between human and non-human communities of the living and the dead, on timescales of decades, centuries, and millennia.

All That Remains Sue Black, 2019 Sue Black confronts death every day. As Professor of Anatomy and Forensic Anthropology, she focuses on mortal remains in her lab, at burial sites, at scenes of violence, murder and criminal dismemberment, and when investigating mass fatalities due to war, accident or natural disaster. In *All That Remains* she reveals the many faces of death she has come to know, using key cases to explore how forensic science has developed, and what her work has taught her. Do we expect a book about death to be sad? Macabre? Sue's book is neither. There is tragedy, but there is also humour in stories as gripping as the best crime novel. Our own death will remain a great unknown. But as an expert witness from the final frontier, Sue Black is the wisest, most reassuring, most compelling of guides.--Amazon.com.

The Family Remains Lisa Jewell, 2022-08-09 INSTANT NEW YORK TIMES BESTSELLER "Other authors are at a ten out of ten, for me, and Lisa is a solid hundred." —Gillian McAllister, *The Sunday Times* (London) bestselling author of *Wrong Place Wrong Time* The #1 New York Times bestselling author Lisa Jewell weaves a "simply masterful" (Samantha Downing, internationally bestselling author) thriller about twisted marriages, fractured families, and deadly obsessions in this standalone sequel to *The Family Upstairs*. Early one morning on the shore of the Thames, DCI Samuel Owusu is called to the scene of a gruesome discovery. When Owusu sends the evidence for examination, he learns the bones are connected to a cold case that left three people dead on the kitchen floor in a Chelsea mansion thirty years ago. Rachel Rimmer has also received a shock—her husband, Michael, has been found dead in the cellar of his house in France. All signs point to an intruder, and the French police need her to come urgently to answer

questions about Michael and his past that she very much doesn't want to answer. After fleeing London thirty years ago in the wake of a horrific tragedy, Lucy Lamb is finally coming home. While she settles in with her children and is just about to purchase their first house, her brother takes off to find the boy from their shared past whose memory haunts their present. As they all race to discover answers to these convoluted mysteries, they will come to find that they're connected in ways they could have never imagined. In this masterful standalone sequel to her haunting New York Times bestseller *The Family Upstairs*, "Lisa Jewell is a superb writer at the top of her game" (Karin Slaughter, New York Times bestselling author) with another jaw-dropping, intricate, and affecting novel about the lengths we will go to protect the ones we love and uncover the truth.
